

WRIGHT COUNTY BOARD
AGENDA
JUNE 21, 2016

Interpreter Services for the hearing impaired will be provided upon written request.

I. 9:00 A.M. PLEDGE OF ALLEGIANCE

II. MINUTES - DISPENSE WITH READING. APPROVE AS WRITTEN/REVISED.

A. COUNTY BOARD MINUTES 6-14-16

Documents: [2016-06-14 WRIGHT COUNTY BOARD MINUTES \(INFO\).PDF](#)

III. REVIEW & APPROVAL OF AGENDA

IV. CONSENT AGENDA

A. ADMINISTRATION

1. Madden, Galanter & Hansen Claim, May 2016

Documents: [05.16 MADDEN, GALANTER AND HANSEN CLAIM.PDF](#)

B. ADMINISTRATION

1. Refer To Building Committee Modification To The Human Service Center Room 127

Documents: [HSC 127 MODIFICATIONS REQUEST.PDF](#)

C. AUDITOR/TREASURER

1. Approve Renewal Of Annual On Sale (Including Sunday) And Off Sale Liquor License For Two Friends Of Annandale, Inc. DBA Hitching Post At Lake Center
2. Approve Renewal Of Annual On Sale (Including Sunday) Liquor License For Normano's LLC DBA Norm's Wayside
3. Approve 6-13-16 Wright County Board Of Appeal And Equalization Meeting Minutes

Documents: [AGENDA 6-21 ANNUAL ON SALE LIQUOR HITCHING POST AT LAKE CENTER.PDF](#), [AGENDA 6-21 ANNUAL ON SALE LIQUOR - NORMS WAYSIDE.PDF](#), [AGENDA 6-21 APPROVE CBAE MINUTES.PDF](#), [BOE 2016 MINUTES-DRAFT.PDF](#), [AGENDA 6-21 CBAE - BUTTURFF.PDF](#), [AGENDA 6-21 CBAE - CARRILLO.PDF](#), [AGENDA 6-21 CBAE - HANSON.PDF](#), [AGENDA 6-21 CBAE - LABATT.PDF](#), [AGENDA 6-21 CBAE - LEINES.PDF](#), [AGENDA 6-21 CBAE - LOCHER.PDF](#), [AGENDA 6-21 CBAE - MCDONALD.PDF](#), [AGENDA 6-21 CBAE - TRIPLETT.PDF](#)

D. AUDITOR/TREASURER

1. Approve Claims As Listed In The Abstract, Subject To Audit, For A Total Of \$315,630.83 With 168 Vendors & 232 Transactions

Documents: [AGENDA 6-21 CONSENT CLAIMS.PDF](#)

E. HIGHWAY

1. Position Replacement:
 - A. Highway Maintenance Worker

Documents: [06-21-16-A REQUEST TO FILL MAINTENANCE POSITION.PDF](#)

F. INFORMATION TECHNOLOGY

1. Refer To Personnel Committee The Pre-Backfill Of IT Office Assistant

Documents: [BOARD ACTION IT OFFICE ASSISTANT.PDF](#)

G. PLANNING & ZONING

1. Accept The Findings And Recommendations Of The Planning Commission For The Following Rezoning:
 - A. KEVIN BUTCHER - (Franklin Twp.). Planning Commission Unanimously Recommends Approval Of The Rezoning Of Approximately 26 Acres From AG General Agricultural To A/R Agricultural-Residential

THESE MINUTES ARE IN DRAFT FORMAT AND REQUIRE APPROVAL BY THE COUNTY BOARD

INFORMATIONAL

WRIGHT COUNTY BOARD
MINUTES
JUNE 14, 2016

The Wright County Board met in regular session at 9:00 A.M. with Husom, Sawatzke, Daleiden, Potter and Borrell present.

MINUTES

Husom moved to approve the 6-07-16 County Board Minutes, seconded by Daleiden. The motion carried 5-0.

AGENDA

Potter moved to approve the Agenda, seconded by Daleiden. Borrell requested the following be petitioned to the Agenda: Items For Consid. #C, "Wild Parsnip." Potter and Daleiden accepted this as an amendment to the motion. The motion carried 5-0.

CONSENT AGENDA

Potter pulled for discussion Consent Agenda Item F, "Auditor/Treasurer, Approve Claims as Listed in the Abstract, Subject to Audit, for a Total of \$683,125.49 with 166 Vendors and 240 Transactions." Potter moved to approve the remainder of the Consent Agenda, seconded by Borrell, and carried 5-0:

- A. ADMINISTRATION
 - 1. Authorize Attendance At Meeting With Enel Green Power, 7-18-16 @ 1:30 PM, Buffalo Township Hall
- B. ADMINISTRATION
 - 1. Position Replacement:
 - A. Custodian
- C. ASSESSOR
 - 1. Approve Abatement, PID #114-137-003010, Robert Carrillo
- D. ASSESSOR
 - 1. Approve Abatement, PID #116-031-005010, Gary Brummer
- E. ATTORNEY
 - 1. Approve Signatures on Agreement with LaPlant Demo, Inc. (see additional Board action on this item later in the Minutes)
- G. HEALTH & HUMAN SERVICES
 - 1. Position Replacement
 - A. Social Worker
- H. INFORMATION TECHNOLOGY
 - 1. Refer to Technology Committee:
 - A. AGC Support Contract
 - B. IT Projects Discussion
- I. PARKS & RECREATION
 - 1. Approve 2016 Capital Improvement Plan as funding source for the purchase of 3 acre parcel near Bertram Chain of Lakes Regional Park. The \$18,000 cost will be split equally between the County and City of Monticello. Purchase approved at the 5-24-16 County Board Meeting.

Consent Agenda Item F was discussed, "Auditor/Treasurer, Approve Claims as Listed in the Abstract, Subject to Audit, for a Total of \$683,125.49 with 166 Vendors and 240 Transactions." Potter referenced a claim on Page 25 to Kennedy & Graven (\$16,000). Bob Hiivala, Auditor/Treasurer, explained that this is bond counsel expense for the 2016A bonds for the new Highway building. On a motion by Potter, second by Daleiden, all voted to approve Consent Item F as presented.

TIMED AGENDA ITEMS

VIRGIL HAWKINS, HIGHWAY ENGINEER

Approve 5-24-16 Transportation Committee Of The Whole (TCOTW) Minutes & Act On Recommendations

At today's County Board Meeting, Hawkins provided an overview of the TCOTW Minutes and recommendations. Discussion included the Five-Year Plan, which will be posted on the Intranet. Potter requested the following

correction to the TCOTW Minutes: Page 1, paragraph 1, change to "Chairperson Sawatzke." On a motion by Potter, second by Daleiden, all voted to approve the TCOTW Minutes as corrected and the 5-Year Plan. The TCOTW Minutes follow:

1. Introductions

Chairperson Sawatzke called the meeting to order at 11:09 a.m. Hawkins was invited to present to the committee various items for consideration/discussion.

2. Review Road Tour / Finalize Five-Year Plan

Hawkins distributed a *DRAFT* Five-Year Plan proposal [Attachment 2] that he put together based on the recent public meeting, the recent road tour taken with the commissioners and staff members, and public input regarding Wright County's highway system. Based on the money that is expected to be available, Hawkins prioritized projects that can be completed. Pavement preservation projects for both 2017 (28 miles) and 2018 (23 miles) have been specifically identified, and the goal is to complete approximately 25 miles/year after that. Pavement preservation (overlays) projects are generally grouped together from year to year so that mobilization costs are kept to a minimum. There are several safety projects included on the plan for years 2017 and 2018, a couple of which have been awarded federal safety funds; and federal funds have also been made available for construction on CSAH 3 (2018), CSAH 37 (2018), and CSAH 19 (2020).

Hawkins said that the Highway Department will be in contact with the City of Howard Lake regarding CSAH 6 for the first mile north of the fair grounds to see if the city wants to do any reconstruction utility work before the pavement preservation is completed in 2017. It would be possible at that time to make that section of roadway into an urban design (with cost participation from the city). The remainder of CSAH 6 to CSAH 37 would receive a reclaim and overlay.

There was discussion about the 'intersection conflict warning systems' that are planned for 2017 and have received federal safety funds. Husom said that she was questioned by Albion Township about the effectiveness of these systems, and she explained that the newer systems are further advanced and much better than the original ones that were installed. One of the Albion Township officials commented that he would like to see stop signs with lights around the edges, and Husom said that she would pass that request along. Hawkins said that this has been considered, but through research and observation, they have found out that people are actually stopping at the stop signs currently in place, but they are then pulling out in front of vehicles. Flashing lights wouldn't help because the drivers have already stopped but then used poor judgment when pulling out in front of cross traffic. Part of the problem is that they misjudge the speed of a vehicle or they just don't see it.

Sawatzke questioned the necessity for wider paved shoulders on CSAH 3 that are planned for 2018, and Hawkins said that they have to be built to state aid standards with 3,000 vehicles/day. He explained that CSAH 3 is a main north/south route in that part of the county, and a minimum six-foot shoulder needs to be built if they are using state aid money. A reclaim and overlay is planned for CSAH 3 from TH 55 to CR 129 in 2018, as that is not in as dire shape as the roadway north of TH 55. He added that the road reconstructs for 2018 and 2019 (CSAH 3, CSAH 19, and CSAH 37) will all receive federal money, including specially designated federal money for the wider paved shoulders on CSAH 3 (north of TH 55). The east segment of CSAH 37 will be completed in 2018 and the west segment will be completed in 2019. This will tie in well with the Mall of Entertainment in Albertville, if that development proceeds. Either way, this new connection is needed. Microsurfacing will be completed this year on CSAH 19 between TH 241 and CSAH 35 in St. Michael, where there is a transition from a four-lane to a two-lane roadway, and this preservation treatment should last four or five years. Application for federal funds will be made to see if funding can be received to extend the four lanes on CSAH 19 between the one-way pair.

The CSAH 7 bridge will likely be eligible for federal funding in 2020, and hopefully half or more of the funds needed for reconstruction will be made available with bridge bonding money. Hawkins explained that the final page of this handout lists projects that could be considered in the following six to 20 years if and when funding becomes available.

Sawatzke asked about the concern brought up by Silver Creek Township regarding the entering/exiting of traffic near the Hasty truck stop. Hawkins said that this is a township issue, but if they want some engineering advice, Wright County will be happy to give that. However, it will still remain the township's responsibility to

5-24-16 TCOTW Minutes (cont.)

make any suggested changes. Morning hours are probably the most congested times of the day. Hawkins said that he will contact the township regarding possibilities; however, there is a county park immediately to the south of the truck stop property, which would prevent the building of a road south of the truck stop. A few years ago there were plans for another truck stop on the east side of CSAH 8, which would have rerouted traffic into a better flow; but these plans did not materialize.

Hawkins asked the commissioners to review the proposed plan as presented today, after which he could put this out for public comment. Sawatzke said that the public has already had the opportunity to comment and the commissioners have reviewed the requests and the proposal in addition to taking the road tour, so this plan could be presented to the County Board 'as is.' Potter said that he would like some mention in the plan for a possible bypass for TH 25 around Monticello, perhaps on the six to 20-year list. In order for this bypass to happen, federal dollars will be needed. Hawkins said that it is not on the map but it will be included on the potential list of projects. Sawatzke said that he would like a note that specific routes for pavement preservation are not shown on the plan for the years 2019, 2020, and 2021. Hawkins said that he would see that this was updated on the county website. Plans for a turnback of CSAH 60 to the City of Montrose will also be added to the plan. The city will probably be ready to take care of the utility upgrades in 2017 or 2018, after which the county can complete an overlay and then turn it over to the city.

Borrell commented that CSAH 3 north of TH 55 is ready for a new surface, and because of the agricultural area surrounding CSAH 3, wider shoulders will be a welcome addition. There was some discussion noting the cost difference between a mill and overlay (\$200,000/mile) and reconstruction (\$1,000,000+). Hawkins commented that back in 1995 the cost for a mill and overlay was \$50,000.

Typically, the proposal for the Five-Year Plan comes to the County Board as part of the minutes of the Transportation Committee of the Whole, at which time they can vote to adopt the plan. Things not specifically listed on this plan are still pending. Hawkins will make the appropriate changes/additions, including adding CSAH 60 plans to 2018, including a footnote about the possible bypass of TH 25 sometime in the future, and various notes to the map.

RECOMMENDATION: It was the consensus of the TCOTW that Hawkins bring this Five-Year Plan to the County Board for its approval, after changes and additions are made to this plan as suggested at today's meeting and documented in the meeting minutes.

3. Request from City of Buffalo Regarding Retaining Wall Along CSAH 35

Hawkins explained that the current retaining wall built along CSAH 35 (extending from the county parking lot at 1st Street NW to 4th Street NW in Buffalo) was done under contract with the City of Buffalo in 1993/94, and the cost share was 50/50. However, there was no provision outlined at that time for future repairs or maintenance. The county's new funding policy (May 2014) allows for a 50/50 cost split if the highway were to be redone and the wall needed to be rebuilt, but the future repairs and maintenance would be the responsibility of the city. The 50/50 cost share agreement (with city ownership of the wall) was used for the construction of the retaining wall on CSAH 12 on the southeast side of the lake as it reaches the southern boundary of the city. There was an agreement for building the original wall along CSAH 35, but it is silent on ownership and maintenance. Hausmann commented that the type of block that was used for this wall in 1995 is notorious for failing because of its porous nature and is no longer being used.

Kannas said that the city had looked at the condition of the wall for a while and has done routine maintenance. There are areas that need to be replaced, and in the long term the entire wall will continue to degrade and deteriorate. City officials and Kannas have agreed that it would be prudent to take a proactive approach rather than wait for an emergency situation. This wall helps support the Wright County parking lot and several homes along CSAH 35. If the wall collapses and the hillside sloughs off, it will come down on the sidewalk and the roadway. The wall varies in height, and the city has a plan in place to take care of it this year if the county will agree to help fund the project, which would be 50/50 cost share, the same as in the original agreement. Kannas said that he doesn't like to spend money on retaining walls and would rather spend it on roads that get people from Point A to Point B, but everyone needs to realize that the wall is actually a function of the roadway, one that allows it to be there. It is not an amenity, but rather allows the roadway, the parking lane, and a sidewalk to be there. A 12-foot lane and an eight-foot shoulder would not be possible without the

5-24-16 TCOTW Minutes (cont.)

wall. This wall is part of the roadway, and if it weren't there, the road could not be there. Husom commented that the sidewalk adjacent to the wall is dangerous for walkers with debris that falls from the wall to both the sidewalk and the roadway. The deteriorating wall also presents a potential hazard for the county parking lot as well. Kannas said that there is currently no geo-grid behind this wall, and they wouldn't want to excavate too far back. Borrell asked if any members were opposed to a 50/50 cost share, and Hawkins said that when CSAH 35 is redone at some point in the future, the cost share would be 50/50 at that time; and he recommended that the construction of the new wall at this time be addressed with a separate agreement with a 50/50 cost share. Husom indicated her approval for a 50/50 cost share at this time for reconstruction of the wall but was unwilling to commit to additional expenses of the wall if and when CSAH 35 is reconstructed and/or repaired. She would like to have language in the agreement that the City of Buffalo has full ownership of the wall. Since the blockwork won't be part of the reconstruction of CSAH 35, the wall can have a separate agreement. Hawkins said that there can be a separate agreement (Memo of Understanding) now addressing just the wall, stating that the city owns it and is responsible for maintaining it. Kannas said that the city would like to get this project done in 2016. He agreed that the city would own the wall, and if the county for some reason wants to widen the road in the future, cost share can be further discussed at that time. Sawatzke asked about available funding, and Hawkins said that the low bids that have come in so far this year have produced cost savings that will allow for Wright County to contribute up to \$177,000 for this project in 2016.

RECOMMENDATION: It was the consensus of the TCOTW that a recommendation be made to the County Board to enter into a 50/50 cost share agreement with the City of Buffalo, not to exceed \$177,000, for the reconstruction of the retaining wall along CSAH 35 from 1st Street NW to 4th Street NW in the City of Buffalo. It is further recommended that this agreement recognize that the City of Buffalo retains full ownership of this wall and is responsible for all maintenance and repairs that might be necessary in the future.

(End of 5-24-16 TCOTW Minutes)

Approve 6-02-16 Owners Committee Minutes

At today's County Board Meeting, Hawkins stated that the plan is to move to the new Highway building on July 6-7. Regarding change orders, \$1,800 of the cost is for additional power and voice/data outlets. Potter moved to approve the 6-02-16 Owners Committee Minutes, seconded by Daleiden. Sawatzke said the original estimate for the sign was \$25,000 and thought the cost had been reduced to \$11,000 because of the elimination of some wiring. Hawkins said he thought that was the case but will need to verify. The motion carried 5-0 to approve the 6-02-16 Owners Committee Minutes:

The meeting was brought to order immediately following a tour of the new facilities of the Highway Department that began at 10:30 a.m.

1. Project Update

Francois and Larkin briefly reviewed a timeline for remaining work on the new facility. Paving should begin somewhere around June 20 and furniture installation is set to begin on June 27. Plumbing and gas work have been finalized with some electrical work still remaining. The lifts and cranes are in and the final inspection and certification of occupancy should be issued within the next two weeks. A temporary certificate will probably be issued first, and then final cleanup will begin. Francois said that the move should be able to begin right after the 4th of July, and Hawkins said that IT is scheduled to connect the ports/phones/computers around that time. There will be some room for flexibility in scheduling. Installation of racking for the Parts Room can begin as soon as the racking is available. Larkin said that he would like to coordinate the racking with the front furniture systems. Hard hats will still be required by those on the site until all construction/cleanup work is completed.

2. Change Order Update [Attachment 2]

There were a total of four change orders presented. PCO #181 (\$895) was to add a waterline to the steam humidifier located on the 2nd level mezzanine. This is for the data closet, and the line was initially omitted due to an oversight. PCO #185 (\$781) is for an additional handrail at the stairs to the north mezzanine to protect an opening and was directed by the City Inspector. PCO #189 (\$1,814) covers the cost of adding additional outlets and data jacks in the parts shop area and in the front filing/storage area. PCO #190 (\$990) is proposed to add wiring to the generator so that Wright Hennepin can monitor it. Wilczek said that this issue has been discussed, and it has been decided that the extra wiring probably is not necessary because alarms are already

6-02-16 Owners Committee Minutes (cont.)

in place for all systems when the power goes down. If this change order has not already been executed, it should not be done. The last item reviewed was the allowance for the monument sign that will be posted at the entrance to Highway Department site. Most of the pieces were picked up in Bid Pack 2, but several items were not included, such as footings. The original allowance was \$25,000, but it appears that the cost will be closer to \$11,000, with a projected savings of about \$14,000. Since this was not a line item, an official change order will be needed. Both Sawatzke and Potter recommended accepting the first three and excluding PCO #190. They also agreed to move ahead with the change order for the sign monument.

3. Budget Review [Attachment 3]:

There is still some detailing to do on the roof, and Larkin said that he has been in constant communication with the roofing company to finish this job. Money owed them will be held until the job is completed. This roof comes with a 30-year warranty. Cost for the joint sealants has come down to \$25,900 from \$60,000 because the consensus was that most of the joints had a double seal and did not need to be crack filled. Francois said that he is ready to get quotes for the final cleaning, estimated at close to \$35,000. Both Potter and Sawatzke expressed their desire to contact local companies, and Wilczek said that he would find some local contact numbers and pass them on to Francois.

4. Other:

Hawkins said that he would get a notice out about various training that will be held for different systems in the new facility. There was some discussion about the savings in the "furniture and equipment" budget line due to the decision to go with ABF and their refurbished furniture. Francois said that savings in the budget are usually set aside for a year to see what other items might have been overlooked or are found to be needed after occupancy takes place. Sawatzke commented that money saved on this project will likely be used for the changes/upgrades that need to be done on the current PWB. Kelly commented that he still has a bill from HCM Architects from September 2015 regarding additional design work necessary for the expansion space alternate bid, an issue that has been discussed at previous meetings. Potter said that Mark Daleiden had requested more information before a final decision is made, and Sawatzke said that this can be addressed by the full Board and doesn't need to be discussed here. Hawkins commented that Daleiden's request had been made a few Board meetings ago and additional information was sent to him. Kelly said that he would get in touch with Daleiden to see what his leaning is.

5. Set Meeting Date:

A tentative meeting date for the next Owners Committee was set for Thursday, July 7, 2016 at 10:30 a.m. with possible consideration given for a final meeting in August.

(End of 6-02-16 Owners Committee Minutes)

LEE KELLY, COUNTY COORDINATORBoard Video Retention

Adam Tagarro, IT Director, and Scott Larson, Records Management Analyst, provided information supporting the recommendation on the retention of Board Meeting videos for one year. This is consistent with the State requirement of a 1-year minimum as it is not considered the permanent record of the Board proceedings. The County Board minutes are the permanent record. Other states and counties have about a 50/50 split between a 1-year and 1-month retention period. Consulting other County departments reflects that most refer back to videos for about a 1-month time frame. The furthest the Attorney's Office checks back is 1 week. Borrell suggested retaining the videos for a longer period. It does not cost the County to retain the videos on YouTube and it provides transparency. Sawatzke asked if there are any drawbacks to a longer retention. Larson responded that the County would have to consider the legal aspects. Per the retention schedule, every reiteration should be destroyed. Tagarro said the primary concern is space. Husom is comfortable with the recommendation of 1 year as the minutes are the permanent record.

Potter made a motion to approve a 1-year retention for Board videos, seconded by Husom. Borrell offered a friendly amendment to the motion to leave the videos on YouTube for whatever period YouTube allows and to delete the copy at the County after 1 year. The motion was seconded by Daleiden for discussion. Brian Asleson, Chief Deputy Attorney, said the retention policy allows deleting data. If the Attorney's Office knows of a case where the data should be retained, they can make arrangements for that. If there is an agreement with YouTube to use their system, it may be questionable whether the County is maintaining that data. Asleson said public

requests or discovery associated with litigation can be burdensome if they were required to produce the videos. Asleson said the Attorney's Office supports the 1-year policy. The friendly amendment to the motion failed 1-4 with Sawatzke, Husom, Potter and Daleiden voting against.

Borrell again brought up the issue of transparency. He offered the suggestion on retaining the videos on DVD's. Daleiden said he doesn't see a situation where someone would want to look at a video after 1 year. His concern is the amount of data storage and the staff efforts associated with litigation. Tagarro added that YouTube does not guarantee how long videos will be retained on their site. The original motion to approve a 1-year retention carried 4-1 with Borrell casting the nay vote.

PUBLIC HEARING - AMENDMENTS TO THE NO WAKE ORDINANCE

At 9:42 A.M., Sawatzke opened the Public Hearing on proposed Amendments to the No Wake Ordinance. Greg Kryzer, Assistant County Attorney, presented draft Ordinance Amendment 16-3 which would regulate the border lakes Wright County share with Stearns County. Per DNR regulations, both counties must adopt identical ordinances in order to regulate no wakes on these lakes. Stearns County adopted their ordinance on 5-17-16. Corinna and Southside Townships approve of the amendments. Amendment 16-3a is a staff proposed amendment increasing the no-wake elevation for East and West Lake Sylvia by 6 inches. Staff is also recommending a seasonal 150-foot no wake be adopted for East and West Lake Sylvia. Southside Township has reviewed and approved the proposed amendment. Clearwater Township met last evening and Kryzer has not heard back from them.

Kryzer said the Grass Lake Dam will be used as the elevation point. Further south down the chain, another dam will be used for the elevation point. The triggering point for the majority of the lakes on the Grass Lake Dam also coincides with the closing of the valve from Pleasant Lake over to Clearwater Lake. It has some basis with the DNR as to water trigger point. With regard to the permanent no-wake zone in the channel between Lake Augusta and Clearwater Lake, it has always been posted but now it will be codified. Stearns County took action last month to adopt their ordinance. Wright County must do the same and then approve the Joint Powers Agreement.

Amendment 16-3 would raise water elevations on Lake Sylvia by 6 inches. Currently, the lake elevation is at the ordinary high water mark. The high water mark on Lake Sylvia happened prior to Memorial Day, triggering the 300' no wake. Staff is requesting the Amendment because of the frequency and the resources devoted. This frequency may be eroding some of the public confidence in the No Wake Ordinance. Raising the elevation by 6" would still have resulted in triggering no wakes in 2012 and 2014/2015 during significant water events. The proposed elevation would be 1050.58. Kryzer stated that notice of the proposed amendments was sent to the Lake Association and Townships and placed in the newspaper.

Public Comment:

Roger Rauschendorfer, Resident on Lake Augusta, said Lake Augusta residents initiated the effort to have the two counties come to an agreement on this. Because of the contour of Lake Augusta, it may be most affected when there is a high water situation. He urged the Board to enter into this joint agreement with Stearns County for enforcement during high water situations.

The Public Hearing closed at 9:49 A.M.

Daleiden moved to adopt Ordinance Amendment 16-3, seconded by Husom. The motion carried 5-0.

Ordinance Amendment Number 16-3

The County Board of Wright County Hereby Ordains:

Art. I – Amendments to Water Surface Use

Sec. 1.

Section 131.04 of the Water Surface Use Chapter is hereby amended as follows:

131.04 SPEED RESTRICTIONS.

(A) *Bertram Chain of Lakes*. The following surface water restrictions shall apply to Bertram, Long, Mud and First Lakes also known as the Bertram Chain of Lakes and other waters which are located within the boundary of the Bertram Chain of Lakes County Park. The following restrictions apply 24 hours a day, year round.

- (1) No person shall operate a gas powered motor on a watercraft.
- (2) No person shall operate a sea plane or motor vehicle including off-road vehicles and snowmobiles.
- (3) Electric motors are allowed with a maximum thrust of 100 pounds or two horsepower.
- (4) The lower unit of a gas powered motor on a watercraft must be propped up out of the water.

(B) *Cedar Lake (86022700)*. The following surface water restrictions shall apply to Cedar Lake. When lake level reaches or exceeds an elevation of 999.17 feet above sea level, motorboats shall be restricted to a slow-no wake speed within 300 feet from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of 999.17 feet above sea level for three consecutive days, said restriction shall be promptly removed.

(C) *East and West Lake Sylvia (86028900, 86027900)*. The following surface water restrictions shall apply to East and West Lake Sylvia.

- (1) No person shall operate a motorboat, including seaplane, in excess of slow-no wake speed within the channel between East and West Lake Sylvia.
- (2) When lake level reaches or exceeds an elevation of 1,050.08 feet above sea level, motorboats shall be restricted to a slow-no wake speed within 300 feet from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of 1,050.08 feet above sea level for three consecutive days, said restriction shall be promptly removed.

(D) *Howard Lake (86019900)*. The following surface water restrictions shall apply to Howard Lake.

- (1) No person shall operate a motorboat, including seaplanes, in excess of slow-no wake speed within 150 feet of the shoreline, 24 hours a day, between Memorial Day weekend and Labor Day unless launching or landing skiers directly to or from open water.
- (2) When lake level reaches or exceeds an elevation of 998.58 feet above sea level, motorboats shall be restricted to a slow-no wake speed within 300 feet from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of 998.58 feet above sea level for three consecutive days, said restriction shall be promptly removed.

(E) *Lake Ann (86019000)*. The following surface water restrictions shall apply to Lake Ann.

- (1) No person shall operate a motorboat, including seaplanes, in excess of slow-no wake speed within 150 feet of the shoreline, 24 hours a day, between Memorial Day weekend and Labor Day unless launching or landing skiers directly to or from open water.
- (2) When lake level reaches or exceeds an elevation of 987.50 feet above sea level, motorboats shall be restricted to a slow-no wake speed within 300 feet from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of 987.50 feet above sea level for three consecutive days, said restriction shall be promptly removed.

(F) *Pleasant Lake (86025100)*. The following surface water restrictions shall apply to Pleasant Lake. When the water level at the Grass Lake Outlet Dam (860243TW) reaches or exceeds an elevation of 992.1 feet above sea level, motorboats shall be restricted to a slow-no wake speed within 300 feet from all shoreline on Pleasant Lake (86025100) unless launching or landing skiers directly to or from open water. When high water levels

have subsided and have remained below an elevation of 992.1 feet above sea level at the Grass Lake Outlet Dam (860243TW) for three consecutive days, said restriction on Pleasant Lake shall be promptly removed.

(G) *Lake Charlotte (86001100)*. The following surface water restrictions shall apply to Lake Charlotte. No person shall operate a motorboat, including seaplanes, in excess of slow-no-wake speed within 150 feet of the shoreline 24 hours a day, between Memorial Day weekend and Labor Day unless launching or landing skiers directly to or from open water.

(Ord. 14-01, passed 5-13-2014; Ord. passed 8-15-2015)

(H) *Lake Augusta (86028400)*. The following surface water restrictions shall apply to Lake Augusta.

(1) When the water level at the Grass Lake Outlet Dam (860243TW) reaches or exceeds an elevation of Nine Hundred Ninety Two feet and One inch (992.1 feet) above sea level, motorboats shall be restricted to a slow-no wake speed within Three Hundred feet (300 feet) from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of Nine Hundred Ninety Two feet and One inch (992.1 feet) above sea level at the Grass Lake Outlet Dam (860243TW) for three (3) consecutive days, said restriction shall be promptly removed.

(2) No person shall operate a motorboat, including seaplane, in excess of slow-no wake speed within the channel between Augusta Lake and Clearwater Lake.

(I) *Lake Caroline (86028100)*. The following surface water restrictions shall apply to Lake Caroline.

When the water level at the Grass Lake Outlet Dam (860243TW) reaches or exceeds an elevation of Nine Hundred Ninety Two feet and One inch (992.1 feet) above sea level, motorboats shall be restricted to a slow-no wake speed within Three Hundred feet (300 feet) from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of Nine Hundred Ninety Two feet and One inch (992.1 feet) above sea level at the Grass Lake Outlet Dam (860243TW) for three (3) consecutive days, said restriction shall be promptly removed.

(J) *Clearwater Lake (86025200)*. The following surface water restrictions shall apply to Clearwater Lake.

(1) When the water level at the Grass Lake Outlet Dam (860243TW) reaches or exceeds an elevation of Nine Hundred Ninety Two feet and One inch (992.1 feet) above sea level, motorboats shall be restricted to a slow-no wake speed within Three Hundred feet (300 feet) from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of Nine Hundred Ninety Two feet and One inch (992.1 feet) above sea level at the Grass Lake Outlet Dam (860243TW) for three (3) consecutive days, said restriction shall be promptly removed.

(2) No person shall operate a motorboat, including seaplane, in excess of slow-no wake speed within the channel between Augusta Lake and Clearwater Lake.

(K) *Grass Lake (86024300)*. The following surface water restrictions shall apply to Grass Lake.

When the water level at the Grass Lake Outlet Dam (860243TW) reaches or exceeds an elevation of Nine Hundred Ninety Two feet and One inch (992.1 feet) above sea level, motorboats shall be restricted to a slow-no wake speed within Three Hundred feet (300 feet) from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of Nine Hundred Ninety-One feet and Five inches (990.9 feet) above sea level for three (3) consecutive days, said restriction shall be promptly removed.

(L) *Lake Louisa (86028200)*. The following surface water restrictions shall apply to Lake Louisa.

When lake level at the Fairhaven Dam reaches or exceeds an elevation of One Thousand and Six feet and Eight inches (1006.73 feet) above sea level, motorboats shall be restricted to a slow-no wake speed within Three

Hundred feet (300 feet) from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of One Thousand and Six feet and Eight inches (1006.73 feet) above sea level for three (3) consecutive days, said restriction shall be promptly removed.

(M) Lake Marie (73001400). The following surface water restrictions shall apply to Lake Marie.

When lake level at the Fairhaven Dam reaches or exceeds an elevation of One Thousand and Six feet and Eight inches (1006.73 feet) above sea level, motorboats shall be restricted to a slow-no wake speed within Three Hundred feet (300 feet) from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of One Thousand and Six feet and Eight inches (1006.73 feet) above sea level for three (3) consecutive days, said restriction shall be promptly removed.

Effective date: This Ordinance amendment shall be effective immediately upon adoption and publication.
(End of Ordinance Amendment 16-3)

Amendment 16-3a is an amendment to Ordinance 16-3. It is a staff proposed amendment increasing the no-wake elevation for East and West Lake Sylvia by 6 inches. Staff also recommends a seasonal 150-foot no wake be adopted for East and West Lake Sylvia. Kryzer said Lake Sylvia Association is not in favor of the increase and does not want any changes to the Ordinance. A seasonal 150' was offered as a compromise for the summer months, and when it reached a certain elevation it would move to a 300' setback. Other lakes with a 150' no wake zone include Lake Ann and Lake Charlotte. Kryzer has not been in contact with the DNR on the proposed change but the DNR did approve the Ordinance at the ordinary high water mark. The amendment is being requested because of the frequency and staff resources. It is happening every year and was triggered this year in May when there wasn't a lot of rainfall or snow pack. The Wright County Sheriff's Office has over 200 lakes that they must patrol and monitor. Significant resources are being devoted to Lake Sylvia.

Daleiden made a motion to adopt Ordinance Amendment 16-3a, seconded by Borrell. Husom said the Township and Sheriff's Office support this. She has not talked with the Lake Association and she would like to know why they are not supporting this, per the email from the Lake Association President. It was clarified that the motion is to change the trigger elevation from 1050.08 to 1050.58 above sea level. That is when the 300' no wake ordinance would be triggered. It also establishes a seasonal no-wake ordinance from Memorial Day to Labor Day. Borrell said if the Lake Association does not want this, they can request to have it amended. He said it is better to have the seasonal 150' no wake to offer protection to the Lake. Husom said she will abstain from voting. She supports this but doesn't want to vote for this if all of the people on the Lake are opposed. The motion passes 3-1-1 with Potter voting against the motion and Husom abstaining.

Ordinance Amendment Number 16-3a

Wright County Ordinance Amendment Number 16-3 is amended as follows:

§ 131.04 Speed Restrictions is amended as follows:

(C) *East and West Lake Sylvia (86028900, 86027900)*. The following surface water restrictions shall apply to East and West Lake Sylvia.

(1) No person shall operate a motorboat, including seaplane, in excess of slow-no wake speed within the channel between East and West Lake Sylvia.

(2) When lake level reaches or exceeds an elevation of 1,050.58 1,050.08 feet above sea level, motorboats shall be restricted to a slow-no wake speed within 300 feet from all shoreline unless launching or landing skiers directly to or from open water. When high water levels have subsided and have remained below an elevation of 1,050.58 1,050.08 feet above sea level for three consecutive days, said restriction shall be promptly removed.

(3) No person shall operate a motorboat, including seaplanes, in excess of slow-no wake speed within 150 feet of the shoreline, 24 hours a day, between Memorial Day weekend and Labor Day unless launching or landing skiers directly to or from open water.

(End of Ordinance Amendment 16-3A)

On a motion by Daleiden, second by Potter, all voted to approve the Joint Powers Agreement with Stearns County for No Wake Enforcement on Lake Augusta, Lake Caroline, Clearwater Lake, Grass Lake, Lake Louisa and Lake Marie.

GREG KRYZER, ASSISTANT COUNTY ATTORNEY

Approve Funding for Abatement of Public Health Nuisance in Montrose

Approve Funding for Abatement of Public Health Nuisance in Maple Lake

Daleiden made a motion to approve funding for the abatement of public health nuisance in Montrose (400 Center Avenue South) and in Maple Lake (233 Birch Avenue South). The motion was seconded by Borrell and carried 5-0.

LEE KELLY, COUNTY COORDINATOR

Courts Feasibility Study

Lee Kelly, County Coordinator, provided an overview. The National Center for State Courts (NCSC) produced a document reflecting the Wright County District Courts space needs estimates from 2015-2040. The County contracted with Wold Architects to look at the options and cost to expand Court at the Government Center. A Committee Of The Whole Meeting was held on 5-24-16 and the consensus was that it did not appear financially prudent or fiscally smart to expand at this location. Kelly said if the Board is comfortable with the work Wold has completed on the Study, his recommendation would be to accept those findings and discuss action moving forward.

Daleiden said an interim key issue is resolving technology for Courts. One of the plans Wold produced was to build a new Court Facility in two years, including remodeling of the existing Courts space at a cost of \$1.5 million. Much of that is dependent on approval of the Building Inspector. Judge Kate McPherson conveyed that it is not the intention of Courts to expend \$1.5 million for short-term remodeling with that option, but there are some immediate needs. The time frame needs to be resolved by the County Board prior to Courts making those decisions. Another primary need identified is additional staff space in the courtroom. Daleiden asked for an estimate of Court remodel based on a 3-year time frame. Judge McPherson did not have that figure but conveyed it would not be near the \$1.5 million figure. She referenced the potential of having to find another facility to utilize in the case of a homicide jury trial. There is not currently a room that will meet the needs and security for handling jurors in that large of a case.

Borrell suggested the County look to an architect to provide cost estimates, as he has heard figures which vary from \$30 to \$50 million for a new facility. In response to Sawatzke, Kelly said the NCSC space estimate reflects 76,903 sq. ft. required in 2015 and almost 90,000 sq. ft. in 2040. Sawatzke asked for the industry standard for court facilities costs. Kelly responded that varies from \$2.50/sq. ft. to \$600/sq. ft. (information pulled from the Association of MN Architects). Alan Wilczek, Facilities Services Director, stated that standard office construction runs from \$50-\$70/sq. ft. Cost for court facilities run differently because of finishes, HVAC, technology, codes, securities, etc. The Courts facility would have a mix of courtrooms and office space. Sawatzke suggested the last four court facilities built in the State be analyzed to figure the associated cost. Daleiden questioned the cost for the facility in Washington County. Wilczek said those numbers could be obtained through the architect that built the facility. Wilczek referenced the \$1.5 million in remodel costs and the associated time frame. Discussion will occur on accessibility, especially relating to handicap accessibility and working with the building official.

Daleiden referenced the Wold Study and the associated costs for Courts to remain at the current location. He did not feel it was worth the cost. He requested information on the effects to taxpayers if the bonds for the Law Enforcement Center and the Courts facility were rolled together for a 20-year time frame. Discussion followed on the funding handout provided by Kelly based on a \$50 million Courts Project, including Stand-Alone Courts Bonds and Courts with 2007A Refunding. It was the consensus that Wilczek should compile an analysis of several other court facilities that have been constructed in the State (square footage, costs, and any other items that drive the cost up or down). That information should be brought to the next County Board Meeting for review.

Discussion moved to an RFP for architectural services for a new Courts facility. Potter said that step was taken when Wold was selected to provide remodel services. Sawatzke responded that when he voted to hire Wold, it was based on their experience relative to remodeling. He would like a separate process for new construction. Borrell suggested touring recently built facilities in the State. Sawatzke said the Board can decide whether to tour after review of the information provided by Wilczek. Kelly indicated that creating an RFP would take a couple of weeks, and the RFP process would take about 6 weeks. Interviews would follow.

It was the consensus that at the next County Board Meeting, Wilczek will provide information relating to the construction costs associated with other court facilities in the State. Kelly should provide the financial data on the effects to taxpayers if the bonds for the Law Enforcement Center and the Courts facility are rolled together for a 20-year time frame.

Judge McPherson said the Judicial District is supportive of the Board obtaining information to make a more informed decision but are concerned with the associated time frame. The position of the Courts is that they need functional, secure space for Court that provides handicap accessibility. The three small courtrooms will not meet the long-term needs. Daleiden estimated 3 years to go through the process. Judge McPherson said that Wold indicated at the COTW Meeting that the decision be made in 1-2 months in order to maximize the correct building time frame (spring). Sawatzke responded that if the spring cycle is missed, the facility could be started in early 2018. Husom supports Borrell's idea of touring but Courts will have a better idea of what is needed. Sawatzke said Courts can attend the tours. He said in the end, it is the County Board that has to fund this and assess it to the taxpayers.

Discussion led to the timeline. Daleiden said one reason why he selected a 3-year time frame is so that Wold can continue with what they are charged with and get the technology resolved in Courts. A 2.5-year time frame may also work. Wold needs that information so they can contact the building inspector. McPherson said Wold was proposing 2.5 years, which was realistic with the understanding of moving forward with the RFP process. If the RFP is approved in July, the design phase would begin in the fall, which would place this on track to meet the cycle proposed by Wold. If the timeline is pushed out, she stated they risk losing the efficacy of the numbers provided by Wold. Starting in 2019 would be problematic.

Daleiden moved to have Wold proceed with putting together costs for a 2.5 to 3 year plan for Courts to remain in the current location. The motion was seconded by Potter, and carried 5-0.

CONSENT AGENDA

ATTORNEY, Approve Signatures on Agreement with LaPlant Demo, Inc.

Kryzer stated that Consent Agenda Item E, "ATTORNEY, Approve Signatures on Agreement with LaPlant Demo, Inc." was approved earlier in the Meeting. The property owner has asked to speak. Sawatzke said action was taken but the individual will be provided the opportunity to address the Board.

Kryzer stated the agreement with LaPlant Demo, Inc. is for removal of junk and refuse items located at 3659 40th St. NE, Buffalo. It is a Court-ordered Abatement and involves civil litigation. Over 100 vehicles have been removed from the property, as previously approved by the County Board. The next stage is the removal of the remaining junk and refuse on the property. All associated costs will be assessed against the property pursuant to the Court's Permanent Injunction.

Dan Gutknecht, property owner, asked for additional time to clean up the property. He has obtained a building permit and materials to put up a fence and building. He was a MN licensed scrap yard for many years but no longer has a license. During the removal of the vehicles, he was allowed to keep 4 of the 9 buses and inventory, tools, and equipment from the shop. Potter asked about the mobile home. Gutknecht stated he will have that removed. Potter said Gutknecht was here one year ago and said he would clean up the property. He empathizes with some of the personal struggles but said this needs to be addressed. Gutknecht has asked for additional time in the past but has not gotten things done.

Kryzer said the Township has been dealing with this property for 20 years. The County proceeded with a civil suit 4 years ago. A consent agreement followed about a year later laying out the time frame to clean the property. A contempt action followed and a court order obtained to proceed with the bid, which was done last summer. The

bid was rejected. Another 60-day agreement with Gutknecht followed giving him until 6-01-16 to clean up the property.

Kryzer said there are over 7 acres of junk on the property, and the plan is to have LaPlant start tomorrow morning. Kryzer said the barn that was burned needs removal. There are one of two mobile homes remaining and many tires on the property. Gutknecht said he has been given until 8-01-16 to remove a semi-trailer from the property, and asked that he be given that amount of time to clean up the property. He said he will have things in the building or behind the fence by that date. Potter said one year ago, Gutknecht said he would clean up the property and it was not done.

Sawatzke asked if the County Board could hold off action by LaPlant tomorrow and provide Gutknecht time to clean up specific items. Kryzer responded that is what has been done for 4 years and nothing happened. He believes Gutknecht's intentions are good but nothing occurs. Borrell suggested that Gutknecht hire to have the items removed. He thought LaPlant's bid at \$45/hour was good and they would have the equipment to keep the hours down.

Daleiden made a motion to allow Gutknecht 2 weeks to clean up the property. He told Gutknecht it would be cheaper to hire to have this done versus the County doing so and placing it back on the taxes. He clarified the motion includes substantial progress including removal of all tires, the burned barn, and the mobile home. All metal should be put away or hauled away. In 2 weeks, the County Board will readdress the situation. Daleiden will visit the property and take pictures. Husom suggested 6 weeks to clean the property or the County is done. The motion was amended to indicate 2 weeks substantial progress and 6 weeks completely done. The motion was seconded by Borrell. Sawatzke said that the County will proceed with LaPlant if there is not substantial progress as outlined. Sawatzke asked whether this action jeopardizes the County's ability to move forward. Kryzer stated it does not, and Gutknecht is permanently enjoined from having any more violations of the Wright County Zoning Ordinance on his property. The motion carried 4-1 with Potter casting the nay vote. Kryzer said this item will be placed on the 6-28-16 County Board Agenda.

Kryzer estimated the Berda's towing cost for removal of the vehicles at about \$20,000-\$30,000. Kryzer is in the process of obtaining title to 45 vehicles which will be placed up for auction. He thought 50-75% of the vehicles would be scrapped. Those brought to French Lake Auto have been credited to the Berda's Towing bill.

ITEMS FOR CONSIDERATION

RESCHEDULE 7-05-16 COMMITTEE OF THE WHOLE MEETING RE: STRATEGIC PLANNING

Kelly said this meeting is in conflict with the Quarterly Leadership Meeting on 7-05-16. On a motion by Potter, second by Husom, all voted to cancel the COTW meeting on 7-05-16 and reschedule it to 7-12-16 at 10:30 A.M.

6-08-16 BUILDING COMMITTEE MINUTES

On a motion by Daleiden, second by Borrell, all voted to approve the 6-08-16 Building Committee Minutes and recommendations. The Minutes follow:

I. Annex Restroom

Wilczek provided updates on the project status since the last building committee meeting in which it was recommended to obtain a price from another architect for the construction document preparation to compare with the HCM proposal they provided. The Nelson proposal was reviewed and a difference noted in that they proposed the mechanicals be design-build rather than spec'd by the architect.

Recommendation: Daleiden and Sawatzke recommended moving forward with Nelson to create construction documents. After documents are complete, the recommended intent would be to obtain hard bids from contractors for discussion on either moving forward or placing a hold on the project, depending on the bids.

II. IT Expansion

Wilczek provided an update on the IT project in that Ernst had begun demo of the old space and Loberg Electric was beginning to work on wiring of the lighting. The roll-up service window into the hallway was discussed to possibly remove if the IT department no longer needed it.

6-08-16 Building Committee Minutes (cont.):

Recommendation: Daleiden and Sawatzke recommended moving forward with removal of the roll-up window and one hallway door that will be unnecessary with the new configuration of the space.

III. Elevator Repairs

Wilczek provided a proposal from ThyssenKrupp Elevators to compare with the MEI proposal for the upgrade of the courts elevator. The low urgency for the work was discussed and additional required work in the machine room was pointed out in the event the upgrade took place.

Recommendation:

Daleiden and Sawatzke recommended to not do the project at this time and revisit the project at a later date.

IV. Public Works Deferred Maintenance & Remodel

Wilczek provided info on a proposal from Nelson to analyze the public works space and create construction documents for the planned modifications. Discussion took place about the extension office moving to the site and future space needs of the three departments. Also discussed was if the site was a good fit for Extension and what level of collaboration they might have with Parks. Wilczek also presented a proposal from Roof Spec to analyze the current roof condition, design a new system, and oversee the replacement project. Also discussed were the windows and frost/condensation that is occurring on the interior frames.

Recommendation:

It was recommended by Sawatzke and Daleiden to discuss a full building envelope review with a contractor instead of only the roof condition to help determine the cause of the window condensation issues. Wilczek will discuss with companies to determine a scope of that service. It was recommended at a minimum to move forward with assessment of the roof condition for development of new system design. Also recommended was to move forward with the interior design of the space and construction drawings with Nelson.

(End of 6-08-16 Building Committee Minutes)

WILD PARSNIP

Borrell requested that Erik Heuring, County Weed Inspector, and Kerry Saxton, SWCD, attend the next County Board Meeting to discuss eradication and management of wild parsnip. The Highway Department is working on spraying for wild parsnip.

ADVISORY COMMITTEE / ADVISORY BOARD UPDATES

1. Public Works Labor Management. Husom attended a meeting last week. The Highway Department will not attend the County Fair this year because of staffing levels, eight active construction projects, and the move to the new Highway facility.
2. Region 3 Leadership & Planning Board. Husom said the Region 3 Leadership & Planning Board recently met with the Workforce Center. With the 2014 Innovation and Opportunity Act that was passed at the federal level, regional planning areas were required to qualify for federal funding. Husom said the 11 County Workforce Region has partnered with Stearns and Benton Counties to be involved in strategic planning. The goal is to improve efficiencies, to get employers involved, and for training, education, and support services.
3. Transportation Alliance. Potter was in Washington D.C. last week with the Transportation Alliance where the FAST Act and its effects were discussed. Wright County has three freight corridors (I-94, TH-55, and TH-12). He said TH 25 will be included in the freight corridor. Potter was able to meet with Congressman Bill Shuster, Chair of House Transportation Policy Committee, on the FAST Act, the freight corridor, and what Wright County can do to be more recognized. Today there is a bonding hearing in St. Paul that will relate to the bonding elements within the transportation package.
4. AMC Meeting. Sawatzke said a few of the Commissioners attended the AMC Meeting yesterday. Borrell said he urged AMC to fund the legal expenses associated with the County's lawsuit with Rebecca Otto, but AMC was reluctant to do so. Other AMC member counties he spoke with were in support of this request.
5. Solar Work Group. Sawatzke and Borrell attended a meeting last Friday. Sawatzke said the meetings have provided an opportunity to learn much more about solar. Discussion included connection of the solar field to the substation and the requirement of 16 power poles for each 5 megawatt area unless a switch box is used. Xcel Energy plans to remove the smaller row of power poles. Xcel indicated the new poles are at the edge of the right-of-way; the other poles are on private property and hold an easement by use. Sawatzke said they asked whether the new poles could be in the location of the smaller poles. Xcel informed them that it would

involve cutting down trees. To locate the power underground would come at an astronomical price. Sawatzke said Xcel will look into the impacts of moving the poles.

The meeting adjourned at 11:44 A.M.

Re: Services Rendered Through 5/31/2016
(Labor Relations Services)

Dear Lee:

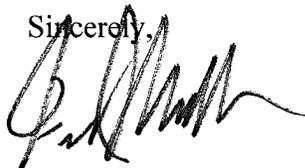

Enclosed is our statement for services rendered from 5/1/2016 through 5/31/2016, which is summarized as follows:

Billing Summary

Total for services rendered	\$986.40
Total expenses	\$170.51
Balance Due	\$1,156.91

If you have any questions regarding the above, please feel free to contact me.

Sincerely,

Frank J. Madden

MINUTES

Wright County Board of Appeal and Equalization June 13, 2016

The Wright County Board of Appeal & Equalization was called to order by Auditor/Treasurer Bob Hiivala on Monday, June 13, 2016 at 4:00 p.m. with the following County Commissioners in attendance: Commissioners Christine Husom, Pat Sawatzke, Mark Daleiden, Michael Potter, and Charlie Borrell. Other County staff in attendance were County Assessor Tony Rasmuson, Assistant County Assessor Keith Triplett and Senior Appraiser Tammy Anderson. Local Assessors Ken Yager (City of Delano) and Randy Des Marais were also in attendance.

County Assessor Tony Rasmuson addressed the Board. His comments are as follows:

“Chairman Sawatzke and commissioners.

I would like to publicly recognize our assessment staff and local assessors for the exceptional work that they do.

I cannot tell you enough how much I enjoy working with this group of people. It blows me away that 25 people are able to process over 61,000 taxable real estate parcels.”

Hiivala interjected and mentioned that the Oath needed to be administered. Deputy Auditor Jackie Schmidt administered the Oath, and the organizational documents were signed by all members present.

There was discussion regarding which commissioners were certified. Commissioners Husom and Potter are certified, but their certification ends in July 2016. There must be one commissioner certified, so Commissioners Husom and Daleiden will join Hiivala for online certification.

Rasmuson continued, “I want to take a moment to recognize Nancy Dahlman, Joey Berg and Randy DesMarais – with a combined assessment experience of over 100 years – for the work that they have done for local governments. We wish them the best in their retirements. We had a get together, along with Greg Kramber, and it was really bittersweet knowing how much experience that we no longer have. But I also want to let you know that I feel we have a very promising future.

I also want to thank Dale Engel for technical assistance that he provided to the office to get our assessment finished and helping us while being short-staffed.

Also wanted to let you know that -

Keith, Tammy and myself met with our Department of Revenue compliance officer and I am pleased to report that we again received no State orders, *which is 14 years straight.*

- The county board of equalization is the second step of the appeals process. Those that have gone before their local boards of appeal qualify to appeal at this level.

- The purpose of this County Board of Appeal and Equalization is to review the 2016 assessment for taxes due and payable in 2017. The board does not have the authority to open any prior year's assessment for taxes due and payable in 2016.
- The County board does not have the authority to grant an exemption or to order property to be removed from the tax roles.
- A quorum must be present and at least one of the members must be "Training Certified" under Minnesota statutes, section 274.014.
- I would also like to thank Commissioners Potter and Husom for completing the training with the department of Revenue.
- Minnesota State law requires the assessor to value property at 100% of market value; however, the Statutes allow the Assessor to be within a range of 90 to 105 percent of market value.
- The sales ratio study period is from October 1, 2014 thru September 30, 2015. The sales data gathered from this study period is used to appraise property as of the January 2, 2016 assessment date.
- According to our State reviewed numbers, there were 1,747 qualified residential and seasonal recreational properties used in the county wide sales ratio study compared to 1,319 last year – which was up about 32.45 percent from last year. The time adjusted median sales ratio of was 89.23% indicating the market prices being paid were greater than the assessed value. There was a county-wide 4.72% increase on this type of property. This is resembling a much more normal market. *This activity is on par with 2007.*
- This year there was a separation of commercial and industrial ratios. There were 18 commercial sales and one industrial sale used in the county-wide sales ratio study. Compared to a total of 21 commercial and five industrial sales last year. Our commercial ratio was at 94.4%. Countywide commercial properties increased 4/10ths of one percent and industrial properties increased 1.75% on average. *The analysis was done in 35 districts.*
- The formula for calculating Green Acre and Rural Preserve taxable value is statutorily determined by the Department of Revenue as required by legislative changes that took place in 2008. Green Acre values were up a little over 5/10's of one percent for the 2016 assessment. Rural Preserve values decreased by 1.78%.
- There was a total of \$185,740,800 in taxable new construction completed for the 2016 assessment. This was up from \$170,297,000 last year or a little over 9.07 percent.
- Total county wide estimated market values increased from approximately \$12.35 billion to \$12.975 billion (an increase of 5.06%).

- The current assessment meets or exceeds standards for uniform assessment in all jurisdictions established by the International Association of Assessment Officers.
- The Wright county assessor's office experienced 64 appeals at the local levels – this was down 14% from last year – I would like to reiterate the work by our staff to have us come before you with only six appeals at the county level.

Thank you.”

**Additions to Rasmuson's comments that were made by Schmidt, who was taking minutes, are in italics.*

1st Petitioner: David Hanson (Owner: Corner Properties, LLC), PID # 155-131-001010 – City of Monticello. There were issues with vacancy, plus it was previously bank-owned. It was on sale for about five years, originally for \$1,995,000, eventually reduced to \$1,530,000. Rasmuson recommended to the City of Monticello that they lower the value to \$1,200,000, which they did not do. The owner bought it in March for \$1,200,000 and had it appraised, which was for the same amount.

Motion was made by Borrell to reduce the value of PID #155-131-001010 to \$1,200,000; Second by Husom. Motion carried unanimously.

2nd Petitioners: Craig & Jennifer Butturff, PID # 209-000-291302, PID 209-000-291300, PID 209-000-294200 & PID # 209-000-294101 – French Lake Township. *Commissioner Potter excused himself from the conversation because the petitioner is his nephew. Triplett re-assessed and re-measured, after which he recommended no change. The petitioner said it had been on the market for 4-5 years. Additionally, the property borders a gravel pit and a closed garbage dump. There was discussion regarding both of these topics.

Motion was made by Daleiden to “split the difference” and change value to \$698,500; Second by Borrell. Motion carried 4-0, with Potter abstaining.

3rd Petitioners: Gloria Janikula (Owner: Woodland Township) PID # 220-000-221103 – Woodland Township. Gene Janikula was the appellant. Janikula said it's never been on the tax roll. This is a split class property – 1 part is exempt and 1 part AG. Rasmuson stated that every six years exempt property is reviewed. The Township is renting the AG part out, and that's why taxes are assessed for it. Janikula would like a letter stating that exempt owners pay taxes on property that gets rented. Additionally, the acreage might not be correct. That will be verified.

Motion was made by Daleiden to the change made at the local board affirming acreage; Second by Potter. Motion carried unanimously.

4th Petitioners: Steve & Peggy Labatt, PID # 114-252-003170 – City of St. Michael. Triplett appealed on their behalf. He stated the home had been graded 8.5 (grades are between 6-10). That grade generally means there are tile floors, granite countertops, etc. Triplett and Chase Philippi (a Wright County Assessor) reviewed and re-measured the home and this house does not have granite counters or tile floors. The recommendation is to reduce the value from \$436,400 to \$412,500.

Motion was made by Husom to go with the recommendation to reduce the value from \$436,400 to \$412,500; Second by Potter. Motion carried unanimously.

5th Petitioner: Christopher Leines Trust, PID # 108-500-032200 & 108-500-032100 – City of Hanover. Triplett appealed on behalf of the Trust. “Recommended changes are due to taking the waste out that was previously not accounted for and for the zoning that was misinterpreted by the county. We were under the impression that it could be developed into 2.5 ac lots without city water and sewer to the property, but that is not the case. Current zoning requires sewer and water for 2.5 ac lots.” The recommendation is to reduce the value of PID # 108-500-032200 from \$891,000 to \$737,900, which is a reduction of \$153,100 and to reduce the value of PID # 108-500-032100 from \$543,600 to \$435,400, which is a reduction of \$108,200.

Motion was made by Daleiden to accept recommendations; Second by Potter. Motion carried unanimously.

6th Petitioners: Mark & Nancy McDonald, PID # 205-015-001090 – Cokato Township. Triplett appealed on their behalf. Triplett and Phillipi re-measured and reviewed the home. There are 91 steps down to the lakeshore. The recommendation is to reduce the value of PID # 205-015-001090 from \$409,200 to \$375,600, which is a reduction of \$33,600

Motion was made by Potter to accept recommendation; Second by Borrell. Motion carried unanimously.

7th Petitioners: Robert Carrillo, PID # 114-137-003010 – City of St. Michael. Triplett appealed on his behalf. Triplett re-measured and reviewed the home and discovered there were areas of the home that needed finishing. Additionally, the home had been assessed with more square feet than he had. The recommendation is to reduce the value of PID # 114-137-003010 from \$474,500 to \$387,000, which is a reduction of \$87,500

Motion was made by Borrell to accept recommendation; Second by Potter. Motion carried unanimously.

8th Petitioners: Jody & Christian Locher, PID # 107-054-001260 – City of Delano. Yager appealed on their behalf. The Delano City Council voted no change at their local Board of Review. Yager, along with Triplett, reviewed the property. The finished basement was listed at 936 square feet, when it is actually 330 square feet. Additionally, previous information had the garage sheet rocked and insulate, when it is not. The recommendation is to reduce the value of PID # 107-054-001260 from \$191,900 to \$174,400, which is a reduction of \$17,500

Motion was made by Daleiden to accept recommendation; Second by Husom. Motion carried unanimously.

9th Petitioners: Doug Triplett (no relation – or distant relation to Keith Triplett), PID # 206-000-312102 – Corinna Township. Triplett appealed on his behalf. The City of Annandale is putting a bike trail across his property and will not let him plant in that area. In addition, there are several acres that are not able to be planted because they are wet. Several acres were reduced from a tillable value to a waste value. The recommendation is to reduce the estimated market value of PID from \$480,100 to \$459,700, which is a reduction of \$20,400 and to reduce the taxable market value from \$356,500 to \$343,100, which is a reduction of \$13,400.

Motion was made by Daleiden to accept recommendation; Second by Potter. Motion carried unanimously.

10th Petitioners: Menards, PID # 103-216-002010 – City of Buffalo. Rasmuson appealed on their behalf. There have been settlements in other counties, so the basis of this recommendation is court cases with other counties. The recommendation is to reduce the value of PID # 103-216-002010 from \$8.5 million to \$7.5 million.

Motion was made by Potter to accept recommendation; Second by Daleiden. Motion carried unanimously.

That was the conclusion of scheduled appointments.

Motion was made at 5:34 p.m. by Husom to adjourn the Board of Appeal and Equalization; Second by Potter. Motion carried unanimously.

Dear Commissioners,

2016 assessment market value for all four parcels \$737,000
2016 assessment taxable value for all four parcels \$686,700

This was an estate sale and the current owner purchased all four parcels on April 22nd 2015
For \$660,000.

We are recommending no change

RE: PID# 114-137-003010

Dear Commissioners,

We are recommending the following change for this parcel.

PID# 114-137-003010 has a 2016 assessed estimated market value of \$474,500 and we propose changing it to \$387,000. This would be an \$87,500 reduction for the 2016 assessment taxes payable in 2017. This change is a result of Keith Triplett from the Wright County Assessor's Office going to Robert's home and re-measuring and reviewing the condition of the home. The owner was being assessed on more square feet more than he actually had, and there were some areas of the home that needed some finishing.

Sincerely,

Keith Triplett
Chief Deputy Assessor

RE: PID# 114-252-003170

Dear Commissioners,

We are recommending the following change for this parcel.

PID# 114-252-003170 has a 2016 assessed estimated market value of \$436,400 and we propose changing it to \$412,500. This would be a \$23,900 reduction for the 2016 assessment taxes payable in 2017. This change is a result of Keith Triplett and Chase Philippi from the Wright County Assessor's Office going to Steve & Peggy's home and re-measuring and reviewing the condition of the home.

Sincerely,

Keith Triplett
Chief Deputy Assessor
Wright County Assessor's Office

RE: PID# 108-500-032200 & 108-500-032100

Dear Commissioners,

We are recommending the following changes for these two parcels

PID# 108-500-032200 Current 2016 assessed value is \$891,000. We are recommending it be reduced to \$737,900 a reduction of \$153,100 dollars

PID# 108-500-032200 Current 2016 assessed value is \$543,600. We are recommending it be changed to \$435,400 a reduction of \$108,200 dollars.

These changes are due to taking the waste out that was previously not accounted for and for the zoning that was misinterpreted by the county. We were under the impression that it could be developed into 2.5 ac lots without city water and sewer to the property, but that is not the case. Current zoning requires sewer and water for 2.5 ac lots.

Sincerely,

Keith Triplett
Chief Deputy Assessor
Wright County Assessor's Office
Ph: 763-682-8957

* Note - the second PID listed is the same as the first (in the letter). It is correct in the heading.

May 23, 2016

Summary of Jody & Christian H. Locher property at 1407 Fox St., Delano, MN 55328

RE: 107-054-001260

Mr. & Mrs. Locher were last minute walk-in property owners at the April 26th City of Delano Board of Review.

Before the Council voted, Mr. & Mrs. Locher were asked if the property could be reviewed and results sent to the County Board of Review. The Lochers indicated they did not want to attend another meeting.

The Delano City Council voted no change for the local Board of Review and referred the Lochers to the June 13th County Board of Review.

On May 17th, the Locker property was reviewed by Keith Triplett, Assistant County Assessor and Ken Yager, Delano City Assessor. The value sent out for the 2016 assessment was \$191,900. The new recommended value is \$174,400. This is a \$17,500 reduction in value.

An adjustment in the amount of basement finish and an adjustment in the value of the garage accounted for the value change.

Previous information had basement finish at 936 square feet – actual is 330 square feet. Previous information had garage insulated and sheet rocked. It is not insulated or sheet rocked.

3281 Newcomb Ave. SW
Cokato, MN 55321

RE: PID# 205-015-001090

Dear Commissioners,

We are recommending the following change for this parcel.

PID# 205-015-001090 has a 2016 assessed estimated market value of \$409,200 and we propose changing it to \$375,600. This would be an \$33,600 reduction for the 2016 assessment taxes payable in 2017. This change is a result of Keith Triplett & Chase Philippi from the Wright County Assessor's Office going to Mark & Nancy's home and re-measuring and reviewing the condition of the home. The value was reduced all on the land due to the 91 steps down to the lakeshore.

Sincerely,

Keith Triplett

June 13th, 2016

Doug Triplett
8334 10th St. NW
Annandale, MN 55302

RE: PID# 206-000-312102

Dear Commissioners,

We are recommending the following changes for this parcel.

PID# 206-000-312102 has a 2016 assessed estimated market value of \$480,100 and we propose changing it to \$459,700. We also propose changing the taxable market value from \$356,500 to \$343,100. Estimated market value would be reduced by \$20,400 and the taxable would be reduced by \$13,400.

These changes are recommended because the city of Annandale is putting a bike trail across his property which has not begun yet but the city will not let him plant this area. Plus there are several acres that are wet every year that Doug cannot plant, so we reduced several acres from a tillable value to a waste value.

Sincerely,

Keith Triplett
Chief Deputy Assessor
Wright County Assessor's Office

WRIGHT COUNTY PLANNING COMMISSION

Meeting of: June 9, 2016

MINUTES – (Informational)

The Wright County Planning Commission met June 9, 2016, in the County Commissioners Board Room at the Wright County Government Center, Buffalo, Minnesota. Chairman, Dan Mol, called the meeting to order at 7:30 p.m. with the following Board members present: Mol, Charlie Borrell, David Pederson, Jan Thompson, Ken Felger, Dave Thompson and Dan Bravinder. Sean Riley, Planning & Zoning Administrator, represented the Planning & Zoning Office; Greg Kryzer, Assistant County Attorney, was legal counsel present.

KEVIN E. BUTCHER – New Item

LOCATION: 10006 Fenner Avenue SE – North 26 acres of the N ½ of the NE ¼, lying east of the town road, Section 25, Township 118, Range 25, Wright County, Minnesota. (Franklin Twp.) Tax #208-200-251102 & -251100 Property owner: Morrow
Petitions to rezone from AG General Agricultural to A/R Agricultural-Residential and a Conditional Use Permit for an unplatted two-lot residential subdivision (north lot to include existing house) as regulated in Section 603 of the Wright County Zoning Ordinance and Subdivision Regulations.

Present: Kevin Butcher

- A. Riley reviewed the location of the property, existing zoning map that shows the parcels are zoned AG. Land Use Plan designation is for A/R. A survey presented shows an existing property line goes through the house. The two tax parcels are not separate building lots and have always been owned together. Options were to apply for a variance to see if approval could be given for the odd lot lines, however, since the property is in the Land Use Plan and they were able to meet the requirements, the rezoning made sense. The request is to rezone and if approved, a two-lot subdivision would follow.
- B. Kryzer informed the applicant that there could be no further encroachment on the property line and they might want to keep that in mind for the subdivision. Riley agreed, noting the new house should have no problem meeting setbacks. But the existing house could not extend closer toward the proposed line, unless it is adjusted. The setback is 30' from that line. It was suggested to move that line to give plenty of room for any future expansion.
- C. Mol noted the action tonight is on the rezoning. Opened the hearing for public comment. Hearing no comments, brought the matter back for action.
- D. J. Thompson moved to approve the rezoning to the County Board of Commissioners from AG General Agricultural to A/R Agricultural-Residential because it meets the criteria laid out in the Land Use Plan and the Town Board approves. Borrell seconded the motion.

Dear Mr. O'Malley,

Enclosed is the Joint Powers Agreement between your facility and the Department of Corrections for Work Release services for the fiscal year 2017.

Please have the appropriate two individuals sign all of the copies of the enclosed agreement (and if available, documentation from the county board approving the agreement) and return to the Work Release Unit.

Please note that the total amount listed in the Joint Powers Agreement is an inflated estimate.

Also, please include a copy of your PREA audit if you have had one completed. If not, please let me know when you have one scheduled to occur.

If you have any questions, please contact me at (651) 361-7127.

Thank you for your attention to this matter.

Sincerely,

Terry Byrne
Work Release Director

Enclosure

STATE OF MINNESOTA JOINT POWERS AGREEMENT

This agreement is between the State of Minnesota, acting through its commissioner of corrections, Department of Corrections, Work Release Unit, 1450 Energy Park Drive, Suite 200, St. Paul, MN 55108 ("State") and Wright County – Wright County Sheriff's Office, 3800 Braddock Avenue NE, Buffalo, Minnesota 55313 ("Governmental Unit").

Recitals

Under Minnesota Statute § 471.59, subdivision 10, the State is empowered to engage such assistance as deemed necessary. The State is in need of work release services.

Agreement

1 Term of Agreement

- 1.1 *Effective date: July 1, 2016*, or the date the State obtains all required signatures under Minnesota Statutes Section 16C.05, subdivision 2, whichever is later.
- 1.2 *Expiration date: June 30, 2017*, or until all obligations have been satisfactorily fulfilled, whichever occurs first.

2 Agreement between the Parties

- 2.1 The State will refer State offenders who:
 - a) meet the criteria and screening for work release as established in Minn. Stat. § 241.26 and State policy 205.120 located at www.doc.state.mn.us, which is incorporated by reference;
 - b) have security requirements that are met by the Governmental Unit's work release program, and;
 - c) have a release plan that incorporates the geographical area of the Governmental Unit.
- 2.2 The Governmental Unit and State must mutually agree on the State offender placement in the Governmental Unit's work release program.
- 2.3 The Governmental Unit will provide work release services under the rules and regulations of the Minnesota Department of Corrections Work Release Program Manual, as provided by the State authorized representative.

3 Payment

The State will pay Fifty-Five and 00/100 dollars (\$55.00) per day per State offender participating in the Governmental Unit's work release program inclusive of date of arrival and not inclusive of date of departure. Payment will be consistent with the fiscal section in the Work Release Program Guidelines Manual. This agreement does not include any additional reimbursement for travel and subsistence expenses incurred by the Governmental Unit in the performance of this agreement.

The total obligation of the State under this agreement will not exceed Eighty Thousand dollars and 00/100 (\$80,000.00).

4 Authorized Representatives

The State's Authorized Representative is Terry Byrne, 1450 Energy Park Drive, Suite 200, St. Paul, MN 55108, Phone 651-361-7127, or his successor.

The Governmental Unit's Authorized Representative is Jail Administrator Patrick O'Malley, 3800 Braddock Avenue NE, Buffalo, Minnesota 55313 (763-684-4587) or his successor.

5 Assignment, Amendments, Waiver, and Contract Complete

- 5.1 **Assignment.** The Governmental Unit may neither assign nor transfer any rights or obligations under this agreement without the prior consent of the State and a fully executed Assignment Agreement, executed and approved by the same parties who executed and approved this agreement, or their successors in office.
- 5.2 **Amendments.** Any amendment to this agreement must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original agreement, or their successors in office.
- 5.3 **Waiver.** If the State fails to enforce any provision of this agreement, that failure does not waive the provision or its right to enforce it.
- 5.4 **Contract Complete.** This agreement contains all negotiations and agreements between the State and the Governmental Unit. No other understanding regarding this agreement, whether written or oral, may be used to bind either party.

6 Indemnification

In the performance of this contract by the Governmental Unit, or Governmental Unit's agents or employees, the Governmental Unit must indemnify, save, and hold harmless the State, its agents, and employees, from any claims or causes of action, including attorney's fees incurred by the state, to the extent caused by Governmental Unit's:

- 1) Intentional, willful, or negligent acts or omissions; or
- 2) Actions that give rise to strict liability; or
- 3) Breach of contract or warranty.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the State's sole negligence. This clause will not be construed to bar any legal remedies the Governmental Unit may have for the State's failure to fulfill its obligation under this contract.

7 State Audits

Under Minnesota Statute § 16C.05, subdivision 5, the Governmental Unit's books, records, documents, and accounting procedures and practices relevant to this agreement are subject to examination by the State and/or the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this agreement.

8 Government Data Practices

The Governmental Unit and State must comply with the Minnesota Government Data Practices Act, Minnesota Statute Ch. 13, as it applies to all data provided by the State under this agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the Governmental Unit under this agreement. The civil remedies of Minnesota Statute § 13.08 apply to the release of the data referred to in this clause by either the Governmental Unit or the State.

If the Governmental Unit receives a request to release the data referred to in this Clause, the Governmental Unit must immediately notify the State. The State will give the Governmental Unit instructions concerning the release of the data to the requesting party before the data is released.

9 Venue

Venue for all legal proceedings out of this agreement, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

10 Termination

- 10.1 **Termination.** The State or the Governmental Unit may terminate this agreement at any time, with or without cause, upon 30 days' written notice to the other party.
- 10.2 **Termination for Insufficient Funding.** The State may immediately terminate this agreement if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the payment of the services covered here. Termination must be by written or fax notice to the Governmental Unit. The State is not obligated to pay for any services that

are provided after notice and effective date of termination. However, the Governmental Unit will be entitled to payment, determined on a pro rata basis, for services satisfactorily performed to the extent that funds are available. The State will not be assessed any penalty if the agreement is terminated because of the decision of the Minnesota Legislature, or other funding source, not to appropriate funds. The State must provide the Governmental Unit notice of the lack of funding within a reasonable time of the State's receiving that notice.

11 E-Verify Certification (In accordance with Minn. Stat. §16C.075)

For services valued in excess of \$50,000, Contractor certifies that as of the date of services performed on behalf of the State, Contractor and all its subcontractors will have implemented or be in the process of implementing the federal E-Verify program for all newly hired employees in the United States who will perform work on behalf of the State. Contractor is responsible for collecting all subcontractor certifications and may do so utilizing the E-Verify Subcontractor Certification Form available at <http://www.mmd.admin.state.mn.us/doc/EverifySubCertForm.doc>. All subcontractor certifications must be kept on file with Contractor and made available to the State upon request.

12 Prison Rape Elimination Act Compliance

Contractor must comply with the Prison Rape Elimination Act (PREA) of 2003 (Federal Law 42 U.S.C. 15601 et. seq.), with all applicable Federal PREA standards, and with all State policies and standards related to PREA for preventing, detecting, monitoring, investigating, and eradicating any form of sexual abuse within facilities/programs/offices owned, operated, or contracted. Contractor acknowledges that, in addition to self-monitoring requirements, the State will conduct compliance monitoring and PREA standards require an outside independent audit.

Comprehensive Economic Development Strategy (CEDS)

Region 7W Counties of Benton, Sherburne, Stearns, and Wright

Welcome – Dan Weber, Assistant County Administrator, Sherburne County

* 2014 Quad County Resolution of Support

What is a CEDS?

- **The Comprehensive Economic Development Strategy** contributes to effective economic development in America's communities and regions through a locally based, regionally driven economic development planning process. **Economic development planning**—as implemented through the CEDS—is not only a cornerstone of the U.S. Economic Development Administration's (EDA) programs, but successfully serves as a means to engage community leaders, leverage the involvement of the private sector, and establish a strategic blueprint for **regional collaboration**. The CEDS provides the capacity-building foundation by which the public sector, working in conjunction with other economic actors (individuals, firms, industries), **creates the environment for regional economic prosperity**.

Background

- Central MN Regional Development Commission (RDC) organized in 1973
- Applied for federal Economic Development District (EDD) designation status
- RDC voluntarily dissolves in 1982
- EDD District status discontinued

Background (cont.)

- St. Cloud Area Economic Development Partnership (SCAEDP) explores benefits/process to re-establish EDD in 2008
- SCAEDP develops a Comprehensive Economic Development Strategy (CEDS); needed to establish an EDD – completed and submitted to EDA in 2010

Background (cont.)

- SCAEDP disbands in favor of new structure with increased private sector representation
- East Central Regional Development Commission (ECRDC) submits proposal in April 2011 to assist with continuing EDD effort
- SCAEDP accepts proposal and provides funding to ECRDC

Central MN Quad Counties

- Established strategy committee representative of proposed EDD area
- Prepared annual CEDS updates to EDA, including surveying communities on new projects/initiatives
- Organized meetings of strategy committee and stakeholders

Quad Counties (cont.)

- Developed draft proposal for creating an EDD
- Explored various governance structures to meet EDA requirements
- Submitted annual CEDS updates to EDA
- Met with EDA staff on funding to develop new 5-year CEDS (2017-2022)
- Prepared a Request for Proposals (RFP) for CEDS

Quad Counties (cont.)

- Central Minnesota Jobs & Training Services, Inc. (CMJTS) can utilize governance structure and employ staff to develop new CEDS
- EDA Partnership Planning Grant program can provide short-term planning funds for CEDS
- Source of matching funds need to be identified

EDA Funded Projects Region 7E CEDS

2000 – 2015

Project	Year	Total	EDA
Mora Industrial Park	2000	\$ 956,000	\$ 631,672
Pine Technical College (JVRC)	2000	2,531,206	1,379,600
Cambridge Opportunity Park	2002	3,260,618	1,659,322
Wyoming (Polaris R&D)	2005	6,953,000	1,012,018
ECRDC (Industrial Park Marketing)	2009	22,500	45,000
PTC Tech. Business Incubator	2011	6,597,000	1,798,200
Sandstone Medical Campus	2015	4,632,600	2,316,300
TOTAL		\$24,952,924	\$8,842,112

CMJTs in-kind contribution Tricia

Office space	\$1,500.00	• Approx. 10' x 12' office space
Laptop computer	\$2,200.00	• One-time purchase
Supervisor/manager salary	\$5,046.58	• Salary and fringe benefits
QAD	\$ 455.00	• Reporting, data tracking
Finance	\$1,255.62	• Payroll – employee, reports, grant regulations
Administration	\$ 450.00	• Meeting coordination
HR	\$1,204.33	• Hiring and benefits administration
CEO	\$3,670.00	• Board review, CEO oversight
WDD group	\$3,979.02	• Grant writing, business development
Graphic design work	\$3,268.93	• Flyer production, marketing efforts
Cell phone	\$ 200.00	• Computer set up, training, IT support, network
IT support	\$1,500.00	
TOTAL	\$24,729.48	

Grant expenditures Tricia

- 1 FTE economic development coordinator ([job description*](#))
- Phone service
- Supplies
- **Total Annual Cash Grant** **\$100,000**
- Salary and benefits – job description to be provided (e.g., \$71,040 with benefits is \$100,000 cap)
- Cell phone service and desk phone
- Misc. supplies

Benefits of CEDS

Benefits of CMJTS

- Collaboration between workforce development and economic development: commitment to its success
- Fits with WIOA (new federal law)
- Established business connections
- Employer services – work-based learning
- Jobseeker match to meet business needs

Benefits for Counties

- Locate grants to allow business to grow in the region
- Enhance Region 7W business expansion
- Update CEDS plan
- Access to CMJTS workforce development grant team with proven success in writing/receiving federal grants
- Providing updated CEDS action plan information to the county boards

NEXT Steps: Going Forward Dan

County	Population	Percentage	Percentage of \$30,000
Benton	39,700	9.51%	\$ 2,853.86
Sherburne	91,705	21.97%	6,590.62
Stearns	154,708	37.06%	11,118.50
Wright	131,311	31.46%	9,437.01
TOTAL	417,434	100.00%	\$30,000.00

Resolution of support:

- Financial support from all four counties: What does this look like?
- Joint Powers Board Agreement or Resolution?

WRIGHT COUNTY BOARD OF COMMISSIONERS
RESOLUTION # 2016-_____

A Resolution in Support of Application to the Federal EDA Short Term Planning Program to Assist in the Completion of a Comprehensive Economic Development Strategy Plan (CEDs)

WHEREAS, expansion of the local tax base, creation of new high paying jobs, improvements to the quality of life and collaboration with other public entities are strategic economic development goals of the county, and;

WHEREAS, the Federal Economic Development Administration has significant resources, including grants, available to promote and advance local economic development, and;

WHEREAS, the Comprehensive Economic Development Strategy (CEDs) contributes to effective economic development in America's communities and regions through a locally-based, regionally-driven economic development planning process that is required to be eligible for certain federal EDA funding, and;

WHEREAS, additional resources are only available to areas within an Economic Development District as designated by the Federal Economic Development Administration, and;

WHEREAS, establishing a formal partnership with Central Minnesota Jobs and Training, the Initiative Foundation, Benton County, Sherburne County, Stearns County and Wright County would share resources and benefits.

NOW THEREFORE BE IT RESOLVED THAT THE BOARD OF COMMISSIONERS OF WRIGHT COUNTY HEREBY SUPPORTS APPLICATION TO THE FEDERAL EDA SHORT TERM PLANNING PROGRAM TO ASSIST IN THE DEVELOPMENT OF A COMPREHENSIVE ECONOMIC DEVELOPMENT STRATEGY PLAN (CEDs) WITH THE CREATION OF AN ECONOMIC DEVELOPMENT DISTRICT SERVING BENTON, SHERBURNE, STEARNS AND WRIGHT COUNTIES BEING A GOAL TO WORK TOWARDS;
AND

BE IT FURTHER RESOLVED THAT THE BOARD OF COMMISSIONERS OF WRIGHT COUNTY AGREE TO CONTRIBUTE THE FOLLOWING AMOUNTS AS A CASH MATCH IN THE EVENT THE PLANNING GRANT APPLICATION IS APPROVED:

Year 1 = \$10,382

Year 2 = \$15,730

Year 3 = \$9,438

AND;

BE IT FURTHER RESOLVED THAT THE WRIGHT COUNTY COORDINATOR HAS THE AUTHORITY TO EXECUTE AND APPROVE ALL GRANT DOCUMENTS RELATED TO THE EDA AWARD.

Adopted this ____ day of _____, 2016.

Central Minnesota Housing Partnership has received the 2016-2017 funding for the Rental Rehabilitation Deferred Loan Program, we will now begin accepting applications for 2016 projects. **Key Change for 2016:** program funds will be split into two funding pools; small project funding (1-4 units) and large project funding (5+ units). See below for updated loan terms. Application and general qualifications can be found here [2016 RRDL Application](#). These funds are available on a first come first serve basis.

RRDL loan funds can be used to cover the costs of eligible rehabilitation items and project soft costs. Common rehabilitation items include roofing, siding, windows, doors, insulation, floor coverings, painting, kitchen cabinets/bathroom vanities, appliances, plumbing, furnaces/boilers, electrical, code issues and health and safety items. Eligible soft costs may include administrative fee, title and recording fees, lead paint/asbestos assessment costs and architect fees.

Properties located in the following counties are initially eligible to apply (city of St. Cloud not included) :

▪ Aitkin	▪ Chisago	▪ Mille Lacs	▪ Stearns
▪ Benton	▪ Crow Wing	▪ Morrison	▪ Todd
▪ Carlton	▪ Isanti	▪ Pine	▪ Wadena
▪ Cass	▪ Kanabec	▪ Sherburne	▪ Wright

RRDL loan funds can be used to cover the costs of eligible rehabilitation items and project soft costs. Common rehabilitation items include roofing, siding, windows, doors, floor coverings, painting, appliances, plumbing, furnaces/boilers, electrical, code issues and health and safety items.

Program requirements include, but are not limited to:

- Property must meet minimum financial feasibility and selection requirements
- Documentation of positive cash flow and low vacancy rates
- At least 51% of the property must be residential space
- Project must meet tenant income and rent limits ([view current rent and income limits here](#))
- Rehabilitation must address all rehabilitation items required by program such as lead paint remediation, electrical outlet/panel upgrades, smoke detectors, etc.
- Architect involvement determined by proposed scope of work
- Owner must contribute a minimum of 3% of RRDL loan to the project
- Application fee of \$100 per unit with a \$500 minimum fee/\$3,000 maximum fee collected after initial approval

Loan Information, Features and Benefits:

SMALL PROJECTS (1 - 4 UNIT):

- Loan maximum of \$25,000 per unit or \$35,000 for single family homes/duplexes
- 0% interest construction/permanent loan
- Loan term of 10 years with deferred payments
- Up to 100% loan forgiveness for maintaining rent and income compliance requirements for full term of loan
- Non-recourse loan

LARGE PROJECTS (5+ UNITS):

- Up to \$25,000 per unit with maximum loan of \$300,000 per project
- 0% interest construction/permanent loan
- Loan terms of 10 - 30 years based on loan amount
- Up to 10% loan forgiveness for maintaining rent and income compliance requirements for full term of loan
- Non-recourse loan
- Loan may be extended in lieu of repayment for continued affordability

RESOLUTION

Central Minnesota Housing Partnership
As Designated Administrative Body For The
Rental Rehabilitation Deferred Loan Program

WHEREAS, Wright County has made significant progress in meeting the need for housing rehabilitation in the Cities and rural areas of the County; and

WHEREAS, an unmet need remains for the repair and rehabilitation of rental housing units; and

WHEREAS, the Rental Rehabilitation Deferred Loan Program sponsored by Minnesota Housing (MHFA) may provide a means for rehabilitating rental housing units in Wright County.

NOW THEREFORE BE IT RESOLVED that the Central Minnesota Housing Partnership is hereby designated as the administrative body for implementing this program in Wright County.

**STATE OF MINNESOTA
DEPARTMENT OF TRANSPORTATION
And
WRIGHT COUNTY
COOPERATIVE CONSTRUCTION
AGREEMENT**

State Project Number (S.P.):	<u>8606-61</u>	Estimated MNDOT SEC164 Amount
Trunk Highway Number (T.H.):	<u>55=069</u>	<u>\$182,107.17</u>
State Project Number (S.P.):	<u>086-603-021</u>	Estimated County Amount Receivable
Federal Project Number:	<u>HSIP 8616(226)</u>	<u>\$0.00</u>
Signal System I.D.:	<u>40081</u>	

This Agreement is between the State of Minnesota, acting through its Commissioner of Transportation ("State") and Wright County acting through its Board of Commissioners ("County").

Recitals

1. The State will perform left turn lane and traffic signal construction and other associated construction upon, along and adjacent to Trunk Highway No. 55 at intersection of County State Aid Highway (C.S.A.H.) No. 3 and Trunk Highway No. 55 according to State-prepared plans, specifications and special provisions designated by the State as State Project No. 086-603-021 and 8606-61 (T.H.55=069) ("Project"); and
2. The County wishes to participate in the costs of the traffic signal and lighting construction and associated construction engineering; and
3. Agreement No. 1002092 and No. 1002510 between the State and Canadian Pacific Railway (CP) will address railroad crossing signal system installation and flagging respectively; and
4. Agreement No. 01468 will be amended to remove operation and maintenance requirements of Intersection Conflict Warning System and Highway Lighting System (RICWS) on C.S.A.H. 3; and
5. Minnesota Statutes § 161.20, subdivision 2 authorizes the Commissioner of Transportation to make arrangements with and cooperate with any governmental authority for the purposes of constructing, maintaining and improving the Trunk Highway system.

Agreement

1. Term of Agreement; Survival of Terms; Plans; Incorporation of Exhibits

- 1.1. **Effective Date.** This Agreement will be effective on the date the State obtains all signatures required by Minnesota Statutes § 16C.05, subdivision 2.
- 1.2. **Expiration Date.** This Agreement will expire when all obligations have been satisfactorily fulfilled.
- 1.3. **Survival of Terms.** All clauses which impose obligations continuing in their nature and which must survive in order to give effect to their meaning will survive the expiration or termination of this Agreement, including, without limitation, the following clauses: 3. Maintenance by the County; 9. Liability; Worker Compensation Claims; 11. State Audits; 12. Government Data Practices; 13. Governing Law; Jurisdiction; Venue; and 15. Force Majeure. The terms and conditions set forth in Article 4. Signal System and EVP System Operation and Maintenance will survive the expiration of this Agreement, but may be terminated by another Agreement between the parties.
- 1.4. **Plans, Specifications, Special Provisions.** Plans, specifications and special provisions designated by the State as State Project No. 8606-61 (T.H. 55=069) are on file in the office of the Commissioner of Transportation at St. Paul, Minnesota, and incorporated into this Agreement by reference ("Project Plans").

1.5. **Exhibits.** Preliminary SCHEDULE "I" is on file in the office of the County Engineer and incorporated into this Agreement by reference.

2. Construction by the State

2.1. **Contract Award.** The State will advertise for bids and award a construction contract to the lowest responsible bidder according to the Project Plans.

2.2. *Direction, Supervision and Inspection of Construction.*

A. **Supervision and Inspection by the State.** The State will direct and supervise all construction activities performed under the construction contract, and perform all construction engineering and inspection functions in connection with the contract construction. All contract construction will be performed according to the Project Plans.

B. **Inspection by the County.** The County participation construction covered under this Agreement will be open to inspection by the County. If the County believes the County participation construction covered under this Agreement has not been properly performed or that the construction is defective, the County will inform the State District Engineer's authorized representative in writing of those defects. Any recommendations made by the County are not binding on the State. The State will have the exclusive right to determine whether the State's contractor has satisfactorily performed the County participation construction covered under this Agreement.

2.3. *Plan Changes, Additional Construction, Etc.*

A. The State will make changes in the Project Plans and contract construction, which may include the County participation construction covered under this Agreement, and will enter into any necessary addenda, change orders and supplemental agreements with the State's contractor that are necessary to cause the contract construction to be performed and completed in a satisfactory manner. The State District Engineer's authorized representative will inform the appropriate County official of any proposed addenda, change orders and supplemental agreements to the construction contract that will affect the County participation construction covered under this Agreement.

B. The County may request additional work or changes to the work in the plans as part of the construction contract. Such request will be made by an exchange of letter(s) with the State. If the State determines that the requested additional work or plan changes are necessary or desirable and can be accommodated without undue disruption to the project, the State will cause the additional work or plan changes to be made.

2.4. **Satisfactory Completion of Contract.** The State will perform all other acts and functions necessary to cause the construction contract to be completed in a satisfactory manner.

3. Maintenance by the County.

Upon completion of the project, the County will provide the following without cost or expense to the State:

3.1. **Lighting.** Maintenance of any lighting facilities construction. Maintenance of electrical lighting systems includes everything within the system, from the point of attachment to the power source or utility, to the last light on the feed point, including but not limited to re-lamping of lighting units or replacing of LED luminaires, repair or replacement of all damaged luminaire glassware, loose connections, luminaires when damaged or when ballasts fail, photoelectric control on luminaires, defective starter boards or drivers, damaged fuse holders, blown fuses, knocked down poles including wiring within the poles, damaged poles, pullboxes, underground wire, damaged foundations, equipment pad, installation of approved splices or replacement of wires, repair or extending of conduit, lighting cabinet maintenance including photoelectric cell, electrical distribution system, Gopher State One Call (GSOC) locates and painting of poles and other equipment. The County will be responsible for the hook up cost and application to secure an adequate power supply to the service pad or pole and will pay all monthly electrical service expenses necessary to operate the lighting facility.

4. Signal System and EVP System Operation and Maintenance

Operation and maintenance responsibilities will be as follows for the Signal System and EVP System on T.H. 55 at CSAH 3.

4.1. County Responsibilities

- A. **Power.** The County will be responsible for the hook-up cost and application to secure an adequate power supply to the service pads or poles and will pay all monthly electrical service expenses necessary to operate the Signal System, and EVP System.
- B. **Minor Signal System Maintenance.** The County will provide for the following, without cost to the State.
 - i. Maintain the signal pole mounted LED luminaires, including replacing the luminaires when necessary. The LED luminaire must be replaced when it fails or when light levels drop below recommended AASHTO levels for the installation.
 - ii. Replace the Signal Systems LED indications. Replacing LED indications consists of replacing each LED indication when it reaches end of life per the MnDOT Traffic Engineering Manual or fails or no longer meets Institute of Traffic Engineers (ITE) standards for light output.
 - iii. Clean the Signal Systems controller cabinet and service cabinet exteriors.
 - iv. Clean the Signal System and luminaire mast arm extensions.

4.2. State Responsibilities

- A. **Timing; Other Maintenance.** The State will maintain the signing, and perform all other Signal System, and signal pole luminaire circuit maintenance without cost to the County. All Signal System timing will be determined by the State, and no changes will be made without the State's approval.
- B. **Battery Backup Replacement Batteries.** Perform all tasks associated with battery replacement for the battery back-up system which includes battery purchase, installation and disposal. The State will maintain the remainder of the battery back-up system at its cost and expense.
- C. **EVP System Operation.** The EVP System will be installed, operated, maintained, and removed according to the following conditions and requirements:
 - i. All maintenance of the EVP Systems must be done by State forces.
 - ii. Emitter units may be installed only on authorized emergency vehicles, as defined in Minnesota Statutes § 169.011, Subdivision 3. Authorized emergency vehicles may use emitter units only when responding to an emergency. The County will provide the State's District Engineer or their designated representative a list of all vehicles with emitter units, if requested by the State.
 - iii. Malfunction of the EVP System(s) must be reported to the State immediately.
 - iv. In the event the EVP System or its components are, in the opinion of the State, being misused or the conditions set forth in Paragraph ii. above are violated, and such misuse or violation continues after the County receives written notice from the State, the State may remove the EVP System. Upon removal of the EVP System pursuant to this Paragraph, all of its parts and components become the property of the State.
 - v. All timing of the EVP System will be determined by the State.

- 4.3. **Right of Way Access.** Each party authorizes the other party to enter upon their respective public right of way to perform the maintenance activities described in this Agreement.

5. Basis of County Cost

- 5.1. SCHEDULE "I".** The Preliminary SCHEDULE "I" includes all anticipated County participation construction items, State Furnished Materials lump sum amounts and the construction engineering cost share covered under this Agreement, and is based on engineer's estimated unit prices.
- 5.2. County Participation Construction.** The County will participate in the following at the percentages indicated. The construction includes the County's proportionate share of item costs for mobilization, combined field laboratory and office, and traffic control.
- A. 50 Percent minus MnDOT SEC164 funding will be the County's rate of cost participation in all of the new traffic signal and lighting construction.
 - B. 100 Percent minus MNDOT SEC164 funding will be the County's rate of cost participation in all of lighting salvage.
- 5.3. State Furnished Materials.** The State will furnish a cabinet and controller, and battery backup ("State Furnished Materials"), according to the Project Plans, to operate the traffic control signal system covered under this Agreement. The County's lump sum share for State Furnished Materials is \$15,750.00 minus MNDOT SEC164 funding. The County's cost share for State Furnished Materials will be added to the County's total construction cost share as shown in the SCHEDULE "I"
- 5.4. Construction Engineering Costs.** The County will pay a construction engineering charge equal to 8 percent of the total County participation construction minus MNDOT SEC164 funding covered under this Agreement.
- 5.5. Plan Changes, Additional Construction, Etc.** The County will share in the costs of construction contract addenda, change orders, and supplemental agreements that are necessary to complete the County participation construction covered under this Agreement, including any County requested additional work and plan changes.
- The State reserves the right to invoice the County for the cost of any additional County requested work and plan changes, construction contract addenda, change orders and supplemental agreements, and associated construction engineering before the completion of the contract construction.
- 5.6. Liquidated Damages.** All liquidated damages assessed the State's contractor in connection with the construction contract will result in a credit shared by each party in the same proportion as their total construction cost share covered under this Agreement is to the total contract construction cost before any deduction for liquidated damages.

6. County Cost and Payment by the County

- 6.1. County Cost.** \$182,107.17 minus MNDOT SEC164 funding is the County's estimated share of the costs of the contract construction, State Furnished Materials and the 8 percent construction engineering cost share as shown in the Preliminary SCHEDULE "I". The Preliminary SCHEDULE "I" was prepared using estimated quantities and unit prices, and may include any credits or lump sum costs. Upon award of the construction contract, the State will prepare a Revised SCHEDULE "I" based on construction contract unit prices, which will replace and supersede the Preliminary SCHEDULE "I" as part of this agreement.
- 6.2. Conditions of Payment.** The County will pay the State the full and complete lump sum amount, as shown in the Revised SCHEDULE "I", after the following conditions have been met:
- A. Execution of this Agreement and transmittal to the County, including a copy of the Revised SCHEDULE "I".
 - B. The County's receipt of a written request from the State for the advancement of funds.
- 6.3. Final Payment, Additional County Requested Work.** Upon completion of all contract construction and upon computation of the final amount due the State's contractor and only if additional work has been

requested under Article 2.3.B of this Agreement, the State will prepare a Final SCHEDULE "I" and submit a copy to the County. The Final SCHEDULE "I" will be based on final quantities of any additional County requested participation construction items and the construction engineering cost share due to additional requested work. The computation by the State of the amount due from the County will be final, binding and conclusive.

The State and the County waive claims for any payments or refunds less than \$5.00 according to Minnesota Statutes § 15.415.

7. Authorized Representatives

Each party's Authorized Representative is responsible for administering this Agreement and is authorized to give and receive any notice or demand required or permitted by this Agreement.

7.1. The State's Authorized Representative will be:

Name/Title: Maryanne Kelly-Sonnek, Municipal Agreements Engineer (or successor)
 Address: 395 John Ireland Boulevard, Mailstop 682, St. Paul, MN 55155
 Telephone: (651) 366-4634
 E-Mail: maryanne.kellysonnek@state.mn.us

7.2. The County's Authorized Representative will be:

Name/Title: Virgil G. Hawkins, Wright County Engineer (or successor)
 Address: 1901 Highway 25 North, Buffalo, MN 55313
 Telephone: (763) 682-7388
 E-Mail: Virgil.Hawkins@co.wright.mn.us

8. Assignment; Amendments; Waiver; Contract Complete

- 8.1. *Assignment.*** Neither party may assign or transfer any rights or obligations under this Agreement without the prior consent of the other party and a written assignment agreement, executed and approved by the same parties who executed and approved this Agreement, or their successors in office.
- 8.2. *Amendments.*** Any amendment to this Agreement must be in writing and will not be effective until it has been executed and approved by the same parties who executed and approved the original Agreement, or their successors in office.
- 8.3. *Waiver.*** If a party fails to enforce any provision of this Agreement, that failure does not waive the provision or the party's right to subsequently enforce it.
- 8.4. *Contract Complete.*** This Agreement contains all prior negotiations and agreements between the State and the County. No other understanding regarding this Agreement, whether written or oral, may be used to bind either party.

9. Liability; Worker Compensation Claims

- 9.1.** Each party is responsible for its own acts, omissions and the results thereof to the extent authorized by law and will not be responsible for the acts and omissions of others and the results thereof. Minnesota Statutes § 3.736 and other applicable law govern liability of the State. Minnesota Statutes Chapter 466 and other applicable law govern liability of the County.
- 9.2.** Each party is responsible for its own employees for any claims arising under the Workers Compensation Act.

10. Nondiscrimination

Provisions of Minnesota Statutes § 181.59 and of any applicable law relating to civil rights and discrimination are considered part of this Agreement.

11. State Audits

Under Minnesota Statutes § 16C.05, subdivision 5, the County's books, records, documents, and accounting procedures and practices relevant to this Agreement are subject to examination by the State and the State Auditor or Legislative Auditor, as appropriate, for a minimum of six years from the end of this Agreement.

12. Government Data Practices

The County and State must comply with the Minnesota Government Data Practices Act, Minnesota Statutes Chapter 13, as it applies to all data provided under this Agreement, and as it applies to all data created, collected, received, stored, used, maintained, or disseminated by the County under this Agreement. The civil remedies of Minnesota Statutes §13.08 apply to the release of the data referred to in this clause by either the County or the State.

13. Governing Law; Jurisdiction; Venue

Minnesota law governs the validity, interpretation and enforcement of this Agreement. Venue for all legal proceedings arising out of this Agreement, or its breach, must be in the appropriate state or federal court with competent jurisdiction in Ramsey County, Minnesota.

14. Termination; Suspension

14.1. *By Mutual Agreement.* This Agreement may be terminated by mutual agreement of the parties.

14.2. *Termination for Insufficient Funding.* The State may immediately terminate this Agreement if it does not obtain funding from the Minnesota Legislature, or other funding source; or if funding cannot be continued at a level sufficient to allow for the performance of contract construction under the Project. Termination must be by written or fax notice to the County.

14.3. *Suspension.* In the event of a total or partial government shutdown, the State may suspend this Agreement and all work, activities and performance of work authorized through this Agreement.

15. Force Majeure

Neither party will be responsible to the other for a failure to perform under this Agreement (or a delay in performance), if such failure or delay is due to a force majeure event. A force majeure event is an event beyond a party's reasonable control, including but not limited to, unusually severe weather, fire, floods, other acts of God, labor disputes, acts of war or terrorism, or public health emergencies.

**STATE OF MINNESOTA
DEPARTMENT OF TRANSPORTATION
And
WRIGHT COUNTY
AMENDMENT NO. 1**

State Project Number (S.P.): 8816-1765
Trunk Highway Number (T.H.): 55
State Project Number (S.P.): 088-070-035

This Amendment is between the State of Minnesota, acting through its Commissioner of Transportation ("State") and Wright County acting through its Board of Commissioners ("County").

Recitals

1. The State has a contract with the County identified as MnDOT Contract No. 01468 ("Original Contract") to participate in the operation and maintenance of intersection conflict warning system and highway lighting system on Trunk Highway No. 55 at County State Aid Highway (C.S.A.H.) No. 3 and Trunk Highway (T.H.) No. 55 and CSAH 37 in the County of Wright, Minnesota, under State Project No. 8816-1765 (T.H. 55); and
2. This Agreement is amended to remove the operation and maintenance requirements of County State Aid Highway (CSAH) No. 3 from agreement No. 01468 ; and
3. The State and the County are willing to amend the Original Contract as stated below.

Contract Amendment

In this Amendment deleted contract terms will be ~~struck out~~ and the added contract terms will be underlined.

REVISION 1. The first paragraph of Article 3 is amended as follows:

3. Intersection Conflict Warning System(s) Operation and Maintenance

Operation and maintenance responsibilities will be as follows for the Intersection Conflict Warning System on T.H. 55 at CSAH 3 and T.H. 55 at CSAH 37.

REVISION 2. The first paragraph of Article 4 is amended to read as follows:

4. Power Service Cabinet Operation and Maintenance

The power service cabinet installed on ~~T.H. 55 at CSAH 3~~ and T.H. 55 at CSAH 37 for the operation of the Intersection Conflict Warning System and Highway Lighting System will be a shared Power Service Cabinet.

The terms of the Original Contract are expressly reaffirmed and are incorporated by reference. Except as amended herein, the terms and conditions of the Original Contract and all previous amendments remain in full force and effect.
