TIMED AGENDA ITEMS

BOB HIIVALA – AUDITOR/TREASURER

Approve October Revenue/Expenditure Budget Report

Hiivala said there was a transfer allocation of salaries in October. Hiivala said there was a reduction in the placeholder in the 01-100 category for Unallocated Personnel Services. There are also new line items in Department 100, such as Transfer to Road & Bridge and Transfer to Health & Human Services. He said these items were levied as part of the General Fund levy. Sawatzke moved to approve the October Revenue/Expenditure Budget Report. Daleiden seconded, and the motion carried 5-0.

Approve Transfer from General Fund to Capital Projects Fund in the Amount of \$3,430,000

Hiivala said the County Board approved the Capital Improvement Plan (CIP) at their last meeting. Today his request is for a motion to transfer \$3,430,000 from the General Fund to the Capital Projects Fund to cover projects identified during the CIP process. Borrell moved to approve the transfer of \$3,430,000 from the General Fund to the Capital Projects Fund, seconded by Husom. The motion carried unanimously.

Approve Revised Procurement Policy.

Hiivala said the County Board approved the Procurement Card Policy (Policy) in November of 2014. A redlined copy of the Policy was included in today's meeting packet. Part of the revision involved removing information that will be included in a separate manual for card holders.

Hiivala said the County is on a State Contract with US Bank, which offers the best terms. Hiivala said the Procurement Card program will empower Departments to purchase items more easily. He is working with County Coordinator Lee Kelly to determine when Purchase Orders will be required. Hiivala said he and Kelly also need to decide whether to blend the original 1986 Purchasing Policy and the new Procurement Card Policy, or adopt a new Purchasing Policy that references the Procurement Card Policy.

Procurement Cards may not be used to purchase items for personal use. Potter said Department Heads must monitor purchases, and ensure that the required documentation for each purchase is submitted. Hiivala said that large vendors will automatically disallow unauthorized purchases. However, he said if the vendor doesn't submit the details of the purchase to the credit card company, that information will not be available to the County. Hiivala said they have asked US Bank to allow the County to limit the types of purchases made with the Procurement Cards. Hiivala said Department Heads will request a daily credit limit from the Auditor/Treasurer's Department for individual employees, as well as indicate what items or services may be purchased.

There was discussion about how travel expenses would be handled. Sawatzke asked Hiivala to make sure the Procurement Card Policy is consistent with the current Purchasing Policy regarding reimbursement of travel expenses. Hiivala said there will be an in-house review process for all purchases, as well as signed statements by cardholders regarding adhering to the Policy. Borrell moved to approve the revised Procurement Card Policy, seconded by Daleiden. The motion carried 5-0.

ITEMS FOR CONSIDERATION**MILEAGE REIMBURSEMENT RATE FOR 2016 (KELLY)**

Kelly said the County's mileage reimbursement rate has been 50 cents per mile for a number of years. The Internal Revenue Service (IRS) lowered the rate from 57.5 in 2015 to 54 cents for 2016. Borrell moved, seconded by Daleiden, to set the 2016 mileage reimbursement rate at 50 cents per mile. The motion carried 5-0.

SCHEDULE COMMITTEE OF THE WHOLE RE: HOMELAND SECURITY AND EMERGENCY MANAGEMENT (KELLY)

Kelly said State Homeland Security and Emergency Management Director Joe Kelly would like to make a brief presentation to the County Board. L. Kelly suggested a Committee Of The Whole meeting. Daleiden moved to schedule a Committee Of The Whole meeting with State Homeland Security and Emergency Management Director Joe Kelly on 2-2-16 at 11:00 A.M. Husom seconded. Daleiden said they could meet on 2-16-16 if the first date doesn't work. The motion carried 5-0.

ADVISORY COMMITTEE / ADVISORY BOARD UPDATES

1. Great River Regional Library: Potter said the most recent meeting discussed union negotiations. They will meet again at the end of January.
2. Central Minnesota Mental Health Center Board: Sawatzke said Husom and he attended a Central Minnesota Mental Health Center Board meeting last night. The financial report was very favorable. The new director comes on board 2-01-16.

 SP 086-637-032**

BACKGROUND/JUSTIFICATION:

The Wright County 5-Year Highway Construction Program specifies that right of way be acquired in 2016 and that construction commence in 2017 for the above-listed project. State funding requirements indicate that all right of way must be under the control of Wright County before construction bidding will be allowed. Therefore, right-of-way acquisition must begin soon. The Highway plat accurately describes the right of way and simplifies the acquisition process.

Resolution is attached.

8. LICENSE AND PROTECTION OF PROPRIETARY RIGHTS. During the term of this Agreement, subject to the terms and conditions hereof, the Court, with the permission of the SCAO, hereby grants to Government Subscriber a nonexclusive, nontransferable, limited license to use Court Data Services Programs and Court Data Services Databases to access or receive Court Records (including Court Documents). SCAO and the Court reserve the right to make modifications to the Court Data Services, Court Data Services Programs, and Court Data Services Databases, and related materials without notice to Government Subscriber. These modifications shall be treated in all respects as their previous counterparts.

8.1 Court Data Services Programs. SCAO is the copyright owner and licensor of the Court Data Services Programs. The combination of ideas, procedures, processes, systems, logic, coherence and methods of operation embodied within the Court Data Services Programs, and all information contained in documentation pertaining to the Court Data Services Programs, including but not limited to manuals, user documentation, and passwords, are trade secret information of SCAO and its licensors.

8.2 Court Data Services Databases. SCAO is the copyright owner and licensor of the Court Data Services Databases and of all copyrightable aspects and components thereof. All specifications and information pertaining to the Court Data Services Databases and their structure, sequence and organization, including without limitation data schemas such as the Court XML Schema, are trade secret information of SCAO and its licensors.

8.3 Marks. Government Subscriber shall neither have nor claim any right, title, or interest in or use of any trademark used in connection with Court Data Services, including but not limited to the marks "MNCIS" and "Odyssey."

8.4 Restrictions on Duplication, Disclosure, and Use.

8.4.1 Trade secret information of SCAO and its licensors will be treated by Government Subscriber in the same manner as Court Confidential

Information. In addition, Government Subscriber will not copy any part of the Court Data Services Programs or Court Data Services Databases, or reverse engineer or otherwise attempt to discern the source code of the Court Data Services Programs or Court Data Services Databases, or use any trademark of SCAO or its licensors, in any way or for any purpose not specifically and expressly authorized by this Agreement. As used herein, "trade secret information of SCAO and its licensors" means any information possessed by SCAO which derives independent economic value from not being generally known to, and not being readily ascertainable by proper means by, other persons who can obtain economic value from its disclosure or use. "Trade secret information of SCAO and its licensors" does not, however, include information which was known to Government Subscriber prior to Government Subscriber's receipt thereof, either directly or indirectly, from SCAO or its licensors, information which is independently developed by Government Subscriber without reference to or use of information received from SCAO or its licensors, or information which would not qualify as a trade secret under Minnesota law.

8.4.2 It will not be a violation of Clause 8.4 for Government Subscriber to make up to one (1) copy of training materials and configuration documentation for each individual authorized to access, use, or configure Court Data Services, solely for its own use in connection with this Agreement.

8.4.3 Government Subscriber will take all steps reasonably necessary to protect the copyright, trade secret, and trademark rights of SCAO and its licensors and Government Subscriber will advise Government Subscriber's Individual Users who are permitted access to any of the Court Data Services Programs and Court Data Services Databases, and trade secret information of SCAO and its licensors, of the restrictions upon duplication, disclosure and use contained in this Agreement.

8.5 Proprietary Notices. Government Subscriber will not remove any copyright or proprietary notices included in and/or on the Court Data Services Programs or Court Data Services Databases, related documentation, or trade secret information of SCAO and its licensors, or any part thereof, made available by SCAO or the Court, and Government Subscriber will include in and/or on any copy of the Court Data Services Programs or Court Data Services Databases, or trade secret information of SCAO and its licensors and any documents pertaining thereto, the same copyright and other proprietary notices as appear on the copies made available to Government Subscriber by SCAO or the Court, except that copyright notices shall be updated and other proprietary notices added as may be appropriate.

8.6 Title; Return. The Court Data Services Programs and Court Data Services Databases, and related documentation, including but not limited to training and configuration material, if any, and logon account information and passwords, made available by the Court and SCAO to Government Subscriber hereunder, and all copies, including partial copies, thereof are and remain the property of the respective licensor. Within ten days of the effective date of termination of this Agreement, Government Subscriber shall either: (i) uninstall and return any and all copies of the applicable Court Data Services Programs and Court Data Services Databases, and related documentation, including but not limited to training and configuration

materials, if any, and logon account information; or (2) destroy the same and certify in writing to the Court that the same have been destroyed.

- 8.7 Reasonable Security Measures.** The Court may add reasonable security measures including, but not limited to, a time-out feature, to Court Data Services Programs.
- 9. INJUNCTIVE RELIEF; LIABILITY.** Government Subscriber acknowledges that the Court, SCAO, SCAO's licensors, and DCA will be irreparably harmed if Government Subscriber's obligations under this Agreement are not specifically enforced and that the Court, SCAO, SCAO's licensors, and DCA would not have an adequate remedy at law in the event of an actual or threatened violation by Government Subscriber of its obligations. Therefore, Government Subscriber agrees that the Court, SCAO, SCAO's licensors, and DCA shall be entitled to an injunction or any appropriate decree of specific performance for any actual or threatened violations or breaches by Government Subscriber or Government Subscriber's Individual Users without the necessity of the Court, SCAO, SCAO's licensors, or DCA showing actual damages or that monetary damages would not afford an adequate remedy. Unless Government Subscriber is an office, officer, agency, department, division, or bureau of the state of Minnesota, Government Subscriber shall be liable to the Court, SCAO, SCAO's licensors, and DCA for reasonable attorney's fees incurred by the Court, SCAO, SCAO's licensors, and DCA in obtaining any relief pursuant to this Agreement.
- 10. COMPROMISE LIABILITY.** Government Subscriber and the Court agree that, except as otherwise expressly provided herein, each party will be responsible for its own acts and the results thereof to the extent authorized by law and shall not be responsible for the acts of any others and the results thereof. Liability shall be governed by applicable law. Without limiting the foregoing, liability of the Court and any Government Subscriber that is an office, officer, agency, department, division, or bureau of the state of Minnesota shall be governed by the provisions of the Minnesota Tort Claims Act, Minnesota Statutes, section 3.376, and other applicable law. Without limiting the foregoing, if Government Subscriber is a political subdivision of the state of Minnesota, liability of the Subscriber shall be governed by the provisions of Minn. Stat. Ch. 466 (Tort Liability, Political Subdivisions) or other applicable law.
- 11. AVAILABILITY.** Specific terms of availability shall be established by the Court and set forth in the Policies & Notices. The Court reserves the right to terminate this Agreement immediately and/or temporarily suspend Government Subscriber's approved Court Data Services in the event the capacity of any host computer system or legislative appropriation of funds is determined solely by the Court to be insufficient to meet the computer needs of the courts served by the host computer system. Monthly fees, if any, shall be prorated only for periods of suspension or upon termination of this Agreement.
- 12. ADDITIONAL USER OBLIGATIONS.** The obligations of the Government Subscriber set forth in this section are in addition to the other obligations of the Government Subscriber set forth elsewhere in this Agreement.
- 12.1 Judicial Policy Statement.** Government Subscriber agrees to comply with all policies identified in applicable Policies & Notices. Upon failure of the Government Subscriber to comply with such policies, the Court shall have the option of immediately suspending or terminating the Government Subscriber's Court Data Services on a temporary basis and/or immediately terminating this Agreement.

12.2 Access and Use; Log.

12.2.1 Government Subscriber shall be responsible for all access to and use of Court Data Services and Court Records (including Court Documents) by Government Subscriber's Individual Users or by means of Government Subscriber's equipment or passwords, whether or not Government Subscriber has knowledge of or authorizes such access and use.

12.2.2 Government Subscriber shall also maintain a log identifying all persons to whom Government Subscriber has disclosed its Court Confidential Security and Activation Information, such as user ID(s) and password(s), including the date of such disclosure. Government Subscriber shall maintain such logs while this Agreement is in effect and for a period of one (1) year following termination of this Agreement. Government Subscriber shall promptly provide the Court with access to, and copies of, such logs upon request.

12.2.3 Government Subscriber, through the Agency Account Manager, shall promptly notify the Court when Government Subscriber's Individual Users with individual logins should have accounts added or deleted. Upon Government Subscriber's failure to notify the Court of these changes, the Court may terminate this Agreement without prior notice to Government Subscriber.

12.2.4 The Court may conduct audits of Government Subscriber's logs and use of Court Data Services and Court Records (including Court Documents) from time to time. Upon Government Subscriber's failure to maintain such logs, to maintain accurate logs, or to promptly provide access by the Court to such logs, the Court may terminate this Agreement without prior notice to Government Subscriber.

12.3 Personnel. Government Subscriber agrees to investigate (including conducting audits), at the request of the Court, allegations of misconduct pertaining to Government Subscriber's Individual Users having access to or use of Court Data Services, Court Confidential Information, or trade secret information of the SCAO and its licensors where such persons violate the provisions of this Agreement, Policies & Notices, Judicial Branch policies, or other security requirements or laws regulating access to the Court Records. Government Subscriber, through the Agency Account Manager, agrees to notify the Court of the results of such investigation, including any disciplinary actions, and of steps taken to prevent further misconduct. Government Subscriber agrees to reimburse the Court for costs to the Court for the investigation of improper use of Court Data Services, Court Records (including Court Documents), or trade secret information of the SCAO and its licensors.

13. FEES AND INVOICES. Applicable monthly fees commence ten (10) days after notice of the Court's approval of this Agreement or upon the initial Government Subscriber transaction as defined in the Policies & Notices, whichever occurs earlier. When fees apply, the State shall invoice Government Subscriber on a monthly basis for charges incurred in the preceding month and applicable taxes, if any, and payment of all amounts shall be due upon receipt of invoice. If all amounts are not paid within thirty (30) days of the date of the invoice, the Court may immediately cancel this Agreement without notice to Government Subscriber and pursue all available legal remedies. Government Subscriber certifies that

funds have been appropriated for the payment of charges under this Agreement for the current fiscal year, if applicable.

14. **MODIFICATION OF FEES.** SCAO may modify the fees by amending the Policies & Notices as provided herein, and the modified fees shall be effective on the date specified in the Policies & Notices, which shall not be less than thirty (30) days from the publication of the Policies & Notices. Government Subscriber shall have the option of accepting such changes or terminating this Agreement as provided in section 1 hereof.
15. **WARRANTY DISCLAIMERS.**
 - 15.1 **WARRANTY EXCLUSIONS.** EXCEPT AS SPECIFICALLY AND EXPRESSLY PROVIDED HEREIN, COURT, SCAO, SCAO'S LICENSORS, AND DCA MAKE NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, INCLUDING BUT NOT LIMITED TO THE WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR MERCHANTABILITY, NOR ARE ANY WARRANTIES TO BE IMPLIED, WITH RESPECT TO THE INFORMATION, SERVICES OR COMPUTER PROGRAMS MADE AVAILABLE UNDER THIS AGREEMENT.
 - 15.2 **ACCURACY, COMPLETENESS AND AVAILABILITY OF INFORMATION.** WITHOUT LIMITING THE GENERALITY OF THE PRECEDING PARAGRAPH, COURT, SCAO, SCAO'S LICENSORS, AND DCA MAKE NO WARRANTIES AS TO THE ACCURACY OR COMPLETENESS OF THE INFORMATION CONTAINED IN THE COURT RECORDS. THE COURT IS NOT LIABLE FOR ANY COURT RECORDS OR COURT DOCUMENTS NOT AVAILABLE THROUGH COURT DATA SERVICES DUE TO COMPUTER OR NETWORK MALFUNCTION, MISTAKE OR USER ERROR.
16. **RELATIONSHIP OF THE PARTIES.** Government Subscriber is an independent contractor and shall not be deemed for any purpose to be an employee, partner, agent or franchisee of the Court, SCAO, SCAO'S licensors, or DCA. Neither Government Subscriber nor the Court, SCAO, SCAO'S licensors, or DCA shall have the right nor the authority to assume, create or incur any liability or obligation of any kind, express or implied, against or in the name of or on behalf of the other.
17. **NOTICE.** Except as provided in Clause 2 regarding notices of or modifications to Court Data Services and Policies & Notices, and in Clauses 13 and 14 regarding notices of or modification of fees, any notice to Court or Government Subscriber hereunder shall be deemed to have been received when personally delivered in writing or seventy-two (72) hours after it has been deposited in the United States mail, first class, proper postage prepaid, addressed to the party to whom it is intended at the address set forth on page one of this Agreement or at such other address of which notice has been given in accordance herewith.

The purpose of the appraisal is to provide you with an opinion of the market value for each date. The intended use of the appraisal is for litigation purposes. Wright County and the Minnesota Tax Court are the intended users of the appraisal. The report would be presented in an appraisal report format such that data, analysis and conclusions which are significant to the value opinion are described. I would appraise the real estate excluding built-in furniture, fixtures and equipment (FFE), if any.

According to Wright County's Beacon website, PIN 118162001010 at 6551 Jansen Ave NE, Otsego, MN contains a site with 7.74 acres (337,148 sf), a 136,750 sf office warehouse building built in 1999 and 2000. 20,640 sf of the building is office, the remainder warehouse. Overview and Background

COURTHOUSE HISTORY

The Wright County Government Center which houses the District Court was built in the 1950's. In 1959, Wright County had a county court judge, a district court judge and a probate judge, with three courtrooms. After unification of the district and county courts and an increase in judges from three to four, courtrooms three, four and five were added during a remodel of the entire building in 1990. In 2005, two new judgeships were created for Wright County bringing the total to the current six. A vending machine room in an area not contiguous with the other courtrooms was converted into a sixth courtroom and other space was remodeled to accommodate chambers for the additional judges.

Shortly after the new judgeships were added, the County planned for and built a new jail facility on Braddock Avenue. The long term plan for the courthouse was to build contiguous to the Braddock Avenue jail facility and the jail plan anticipated this future building. However, due to the economic downturn beginning in 2008, no further plans were made to build the new courthouse.

The footprint (25,600 sq. ft.) of the Court's operations has remained the same since 2005. Two of the courtrooms have not been updated in any significant manner since they opened in 1959. Three of the courtrooms have not been updated in any significant manner since they opened in 1990.

The County Attorney's Office and the Court Services department also moved into the present space after the 1990 remodel of the building. Both departments have unmet space needs and no room for expansion.

DEFICIENCIES IN CURRENT COURT SPACE

Safety

The primary concern is the safety of staff and the public who are appearing or participating in court. By definition the Court's work frequently involves individuals in the worst moments of their lives; they can be assaultive, combative, and difficult at times. One critical safety issue stems from the judicial area behind the courtrooms. Currently the judicial hallway is the only hallway available for transporting prisoners as well as jurors, court administration staff, judicial staff, and others such as attorneys, parties, and law enforcement. The co-mingling of confined prisoners, jurors, judges, court personnel, attorneys, and others needs to be addressed. The March 2014 security assessment of the Wright County Courthouse concluded that this building is not appropriately designed or sized to provide adequate and secure court space.

A significant safety concern arises due to the size of courtrooms 3, 4, and 6 as well as the irregular shape of courtroom 6. Recent security incidents in the smaller courtrooms have emphasized the need to address the inadequacy of these courtrooms. The obstructed pathways and cramped space inhibit effective and rapid containment of security threats. Equally concerning is the fact that frequently the Courts have hearings where not all the parties have a place at the counsel tables due to the small courtroom size. More importantly, Courts frequently are required to have parties who have restraining orders against each other sitting in the small courtrooms, less than 6 feet apart. This is inappropriate and dangerous.

These courtrooms are not only the smallest courtrooms in our courthouse; they are the smallest courtrooms in the entire Tenth Judicial District. The Courts regularly exceed the fire code occupancy limits for the space in order to conduct their business. The 2015 Space Study of the Wright County Courthouse conducted by the National Center for State Courts concluded that when the national standards for courthouse requirements are applied, the District Court and ancillary services require twice the square footage currently available to have adequate space for the Court's present day needs, without planning for any anticipated growth.

Technology

Given the age of the courthouse, it is not surprising that the existing infrastructure is also inadequate to support technology that is regularly used in court. Technology has changed dramatically since 1959, since 1990 and even over the last ten years. Courtroom participants and attorneys need to use technology during proceedings. The Courts now generate orders in the courtroom in many proceedings and provide copies and notices before people leave court. During trials and evidentiary matters, attorneys and parties have significant issues with publishing electronic evidence. Not only are the sight lines problematic, the absence of technology infrastructure requires multiple cords to be run on the floor throughout the courtrooms. In at least two different trials, the Courts have had individuals trip and fall on the cords, creating potential liability for Wright County. The Courts need to be able to use technology in courtrooms and are not able to effectively and safely do so.

The Minnesota Judicial Branch is in the process of implementing electronic filing and information management in all courts across the state, which requires significant electronic storage and connectivity, as well as space design which permits use of electronic information for each transaction or hearing. By July 1, 2016, the Courts will no longer be utilizing paper files, but instead will be conducting business without paper. None of the current courtrooms have adequate size benches or clerk stations to accommodate the necessary equipment. Many of the benches have inadequate sightlines even without the monitors that are necessary for the court to conduct proceedings without paper files. The courtrooms are not configured or designed to permit routine use of the necessary equipment by judges, court staff, court reporters, jurors, lawyers and litigants. On some calendars, there is a need to have two court

administration staff present, but no space exists for the staff, much less the necessary equipment. The court administrator's office also lacks space for necessary equipment and storage.

Accessibility

Another major area of concern is the accessibility of the courts. Individuals in wheelchairs, whether parties, staff, attorneys, jurors or the public, have significant difficulty accessing our courtrooms and court administration. The Courts must provide court services for all citizens, not just able-bodied citizens.

Courtroom needs

Significant space problems also occur when multiple trials are going. The jury space is not adequately sized; the Courts have also had problems with jurors becoming claustrophobic due to the tight quarters. More importantly, there are significant sound transmission problems that limit what courtrooms and facilities can be utilized when jurors are present. The Courts have developed a complicated calendaring plan to work around the facility challenges.

Other

There are many other facility problems including significant HVAC problems, the need for conference room space, the unmet statutory requirement for a separate victim/witness waiting room, the need for additional courtrooms that can accommodate jury trials, acoustical problems in the present courtrooms, the significant unevenness of the floors, etc. While not an exhaustive list, the current space has significant challenges which have not been addressed.

The purpose of the present RFP is to determine cost effective ways of dealing with these significant problems.

Project Requirements and Statement of Work

Wright County (hereinafter "County") seeks to address the facility needs of the Wright County District Court (hereinafter "Courts") while seeking the most cost effective manner of doing so. Since the time the Wright County Jail was planned and built, the long term courthouse plan was to also build a new courthouse at the jail location. Since the new jail opened on Braddock Avenue in Buffalo, incarcerated individuals have been transported back and forth to the current courthouse located in downtown Buffalo. The economic downturn in 2008 and subsequent years has necessarily delayed the timeline for the new courthouse. Recognizing the need to be fiscally responsible with public tax dollars, the Courts have previously agreed to delay necessary improvements to the facilities. However at this time, the facility needs have become so significant that further delay is not an option. The Courts can no longer continue doing the necessary and required business of the courts in the present facility in its current state (see

background information section.) Immediate modifications are necessary to address the court needs, even if the County were to begin building a courthouse now.

Additionally, the Court Services department and the County Attorney's Office will eventually be located at the new building, but have presently maximized the use of their present space and also have facility needs that are unmet.

The County seeks to determine if it is more cost effective to:

- Option 1) Begin building a new courthouse within the next 1-2 years;
- Option 2) Make improvements to the existing courthouse and delay building of a new courthouse for approximately 3-4 years; or
- Option 3) Make improvements to the existing courthouse and delay building of a new courthouse for approximately 8-10 years.

In order to make this determination, the county seeks proposals from an architectural firm with significant background in designing and remodeling courthouse space to analyze and develop a plan for each of the three options. Each option must include the following:

- The overall estimated cost including any costs associated with the relocation of staff or operations
- Description of any impact on the users of court facilities such as the inability to use present space due to remodeling
- Analysis of the ability of the HVAC, electrical and plumbing of the present courthouse to support the necessary remodeling/improvements
- Remodeling/improvement staging plan including where court will be held while improvements are made
- The estimated time for completing each of the options
- A rough estimate of the cost to return the area to general office space
- Detailed design documents approved by both the County and the Courts

The plan for each option must include a minimum of the following improvements:

Option 1: Build a New Courthouse beginning in 1-2 years

- a) Modification of the benches in Courtrooms 1, 2, and 5
 - i) Stations for two court clerks
