INFORMATIONAL

WRIGHT COUNTY BOARD
MINUTES
OCTOBER 11, 2016

The Wright County Board met in regular session at 9:00 A.M. with Sawatzke, Borrell, Daleiden, Husom, and Potter present.

MINUTES

Husom moved to approve the 10-04-16 County Board Minutes, seconded by Potter. The motion carried 5-0.

AGENDA

Borrell moved to approve the Agenda, seconded by Daleiden. The motion carried 5-0.

CONSENT AGENDA

Daleiden moved to approve the Consent Agenda, seconded by Potter. The motion carried 5-0.

A. ADMINISTRATION

1. Refer to 10-26-16 Personnel Committee - Proposed PTO Policy For Non-Union Employees

B. ADMINISTRATION

1. Approve Charitable Gambling Application Form LG240B, Dassel-Cokato Wrestling Boosters, DC High School Commons, 4852 Reardon Ave SW, Cokato MN (Cokato Twp.), Event Date 11-17-16

C. ASSESSOR

1. Position Replacement:
 - A. Property Appraiser

D. AUDITOR/TREASURER

1. Acknowledge Rinke Noonan Letter To DNR Regarding CD 31 - Informational Only

E. AUDITOR/TREASURER

1. Approve Claims As Listed In The Abstract, Subject To Audit, For A Total Of \$538,972.57 With 165 Vendors And 263 Transactions

F. HIGHWAY

1. Approve Memo of Understanding with Cities of Cokato, Albertville, Waverly and Cokato Township for Storage and/or Purchase of Salt for 2016/2017 Season

G. INFORMATION TECHNOLOGY

1. Position Replacement:
 - A. IT Programmer

H. PLANNING & ZONING

1. Accept The Findings & Recommendations Of The Planning Commission For Rezoning Of The Spoden Property In Clearwater Township From AG General Agricultural To A/R Agricultural-Residential

I. SHERIFF'S OFFICE

1. Position Replacement:
 - A. Communications Officer

ITEMS FOR CONSIDERATION

9-28-16 BUILDING COMMITTEE MINUTES

At today's County Board Meeting, Potter moved to approve the Minutes and recommendations, seconded by Daleiden. The motion carried 5-0. The Committee Minutes follow:

I. Courtroom Bench Remodel Designs

Wilczek presented information that Wold Architects has released the RFP with drawings for the courtroom modifications. Pricing deadline is 9/30/16.

Recommendation:

Daleiden and Potter recommended Wilczek review the pricing and move forward if within the initially estimated \$40,000.

9-28-16 Building Committee Minutes (cont.):**II. Modification to the Human Services Center Room 127**

Wilczek provided an update that the east door of the Human Services Center has been replaced and the north door into conference room 127 has been installed. Shingobee Builders is working to finalize the project and is anticipated to be complete by end of day 9/29/16. The Hufcor Unispan product is scheduled to be delivered for the operable partition the week of 10/3/16. When the products arrive, a schedule will be coordinated with the appropriate parties for the installation time. The wall panels will be delivered and hung at a date to be determined later in October.

Recommendation:

No recommendation, updates only.

III. Public Works Deferred Maintenance & Remodel

Wilczek provided updates on the status of the architect work, the consultant work, and the shop area modifications. The architect's construction drawings are anticipated for delivery 9/30/16 and the window and roof replacement design is underway. The projects will be bid when specs are completed.

Per the previous meeting recommendation, the mezzanine beam and assorted hardware has been ordered. Wilczek stated the overhead doors are in the process of being installed. The opening has been made into the wood shop from the welding shop, with the opening in the west wall of the service bay to be made later in the week. Wilczek stated the pricing for the East and West wall spray foam installation was received in the amount of \$5,615.00 per the Inspec specifications. There will also need to be a bit of ceiling removal and patch at the vestibule to allow for access to the west wall for the insulation work.

A proposal for installation of receptacles, LED lighting changes, exit light replacements, light switching modifications, and garage door opener wiring in the mezzanine room was discussed. The total cost of the work was quoted at \$8,544.00.

Recommendation:

It was recommended by Potter and Daleiden to continue to move forward with the windows and roof. Also, to complete the spray foam insulation at the previously stated cost. It was recommended to move forward with the electrical work to the mezzanine room with the exception of the overhead door wiring and light fixture changes.

IV. Compost Facility Storm Damage Repair

Wilczek provided a copy of the proposal from Marcus Construction for removal of the damaged structure at the compost facility and option to rebuild.

Recommendation:

No recommendation as there will be a committee of the whole to discuss the site on October 4, 2016.
(End of 9-28-16 Building Committee Minutes)

TIMED ITEMS**ADAM TAGARRO, INFORMATION TECHNOLOGY DIRECTOR****Introduction of Charles DeLong, Technical Support Specialist**

Tagarro introduced DeLong who was recently hired as a Technical Support Specialist.

BOB HIIVALA, AUDITOR/TREASURER**Approve City Of Monticello Tax Forfeit Land Resolution**

Daleiden moved to adopt Resolution #16-58 conveying to the City of Monticello by State Deed the following tax forfeit properties. The motion was seconded by Potter and carried 5-0 on a roll call vote:

- 155-195-000010 stormwater and maintenance purposes
- 155-159-000020 stormwater and maintenance purposes
- 155-159-000040 stormwater and maintenance purposes

ITEMS FOR CONSIDERATION**10-04-16 COMMITTEE OF THE WHOLE MINUTES**

At today's Board Meeting, Potter moved to approve the Minutes and recommendations, seconded by Husom. Lee Kelly, County Coordinator, asked for Board direction on the necessity of sealed bids for dismantling of the building at the Compost Facility. The projected cost is under \$100,000. Board consensus was that sealed bids are not required but that Alan Wilczek, Facilities Director, will open the bids at a Building Committee meeting. Wilczek will put together general specifications for bidding and estimated the walk through next week, with bids due about 10 days after. The steel beams, sheet metal, and overhead doors will be the responsibility and ownership of the demo company. The motion carried 5-0 to approve the COTW Minutes, which follow:

I. Compost Facility

Sawatzke said the purpose of this meeting is to discuss plans for the Compost Facility in light of recent storm damage. Lee Kelly distributed a project proposal from Marcus Construction to demolish the existing building and to reconstruct the building on the existing concrete.

Facilities Services Director Alan Wilczek said the east end of the building was damaged. A TKDA engineering representative came through and assessed the damage. They found that wall panels, girts, and purlins around the tipping floor are corroded. Wilczek said there are no safe recommendations regarding repairing the building. The roof and wall panels around the tipping floor are not safe. The northeast corner column has completely buckled. Something must be done soon as a heavy snow load will likely collapse the roof.

Wilczek said the County's insurance provider, Minnesota Counties Intergovernmental Trust (MCIT), investigated the site and came back with \$57,300 for storm damage to panels that blew in. That amount will increase to \$117,800 if the repair is done. Part of the facility was destroyed due to a storm. The rest needs to be repaired or demolished to be safe.

Discussion ensued regarding the cause of the corrosion that occurred prior to the recent storm damage, and possible ways to repair the building. Wilczek stressed that the tipping floor is not safe due to the rotted walls and instability of the roof.

Environmental Health Supervisor Bill Stephens said curbside recycling is most affected by the unavailability of the tipping floor. A small heated area is currently being used for the recycling drop off. It is not as convenient for residents, as there is no drive-through. The tipping floor had also been utilized for staging shipments, which was more efficient, as it allowed them to get full loads out at a time. Stephens said the Compost Facility receives about five percent of the total tonnage of recycling in the County. The majority of recycling is done through the cities and townships. Not all have curbside pickup, but at least offer a drop off site. Stephens said the Compost Facility provides a service, but they try to recoup their costs when possible.

Discussion moved toward the Marcus Construction proposal. Sawatzke agreed that the Compost Facility provides a valuable service, but said it is not worth the reconstruction cost to keep it up. Wilczek said the engineering report from TKDA indicated that some components could be saved, but Marcus said it would not be economically feasible to do so.

Sawatzke asked whether there were less expensive options, such as removing the damaged part and constructing a smaller building to serve as a recycling drop off area.

Discussion continued regarding the type of materials to use for reconstruction, the size of the building, accommodating the conveyor, and getting additional bids for demolition and reconstruction options. Wilczek recommended that no one use the building while it is left standing in its current state, as it is unsafe.

Dave Bryant said it would be cheaper to demolish the building this fall before a heavy snow load causes the roof to collapse into a twisted pile of debris.

Recommendations

At the 10-11-16 County Board meeting:

- 1) Authorize advertisement of bids to dismantle the Compost Facility; and

10-04-16 Committee Of The Whole Minutes (cont.):

2) Contact several firms regarding proposals for reconstruction options.

(End of 10-04-16 Committee Of The Whole Minutes)

9-28-16 TECHNOLOGY COMMITTEE MINUTES

At today's County Board Meeting, Daleiden moved to approve the Minutes. The motion was seconded by Borrell and carried 5-0. The Minutes follow:

I. OpenGov

On Tuesday 9/27/2016 Hiivala approved the OpenGov Contract which is the cloud based financial reporting system to be used in the Auditor/Treasurer Department. It was discussed to possibly have training held in the Government Center Training Room so new users would have hands on training. The project is being funded from the Website Development CIP dollars for 2016 with possible funding coming from Recorders Technology Fund. The Auditor/Treasurer Department might budget \$5K starting in 2018.

Action: Information Only

II. RightFax

Presented by ConnieMae Cooper, IT

The rollout of RightFax is 99% complete. DMV is pending installation due to their requirement to "batch" send items to the state. They will need an add-on module so RightFax can handle the volume. The Administration Department was the last department to cut over since they have a POTS line which was never integrated into the county phone system. Cooper will reach out to individual departments and discuss the need for additional training.

Action: Information only.

III. IT SAN Purchase

Presented by Brian Malinski, IT

IT evaluated the existing Storage Area Network (SAN). This device stores data from other devices. IT will be switching to a new vendor that is more current with technology. Malinski presented the process of the SAN Selection/Replacement. Currently there are 5 Datacenters in 5 buildings; GC, LEC, HWY, PW and HSC that are only accessible to the local servers. In the future Wright County will have 2 Datacenters to provide some disaster recovery with a Datacenter SAN accessible by all locations.

Phase 1 – The Network. The network infrastructure will need to be able to handle added traffic. IT recently upgraded the network to handle the added traffic.

Phase 2 – A more Flexible and Robust Storage Structure. The process for selecting the SAN was to; create a list of features, research, create vendor list, and receive quotes from each vendor. After these steps were completed the vendor that would best meet our needs was selected. That vendor is Netapp. Future phases will be Server Standardization and Software Defined Network.

Additional information was presented by Cheri Nelson, IT

The total cost of the project will be \$92,376.34, currently there is \$72K in CIP Network Storage Funds for 2016.

There is \$8,156.34 remaining from 2015-2016 CIP Wireless Project and approximately \$12K to be taken from the 2017 IT Budget. The total cost includes 5 years (60 months) of vendor support. It is unknown what the support cost will be after 5 years.

A Purchase Requisition should be created by 9/30/2016, with a project completion date by January 2017.

Recommendation: Move Forward

IV. CIP Projects/Request

The item was laid over to the next Technology Committee Meeting.

V. Project Prioritization

The item was laid over to the next Technology Committee Meeting.

(End of 9-28-16 Technology Committee Minutes)

DISCUSS 10-26-16 COMMITTEE MEETING SCHEDULE

Kelly stated Negotiation Meetings have been scheduled for the morning of 10-26-16, which is the same time Committee Meetings are scheduled. After discussion, Husom moved to change the 10-26-16 Committee Meeting date to 10-25-16, starting at 10:30 A.M. The motion was seconded by Daleiden and carried 5-0.

SCHEDULE PERSONNEL COMMITTEE OF THE WHOLE MEETING RE: ELECTED DEPARTMENT HEAD SALARIES

Potter moved to schedule the Meeting for 12-13-16 at 10:30 A.M. The motion was seconded by Daleiden and carried 5-0.

TRANSFER OF NUCLEAR DUTIES

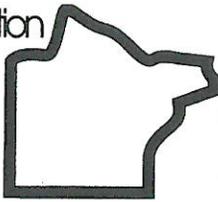

Kelly stated that Launette Figliuzzi resigned as the Veteran Services/Nuclear Director. Transfer of Nuclear duties to the Sheriff's Office in 2017 was discussed during budget sessions. With the resignation, Kelly proposed moving the timeline forward to include the hire of a Deputy Emergency Management Director to assist with nuclear duties. As 2017 is a nuclear drill year, Husom and Sawatzke supported moving forward. Daleiden thought the candidate pool for Veterans Services Officer would be larger without the Nuclear Director responsibilities.

Daleiden made a motion to transfer nuclear duties to the Sheriff's Office and to post for the Deputy Emergency Management Director. Husom seconded the motion. Kelly will meet with a representative of the Department of Veteran Affairs tomorrow. There is an individual working out of the Monticello Workforce Center meeting with veterans. It appears another person will be sent to Buffalo a couple of days per week. Borrell stated he will vote against the motion as he is not in support of the transfer of the nuclear responsibilities to the Sheriff's Office. He said the County has scored outstanding on nuclear drills and he does not want to change what is working. Sawatzke stated he would support the motion but feels Borrell poses a reasonable argument. The motion carried 4-1 with Borrell casting the nay vote.

ADVISORY COMMITTEE / ADVISORY BOARD UPDATES

1. Central MN Council on Aging. Borrell attended a recent meeting. The city offices have been moved to Sartell. Central MN Council on Aging defunded an organization last week because of the mismanagement of funding.
2. Bertram Advisory Meeting. Sawatzke said a meeting was held on 10-07-16. Work at Bertram involving heavy equipment was delayed until most recently because of YMCA campground activities involving younger children. The former chalet has been removed and is being reconstructed. The Parks Administrator indicates that in November, the closing of the last parcel will occur including the 41 acres purchased with the City. The 3-acre triangle piece across the road from the Park will happen in mid to late November. Monticello Schools would like to make this the home of their future cross-country events.
3. Mn Go, MnDOT. Potter attended a public hearing on 10-06-16 which addresses the transit priorities for five years. It includes all areas of transit except trains. The transportation alternatives grant application is due by 10-14-16. Virgil Hawkins and Adam Nafstad (Albertville) will put together an application to fund a pedestrian bridge over the freeway at CR 37. Potter said there is \$3.5 million available in this District. He thought this has a likelihood of being funded due to necessity, and MnDOT doesn't want to widen the bridge at CR 37 to expand turn lanes and for pedestrian traffic.
4. Buffalo Safe Schools. Husom attended on 10-05-16 and was provided the following information:
 - The start times for high school and elementary students have swapped. This is working out well for both groups and is supported by studies on how children's brains function.
 - An open house will be held on 10-17-16 at the Wright Learning Center and will include 30 companies working with youth apprenticeships at schools.
 - The former Annandale Intensive Treatment Center site is being used to assist teen girls with their problems.
 - A Partnership for Youth & Families event will be held on 10-18-16 from 6:30-8:00 P.M. at the Buffalo Hospital. The event will include discussion on raising kids to make smart choices and what is new with drug awareness.
 - A Coping with Teenage Years event will be held on 11-08-16 at the Wright County Health & Human Services Building from 11:30 A.M. to 1:00 P.M.
 - The Bounce Back Project in Buffalo and Monticello will host the Peabody Players comedy team at the Bison Creek Bar & Grill on 10-28-16 at 8:00 P.M.
 - The Bounce Back Project will host the 7-week Daring Way events, from 10-26-16 to 12-14-16 from 4:00 P.M. to 5:30 P.M. Information can be found on the Bounce Back website.

The meeting adjourned at 9:54 A.M.

October 11, 2016

Mr. Patrick Sawatzke, Chairperson
Wright County Board of Commissioners
Wright County Government Center
10 2nd St. NW
Buffalo, MN 55313

Dear Mr. Sawatzke:

It is requested by the Wright County Community Action (WCCA) Board of Directors that the Wright County Board of Commissioners consider the reappointment of Mr. Bruce Anderson to his current seat for a three (3) year term. This term would begin on October 9, 2016 and run through October 9, 2019. Mr. Anderson, has served on the WCCA Board and has extensive knowledge and experience as it relates to our services, as well as numerous years of community service in Wright County.

Mr. Anderson has indicated that he is willing and able to serve another 3 year term if appointed as a Public Sector Representative to the WCCA Board of Directors, by the Wright County Board of Commissioners.

Once the appointment has been made, it is requested that you notify WCCA in writing of the formal action.

Should you have any questions regarding this request, please do not hesitate to contact me at (320) 963-6500.

Thank you in advance for the action you take on this appointment.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jay Weatherford".

Jay Weatherford
Executive Director

cc: Mr. Lee Kelly, County Coordinator
Wright County Commissioners
Mr. Dan Dawson, Wright County Community Action
Board Chairperson

PURCHASE AGREEMENT

1. PARTIES. This Purchase Agreement is made on the ____ day of _____, 2016, (the "Effective Date") by and between the **CITY OF MONTICELLO**, a Minnesota municipal corporation ("City"), and **WRIGHT COUNTY OF MINNESOTA**, a political subdivision of the State of Minnesota ("County") (collectively referred to herein as "Buyers"), and **YOUNG MENS CHRISTIAN ASSOCIATION OF THE GREATER TWIN CITIES**, a Minnesota corporation ("Seller").

2. OFFER/ACCEPTANCE. Buyers agree to purchase and Seller agrees to sell real property (the "Property") located in Monticello Township, County of Wright, State of Minnesota, legally described in Exhibit "A" attached hereto and incorporated herein.

3. PRICE AND TERMS. The price for the Property included under this Purchase Agreement is one million, fifteen thousand, seventy-eight and No/100ths (\$1,015,078) Dollars, which Buyers shall pay in cash on the DATE OF CLOSING, as hereinafter defined.

4. DEED/MARKETABLE TITLE. Upon performance by Buyers, Seller shall execute and deliver a **Limited Warranty Deed**, conveying good and marketable title of record to Buyers as tenants in common, subject to only to the following exceptions (collectively, "Permitted Exceptions"):

- A. Building and zoning laws, ordinances, state and federal regulations;
- B. Exceptions to title which constitute encumbrances, restrictions, or easements of record;
- C. Exceptions to title not of record which are disclosed to Buyers and approved by Buyers;
- D. Matters disclosed in any survey of the Property or which a correct survey of the Property would show; and
- E. Property Taxes and Assessments.

5. REAL ESTATE TAXES AND SPECIAL ASSESSMENTS.

- A. Seller shall pay all general real estate taxes and installments of special assessments due and payable in the year prior to the Date of Closing and in years prior thereto. Real estate taxes due and payable in and for the year of closing shall be prorated between Seller and Buyers on a calendar year basis to the actual Date of Closing;
- B. Seller shall not be required to pay any future installments of any special assessments;
- C. Seller shall pay on date of closing any deferred real estate taxes (including "Green Acres" taxes under MINN. STAT. §273.111) or special assessments payment of which is required as a result of the closing of this Agreement;
- D. Buyers shall pay real estate taxes and any installments of special assessments due and payable in the year following closing and thereafter.

6. SELLER'S LIEN WARRANTIES. Seller warrants that there has been no labor or material furnished to the Property for Seller for which payment has not been made. These warranties shall survive the delivery of the Deed or Contract for Deed for a period of six (6) months.

7. ACCESS PRIOR TO CLOSING. Upon reasonable notice to Seller, Buyers and Buyers' authorized agents shall have the right during the period from the date of this Agreement to 120 days after the Effective Date to enter in and upon the Property in order to make, at Buyers' expense, surveys, measurements, soil tests and other tests that Buyers shall deem necessary. Buyers agree to promptly pay all costs incurred; to immediately restore any resulting damage to the Property and to indemnify, hold harmless and defend Seller and the Property from any and all claims or liability of any nature whatsoever related to Buyers' actions hereunder, including all actions, proceedings, demands, assessments, costs, expenses and attorneys' fees. Buyers shall not perform any invasive testing of the Property without Seller's prior written consent. Seller's consent may be conditioned upon any restrictions that Seller deems necessary. Buyers shall provide to Seller a copy of any such surveys, measurements, soil tests or other tests within five (5) days after receipt.

8. POSSESSION. Seller shall deliver possession of the Property not later than the actual date of closing.

9. TITLE INSURANCE BY SELLER. Seller shall, within a reasonable time after acceptance of this Agreement, furnish a title insurance commitment certified to date to include proper searches covering bankruptcies, state and federal judgments and liens, and levied and pending special assessments. Seller is not required to provide an abstract of title. Seller shall pay all costs associated with the issuance of such commitment. Buyers shall pay the premium for the owner's and mortgagee's policy of title insurance. The commitment for title insurance shall be issued in the full amount of the Purchase Price by a title insurance company in good standing and duly authorized to do business in Minnesota ("Title Insurer").

The commitment for title insurance shall be issued in the full amount of the Purchase Price by Title Insurer by which said company commits to issue its policy of title insurance that:

- (1) Insures that at Closing Buyers shall have marketable and insurable title of record to the Property, free and clear of all liens, encumbrances, leases, claims and charges, all material easements, rights-of-way, covenants, conditions and restrictions and any other matters affecting title, except for Permitted Exceptions and such matters as are approved by Buyers in writing.
- (2) Waives or insures against the following standard exceptions:
 - (a) Facts which would be disclosed by a comprehensive survey of the Property, but only if Buyers timely deliver a survey of the Property in form acceptable to the title company;
 - (b) Rights and claims of parties in possession; and

- (c) Mechanic's, contractor's and material liens and lien claims.

Buyers shall be allowed ten (10) business days after the receipt of the title commitment for examination of title and making any objections, which shall be made in writing or deemed waived. If any objection is so made, Seller shall have ten (10) business days from receipt of Buyers' written title objections ("Seller's Election Notice Period") to notify Buyers whether Seller intends to cure such objections. Seller shall have no obligation to cure any objections made by Buyers, except that Seller shall be obligated to remove any mortgage or financing liens or other monetary liens created against the Property by Seller. If Seller elects to cure such objections, Seller shall have a period of ten (10) days from Seller's receipt of such written objections ("Seller's Cure Period") within which to do so. Any objection shall be deemed cured to the extent Seller is able to compel the Title Company to delete the objectionable exception from the Title Commitment or to issue an endorsement to Buyers' Owner's Title Policy that insures over the objectionable exception. If notice to cure is given by Seller, the Closing shall be postponed pending cure of title, but upon cure of title and within ten (10) days after written notice to Buyers, the parties shall perform this Agreement according to its terms. If no such election to cure notice is given by Seller or if such notice is given but title is not cured within the time provided for, then Buyers shall have the option as their sole and exclusive remedy to terminate this Agreement in which event this Agreement shall be null and void and no party shall be liable for damages hereunder to the other. If Buyer does not elect to terminate this Agreement, Buyers' objections shall be deemed part of the Permitted Exceptions and the parties shall perform this Agreement according to its terms. Buyers shall make such election by notifying Seller within ten (10) days after expiration of Seller's cure period or within ten (10) days after expiration of Seller's Election Notice Period, as the case may be. If this Agreement is terminated as permitted under the terms of this Paragraph 5, then upon request by Seller, Buyers and Seller agree to sign a cancellation of this Agreement or Buyers shall deliver a Quit Claim Deed to the Property to Seller.

10. WELL DISCLOSURE. *[Check one of the following:]*

- Seller certifies that Seller does not know of any wells on the Property.
 Wells on the Property are disclosed by Seller on the attached Well Disclosure form.

11. DISCLOSURE OF INDIVIDUAL ON-SITE SEWAGE TREATMENT SYSTEM.

[Check one of the following:]

Seller certifies that Seller does not know of any individual on-site sewage treatment systems on the Property.

Individual on-site sewage treatment systems on the Property are disclosed by Seller on the attached Disclosure form.

12. SELLER'S COVENANTS, REPRESENTATIONS AND WARRANTIES.

Seller does hereby covenant, warrant and represent to the Buyers as follows:

- A. To Seller's actual knowledge, Seller has or as of the Date of Closing will have marketable and insurable title to the Property of record, free and clear of all liens, encumbrances, leases, claims and charges, all material easements, rights-of-way,

covenants, conditions and restrictions and any other matters affecting the title, except for the Permitted Exceptions. For purposes of this Section "Seller's actual knowledge" is limited to the actual knowledge of the undersigned representatives of Seller executing this Agreement on behalf of Seller.

- B. To Seller's actual knowledge, the conveyance of the Property pursuant hereto will not violate any applicable statute, ordinance, governmental restriction or regulation, or any private restriction or agreement.
- C. As of the Date of Closing there will be no outstanding or unpaid claims, actions or causes of action related to any transaction or obligation entered into or incurred by Seller with respect to the Property prior to the date hereof.
- D. Except as provided herein, Seller shall indemnify and defend Buyers and otherwise hold Buyers harmless of, from and against any broker who may be entitled to any commission or finder's fee in connection with the transaction contemplated herein to the extent arising from Seller's actions.
- E. To Seller's actual knowledge, there are no underground storage tanks.
- F. Seller is not a foreign person as defined in §1445(f)(3) of the Internal Revenue Code or regulations issued thereunder.
- G. To Seller's actual knowledge, there is no action, litigation, investigation, condemnation or other proceedings of any kind pending or threatened against Seller with respect to the Property.
- H. Except as used in the ordinary course of Seller's activities at the Property and to Seller's actual knowledge, (i) no toxic materials, hazardous wastes or hazardous substances, as such terms are defined in the Resource Conservation and Recovery Act of 1996, as amended (42 U.S.C. §6901, et seq.) or in the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended (42 U.S.C. §9601, et seq.), including, without limitation, any asbestos or asbestos-related products or materials and any oils, petroleum-derived compounds or pesticides ("Hazardous Materials") have been generated, treated, stored, released or disposed of or otherwise placed, deposited in or located on the Property; and (ii) the Property is free of Hazardous Materials and is not subject to any "superfund" type liens or claims by governmental regulatory agencies or third parties arising from the release or threatened release of hazardous substances in, on, or about the Property. Seller shall indemnify and hold Buyers harmless from any and all claims, causes of action, damages, losses, or costs (including reasonable lawyer's fees) relating to breach of the foregoing representations and warranties by Seller or to hazardous substances or petroleum products in the subsoil or ground water of the Subject Property or other property in the area which arise from or are caused by acts or occurrences upon the Subject Property prior to Buyers taking possession. These warranties and indemnifications shall

survive the delivery of the Limited Warranty Deed for a period of twelve (12) months after the Date of Closing.

13. SELLER'S AFFIDAVIT. At closing, Seller shall supplement the warranties and representations in this Purchase Agreement by executing and delivering a Minnesota Uniform Conveyancing Blank [Form No. 116-M, 117-M, or 118-M] Affidavit of Seller ("Seller's Affidavit").

14. CLOSING. The closing (the "Closing") shall be at a location designated by Buyers, and shall occur on or before _____ ("Closing Date"). At closing, Seller and Buyers shall disclose their Federal Tax Identification Numbers for the purposes of completing state and federal tax forms.

15. CLOSING DOCUMENTS.

A. At the Closing, Seller shall execute and/or deliver to Buyers the following (collectively the "Closing Documents"):

- (1) **Limited Warranty Deed.** A Limited Warranty Deed in recordable form conveying title in accordance with this Agreement.
- (2) **Seller's Affidavit.** A standard form affidavit by Seller indicating that on the date of Closing there are no outstanding, unsatisfied judgments, tax liens or bankruptcies against or involving Seller or the Property; that there has been no skill, labor or material furnished to the Property for which payment has not been made or for which mechanic's liens could be filed; and that there are no other unrecorded interests in the Property.
- (3) **Non-Foreign Person Certification.** A certification in form and content satisfactory to the parties hereto and their counsel, properly executed by Seller, containing such information as shall be required by the Internal Revenue Code, and the regulations issued thereunder, in order to establish that Seller is not a "foreign person" as defined in §1445(f)(3) of such Code and such regulations.
- (4) **Storage Tanks.** If required, an affidavit with respect to storage tanks pursuant to Minn. Stat. § 116.48.
- (5) **Well Certificate.** If there is a well located on the Property, a well disclosure certificate in form and substance true to form for recording.
- (6) **Certification.** A certification that the representations and/or warranties made by Seller are materially the same as were in existence on the date of this Agreement or noting any changes thereto; and
- (7) **Other Documents.** All other documents reasonably determined by either party and the title insurance company to be necessary to transfer and provide title insurance for the Property.

B. At the Closing, Buyers shall execute and deliver to Seller the following:

- (1) All documents reasonably determined by the parties and the title insurance company to be necessary to provide title insurance for the Property;
- (2) Payment of the Purchase Price; and

- (3) Duly executed Memorandum of Understanding and addendums.

16. CLOSING COSTS. All costs relating to the closing of this transaction shall be allocated according to standards in the industry, except as allocated below:

A. Buyers shall pay:

- (1) Recording fee for the Limited Warranty Deed;
- (2) One-half the closing fee; and
- (3) The premium for owner's title insurance, including survey coverage.

B. Seller shall pay all

- (1) Costs of title insurance commitment;
- (2) State deed tax
- (3) One-half of the closing fee;
- (4) Conservation fee attributable to said deed; and
- (5) Any deferred taxes and penalties due at or before closing.

17. ADDITIONAL TERMS.

A. BUYERS' CONTINGENCIES. The obligations of Buyers under this Agreement are contingent upon the satisfaction or waiver of each of the following (the Buyers' Contingencies):

- (1) The representations and warranties of Seller set forth in this Agreement must be true as of the date of this Agreement and on the Closing Date, and Seller shall have delivered to Buyers at Closing a certificate dated the Closing Date, signed by Seller, certifying that such representations and warranties are true as of the Closing Date.

If any of the Buyers' Contingencies have not been satisfied as of the deadline specified above, then Buyers may, at Buyers' option, terminate this Agreement by giving written notice to Seller. Upon such termination, neither Seller nor Buyers shall have any further rights or obligations under this Agreement, except for obligations which expressly survive the termination of this Agreement. The Buyers' Contingencies are for the sole and exclusive benefit of Buyers, and Buyers shall have the right to waive any or all of the Buyers' Contingencies by giving written notice to Seller on or before the deadline for any contingency it waives.

B. SELLER'S CONTINGENCIES Execution at closing of the following documents;

- (1) Executed Memorandum of Understanding and addendums.

If any of the Seller's Contingencies have not been satisfied as of the deadline specified above, then Seller may, at Seller's option, terminate this Agreement by giving written notice to Buyers. Upon such termination, neither Buyers nor Seller shall have any further rights or obligations under this Agreement, except for obligations which expressly survive the termination of this Agreement. The Seller's Contingencies are for the sole and exclusive benefit of Seller, and Seller shall have the right to waive any or all of the Seller's Contingencies by giving written

notice to Buyers on or before the deadline for any contingency it waives.

18. ADDENDA. Attached are no addenda which are made a part of this Purchase Agreement.

19. TIME IS OF THE ESSENCE; CALCULATION OF TIME PERIODS. Time is of the essence for all provisions of this Purchase Agreement. Unless otherwise specifically provided herein, in computing any period of time described in this Agreement, the day of the act or event after which the designated period of time begins to run is not to be included and the last day of the period so computed is to be included, unless such last day is a Saturday, Sunday or legal holiday under the laws of the State of Minnesota, in which event the period shall run until the end of the next day which is neither a Saturday, Sunday or legal holiday. The final day of such period shall be deemed to end at 5:00 p.m., Central Standard Time.

20. SURVIVAL. It is the intention of the parties that none of the terms of this Agreement will survive and be enforceable after the Closing, except Paragraphs 6 and 12 (H) as expressly so stated in this Agreement and subject to any limitation of the time for survival set forth under this Agreement.

21. CAPTIONS. The paragraph headings or captions appearing in this Agreement are for convenience only, are not a part of this Agreement and are not to be considered in interpreting this Agreement.

22. ENTIRE AGREEMENT; MODIFICATION. This written Agreement constitutes the complete agreement between the parties and supersedes any prior oral or written agreements between the parties regarding the Property. There are no verbal agreements that change this Agreement and no waiver of any of its terms will be effective unless in a writing executed by the parties. The Parties have executed a separate Memorandum of Understanding and Addendum thereto, including a Ground Lease for the relocation of Seller's Camp Manitou.

23. BINDING EFFECT; NO WAIVERS. This Agreement binds and benefits the parties and their heirs, representatives, successors and assigns. The waiver by either party hereto of any condition or the breach of any term, covenant or condition herein contained shall not be deemed to be a waiver of any other condition or of any subsequent breach of the same or of any other term, covenant or condition herein contained. Buyers, in their sole discretion may waive any right conferred upon Buyers by this Agreement; provided that such waiver shall only be made by Buyers giving Seller written notice specifically describing the right waived.

24. GOVERNING LAW. This Agreement has been entered into in the State of Minnesota and shall be governed by and construed in accordance with the laws of the State of Minnesota.

25. RELATIONSHIP BETWEEN SELLER AND BUYERS. Nothing in this Agreement shall be construed as creating a joint venture between the Seller and Buyers or any relationship other than that of Seller and Buyers.

26. NOTICES. All notices and demands given or required to be given by any party hereto to any other party shall be deemed to have been properly given if and when delivered in person,

sent by facsimile (with verification of receipt) or three (3) business days after having been deposited in any U.S. Postal Service and sent by registered or certified mail, postage prepaid, addressed as follows (or sent to such other address as any party shall specify to the other party pursuant to the provisions of this Section):

PURCHASE AGREEMENT

1. PARTIES. This Purchase Agreement is made on the ____ day of _____, 2016, (the "Effective Date") by and between **WRIGHT COUNTY OF MINNESOTA**, a political subdivision of the State of Minnesota ("County") and the **CITY OF MONTICELLO**, a Minnesota municipal corporation ("City"), (collectively referred to herein as "Buyers"), and **Robert and Ladonna Lamm**("Seller").

2. OFFER/ACCEPTANCE. Buyers agree to purchase and Seller agrees to sell real property (the "Property") located in Monticello Township, County of Wright, State of Minnesota, legally described in Exhibit "A" attached hereto and incorporated herein.

3. PRICE AND TERMS. The price for the Property included under this Purchase Agreement is Eighteen thousand and No/100ths (\$18,000) Dollars, which Buyers shall pay in cash on the DATE OF CLOSING, as hereinafter defined.

4. DEED/MARKETABLE TITLE. Upon performance by Buyers, Seller shall execute and deliver a **Warranty Deed**, conveying good and marketable title of record to Buyers as tenants in common, subject to only to the following exceptions (collectively, "Permitted Exceptions"):

- A. Building and zoning laws, ordinances, state and federal regulations;
- B. Exceptions to title which constitute encumbrances, restrictions, or easements of record;
- C. Exceptions to title not of record which are disclosed to Buyers and approved by Buyers;
- D. Matters disclosed in any survey of the Property or which a correct survey of the Property would show; and
- E. Property Taxes and Assessments.

5. REAL ESTATE TAXES AND SPECIAL ASSESSMENTS.

- A. Real estate taxes due and payable in and for the year of closing shall be the Sellers' responsibility.
- B. Seller shall not be required to pay any future installments of any special assessments;
- C. Buyer agrees to pay on date of closing any deferred real estate taxes (including "Green Acres" taxes under MINN. STAT. §273.111) payment of which is required as a result of the closing of this Agreement;
- D. Buyers shall pay real estate taxes and any installments of special assessments due and payable in the year following closing and thereafter.

6. SELLER'S LIEN WARRANTIES. Seller warrants that there has been no labor or material furnished to the Property for Seller for which payment has not been made. These warranties shall survive the delivery of the Deed or Contract for Deed for a period of six (6) months.

7. ACCESS PRIOR TO CLOSING. Upon reasonable notice to Seller, Buyers and Buyers' authorized agents shall have the right during the period from the date of this Agreement to the Closing Date to enter in and upon the Property in order to make, at Buyers' expense, surveys,

measurements, soil tests and other tests that Buyers shall deem necessary. Buyers agree to promptly pay all costs incurred; to immediately restore any resulting damage to the Property and to indemnify, hold harmless and defend Seller and the Property from any and all claims or liability of any nature whatsoever related to Buyers' actions hereunder, including all actions, proceedings, demands, assessments, costs, expenses and attorneys' fees. Buyers shall not perform any invasive testing of the Property without Seller's prior written consent. Seller's consent may be conditioned upon any restrictions that Seller deems necessary. Buyers shall provide to Seller a copy of any such surveys, measurements, soil tests or other tests within five (5) days after receipt.

8. POSSESSION. Seller shall deliver possession of the Property not later than the actual date of closing.

9. TITLE INSURANCE BY SELLER. Seller shall, within a reasonable time after acceptance of this Agreement, furnish a title insurance commitment certified to date to include proper searches covering bankruptcies, state and federal judgments and liens, and levied and pending special assessments. Seller is not required to provide an abstract of title. Buyer shall pay all costs associated with the issuance of such commitment. Buyers shall pay the premium for the owner's and mortgagee's policy of title insurance. The commitment for title insurance shall be issued in the full amount of the Purchase Price by a title insurance company in good standing and duly authorized to do business in Minnesota ("Title Insurer").

The commitment for title insurance shall be issued in the full amount of the Purchase Price by Title Insurer by which said company commits to issue its policy of title insurance that:

- (1) Insures that at Closing Buyers shall have marketable and insurable title of record to the Property, free and clear of all liens, encumbrances, leases, claims and charges, all material easements, rights-of-way, covenants, conditions and restrictions and any other matters affecting title, except for Permitted Exceptions and such matters as are approved by Buyers in writing.
- (2) Waives or insures against the following standard exceptions:
 - (a) Facts which would be disclosed by a comprehensive survey of the Property, but only if Buyers timely deliver a survey of the Property in form acceptable to the title company;
 - (b) Rights and claims of parties in possession; and
 - (c) Mechanic's, contractor's and material liens and lien claims.

Buyers shall be allowed ten (10) business days after the receipt of the title commitment for examination of title and making any objections, which shall be made in writing or deemed waived. If any objection is so made, Seller shall have ten (10) business days from receipt of Buyers' written title objections ("Seller's Election Notice Period") to notify Buyers whether Seller intends to cure such objections. Seller shall have no obligation to cure any objections

made by Buyers, except that Seller shall be obligated to remove any mortgage or financing liens or other monetary liens created against the Property by Seller. If Seller elects to cure such objections, Seller shall have a period of ten (10) days from Seller's receipt of such written objections ("Seller's Cure Period") within which to do so. Any objection shall be deemed cured to the extent Seller is able to compel the Title Company to delete the objectionable exception from the Title Commitment or to issue an endorsement to Buyers' Owner's Title Policy that insures over the objectionable exception. If notice to cure is given by Seller, the Closing shall be postponed pending cure of title, but upon cure of title and within ten (10) days after written notice to Buyers, the parties shall perform this Agreement according to its terms. If no such election to cure notice is given by Seller or if such notice is given but title is not cured within the time provided for, then Buyers shall have the option as their sole and exclusive remedy to terminate this Agreement in which event this Agreement shall be null and void and no party shall be liable for damages hereunder to the other. If Buyer does not elect to terminate this Agreement, Buyers' objections shall be deemed part of the Permitted Exceptions and the parties shall perform this Agreement according to its terms. Buyers shall make such election by notifying Seller within ten (10) days after expiration of Seller's cure period or within ten (10) days after expiration of Seller's Election Notice Period, as the case may be. If this Agreement is terminated as permitted under the terms of this Paragraph 5, then upon request by Seller, Buyers and Seller agree to sign a cancellation of this Agreement or Buyers shall deliver a Quit Claim Deed to the Property to Seller.

10. WELL DISCLOSURE. *[Check one of the following:]*

- Seller certifies that Seller does not know of any wells on the Property.
 Wells on the Property are disclosed by Seller on the attached Well Disclosure form.

11. DISCLOSURE OF INDIVIDUAL ON-SITE SEWAGE TREATMENT SYSTEM.

[Check one of the following:]

Seller certifies that Seller does not know of any individual on-site sewage treatment systems on the Property.

Individual on-site sewage treatment systems on the Property are disclosed by Seller on the attached Disclosure form.

12. SELLER'S COVENANTS, REPRESENTATIONS AND WARRANTIES.

Seller does hereby covenant, warrant and represent to the Buyers as follows:

- A. To Seller's actual knowledge, Seller has or as of the Date of Closing will have marketable and insurable title to the Property of record, free and clear of all liens, encumbrances, leases, claims and charges, all material easements, rights-of-way, covenants, conditions and restrictions and any other matters affecting the title, except for the Permitted Exceptions. For purposes of this Section "Seller's actual knowledge" is limited to the actual knowledge of the undersigned representatives of Seller executing this Agreement on behalf of Seller.
- B. To Seller's actual knowledge, the conveyance of the Property pursuant hereto will not violate any applicable statute, ordinance, governmental restriction or

regulation, or any private restriction or agreement.

- C. As of the Date of Closing there will be no outstanding or unpaid claims, actions or causes of action related to any transaction or obligation entered into or incurred by Seller with respect to the Property prior to the date hereof.
- D. Except as provided herein, Seller shall indemnify and defend Buyers and otherwise hold Buyers harmless of, from and against any broker who may be entitled to any commission or finder's fee in connection with the transaction contemplated herein to the extent arising from Seller's actions.
- E. To Seller's actual knowledge, there are no underground storage tanks.
- F. Seller is not a foreign person as defined in §1445(f)(3) of the Internal Revenue Code or regulations issued thereunder.
- G. To Seller's actual knowledge, there is no action, litigation, investigation, condemnation or other proceedings of any kind pending or threatened against Seller with respect to the Property.
- H. Except as used in the ordinary course of Seller's activities at the Property and to Seller's actual knowledge, (i) no toxic materials, hazardous wastes or hazardous substances, as such terms are defined in the Resource Conservation and Recovery Act of 1996, as amended (42 U.S.C. §6901, et seq.) or in the Comprehensive Environmental Response Compensation and Liability Act of 1980, as amended (42 U.S.C. §9601, et seq.), including, without limitation, any asbestos or asbestos-related products or materials and any oils, petroleum-derived compounds or pesticides ("Hazardous Materials") have been generated, treated, stored, released or disposed of or otherwise placed, deposited in or located on the Property; and (ii) the Property is free of Hazardous Materials and is not subject to any "superfund" type liens or claims by governmental regulatory agencies or third parties arising from the release or threatened release of hazardous substances in, on, or about the Property. Seller shall indemnify and hold Buyers harmless from any and all claims, causes of action, damages, losses, or costs (including reasonable lawyer's fees) relating to breach of the foregoing representations and warranties by Seller or to hazardous substances or petroleum products in the subsoil or ground water of the Subject Property or other property in the area which arise from or are caused by acts or occurrences upon the Subject Property prior to Buyers taking possession. These warranties and indemnifications shall survive the delivery of the Limited Warranty Deed for a period of twelve (12) months after the Date of Closing.

13. SELLER'S AFFIDAVIT. At closing, Seller shall supplement the warranties and representations in this Purchase Agreement by executing and delivering a Minnesota Uniform Conveyancing Blank [Form No. 116-M, 117-M, or 118-M] Affidavit of Seller ("Seller's Affidavit").

14. CLOSING. The closing (the "Closing") shall be at a location designated by Buyers, and shall occur on or before _____ ("Closing Date"). At closing, Seller and Buyers shall disclose their Federal Tax Identification Numbers for the purposes of completing state and federal tax forms.

15. CLOSING DOCUMENTS.

A. At the Closing, Seller shall execute and/or deliver to Buyers the following (collectively the "Closing Documents"):

- (1) **Warranty Deed.** A Warranty Deed in recordable form conveying title in accordance with this Agreement.
- (2) **Seller's Affidavit.** A standard form affidavit by Seller indicating that on the date of Closing there are no outstanding, unsatisfied judgments, tax liens or bankruptcies against or involving Seller or the Property; that there has been no skill, labor or material furnished to the Property for which payment has not been made or for which mechanic's liens could be filed; and that there are no other unrecorded interests in the Property.
- (3) **Non-Foreign Person Certification.** A certification in form and content satisfactory to the parties hereto and their counsel, properly executed by Seller, containing such information as shall be required by the Internal Revenue Code, and the regulations issued thereunder, in order to establish that Seller is not a "foreign person" as defined in §1445(f)(3) of such Code and such regulations.
- (4) **Storage Tanks.** If required, an affidavit with respect to storage tanks pursuant to Minn. Stat. § 116.48.
- (5) **Well Certificate.** If there is a well located on the Property, a well disclosure certificate in form and substance true to form for recording.
- (6) **Certification.** A certification that the representations and/or warranties made by Seller are materially the same as were in existence on the date of this Agreement or noting any changes thereto; and
- (7) **Other Documents.** All other documents reasonably determined by either party and the title insurance company to be necessary to transfer and provide title insurance for the Property.

B. At the Closing, Buyers shall execute and deliver to Seller the following:

- (1) All documents reasonably determined by the parties and the title insurance company to be necessary to provide title insurance for the Property;
- (2) Payment of the Purchase Price; and

16. CLOSING COSTS. All costs relating to the closing of this transaction shall be the responsibility of the Buyers, including any Green Acres liability.

17. TIME IS OF THE ESSENCE; CALCULATION OF TIME PERIODS. Time is of the essence for all provisions of this Purchase Agreement. Unless otherwise specifically provided herein, in computing any period of time described in this Agreement, the day of the act or event

after which the designated period of time begins to run is not to be included and the last day of the period so computed is to be included, unless such last day is a Saturday, Sunday or legal holiday under the laws of the State of Minnesota, in which event the period shall run until the end of the next day which is neither a Saturday, Sunday or legal holiday. The final day of such period shall be deemed to end at 5:00 p.m., Central Standard Time.

18. SURVIVAL. It is the intention of the parties that none of the terms of this Agreement will survive and be enforceable after the Closing, except Paragraphs 6 and 12 (H) as expressly so stated in this Agreement and subject to any limitation of the time for survival set forth under this Agreement.

19. CAPTIONS. The paragraph headings or captions appearing in this Agreement are for convenience only, are not a part of this Agreement and are not to be considered in interpreting this Agreement.

20. ENTIRE AGREEMENT; MODIFICATION. This written Agreement constitutes the complete agreement between the parties and supersedes any prior oral or written agreements between the parties regarding the Property. There are no verbal agreements that change this Agreement and no waiver of any of its terms will be effective unless in a writing executed by the parties.

21. BINDING EFFECT; NO WAIVERS. This Agreement binds and benefits the parties and their heirs, representatives, successors and assigns. The waiver by either party hereto of any condition or the breach of any term, covenant or condition herein contained shall not be deemed to be a waiver of any other condition or of any subsequent breach of the same or of any other term, covenant or condition herein contained. Buyers, in their sole discretion may waive any right conferred upon Buyers by this Agreement; provided that such waiver shall only be made by Buyers giving Seller written notice specifically describing the right waived.

22. GOVERNING LAW. This Agreement has been entered into in the State of Minnesota and shall be governed by and construed in accordance with the laws of the State of Minnesota.

23. RELATIONSHIP BETWEEN SELLER AND BUYERS. Nothing in this Agreement shall be construed as creating a joint venture between the Seller and Buyers or any relationship other than that of Seller and Buyers.

24. NOTICES. All notices and demands given or required to be given by any party hereto to any other party shall be deemed to have been properly given if and when delivered in person, sent by facsimile (with verification of receipt) or three (3) business days after having been deposited in any U.S. Postal Service and sent by registered or certified mail, postage prepaid, addressed as follows (or sent to such other address as any party shall specify to the other party pursuant to the provisions of this Section):

RESOLUTION 16-

WHEREAS The City of Maple Lake, via Resolution No. 2016-46, adopted by its City Council on October 4, 2016, has requested that the Wright County Board of Commissioners favorably recommend that the Minnesota Commissioner of Revenue convey to the City three particular tax forfeit parcels; and

WHEREAS These three parcels were to have been deeded to the city by the developer of Happy Knoll Estates 1st and 2nd Additions pursuant to Developer's Agreements recorded as Document No. 807178 on September 16, 2002 and as Document No. 983142 on October 24, 2005; and

WHEREAS Said parcels were forfeited to the State of Minnesota prior to being conveyed to the city as called for in the Developer's Agreements; and

WHEREAS Minnesota Statutes, Section 282.01, Subd. 1a.(f) provides that such conveyance to local government shall occur, without consideration or conditions attached, upon the favorable recommendation of the County Board;

NOW, THEREFORE, BE IT RESOLVED, That the Wright County Board of Commissioners hereby favorably recommends that the Minnesota Commissioner of Revenue convey to the City of Maple Lake by quit claim deed the following three parcels:

PID # 110-045-000020 (stormwater pond)

PID # 110-045-000030 (lift station site)

PID # 110-053-000010 (ditch access)

RESOLUTION 2016-46
RESOLUTION NOTIFYING WRIGHT COUNTY
THAT THE CITY OF MAPLE LAKE IS INTERESTED IN ACQUIRING
2 TAX FORFEITED PARCELS LOCATED IN
HAPPY KNOLL ESTATES 1ST and
1 PARCEL IN HAPPY KNOLL ESTATES 2ND ADDITION
EXTRACT OF MINUTES OF MEETING OF THE CITY COUNCIL OF
THE CITY OF MAPLE LAKE,

Pursuant to due call and notice thereof, a regular meeting of the City Council of the City of Maple Lake, Minnesota, was held on the 4th day of October, 2016, at 7:00 p.m.

The following members were present: Deb Geyen, Bart Lauer, Lynn Kissock, and John Northenscold, and the following was absent: Todd Jude.

Mayor Kissock introduced the following resolution and moved for its adoption:

WHEREAS The City of Maple Lake was notified that the following tax forfeited parcels were available for acquisition:

Outlot B, Happy Knoll Estates 1st Addition
PID # 110-045-000020

Outlot C, Happy Knoll Estates 1st Addition
PID # 110-045-000030; and

Outlot A, Happy Knoll Estates 2nd Addition
PID #110-053-000010

WHEREAS These parcels are used for storm water ponding, a lift station site, and ditch access and were to have been conveyed to the City by GP Land Corp., the developer of Happy Knoll Estates 1st and 2nd Addition, pursuant to the Development Agreements recorded as Document No. 807178 recorded on September 16, 2002 and Document No. 983142 recorded on October 24, 2005; and

WHEREAS Said parcels were forfeited to the State of Minnesota prior to being conveyed to the city as called for in the Development Agreement; and

WHEREAS Minnesota Statutes, Section 282.01, Subd. 1a.(f) provides that such conveyance to local government shall occur, without consideration or conditions attached, upon the favorable recommendation of the County Board;

NOW, THEREFORE, BE IT RESOLVED, That the City of Maple Lake requests that the Wright County Board of Commissioners favorably recommend that the Minnesota Commissioner of Revenue convey to the City of Maple Lake by quit claim deed the following parcels:

Outlot B, Happy Knoll Estates 1st Addition
 PID # 110-045-000020 (Pond)

Outlot C, Happy Knoll Estates 1st Addition
 PID # 110-045-000030 (Lift Station Site)

Outlot A, Happy Knoll Estates 2nd Addition
 PID #110-053-000010 (ditch access)

The foregoing resolution was duly seconded by Councilmember Lauer and upon being put to vote, as follows.

	AYES	NAYS	ABSENT	ABSTAINED
Mayor Lynn Kissock	X			
Councilmember Deb Geyen	X			
Councilmember Todd Jude			X	
Councilmember Bart Lauer	X			
Councilmember John Northenscold	X			

WHEREUPON, the resolution was declared duly passed and adopted.

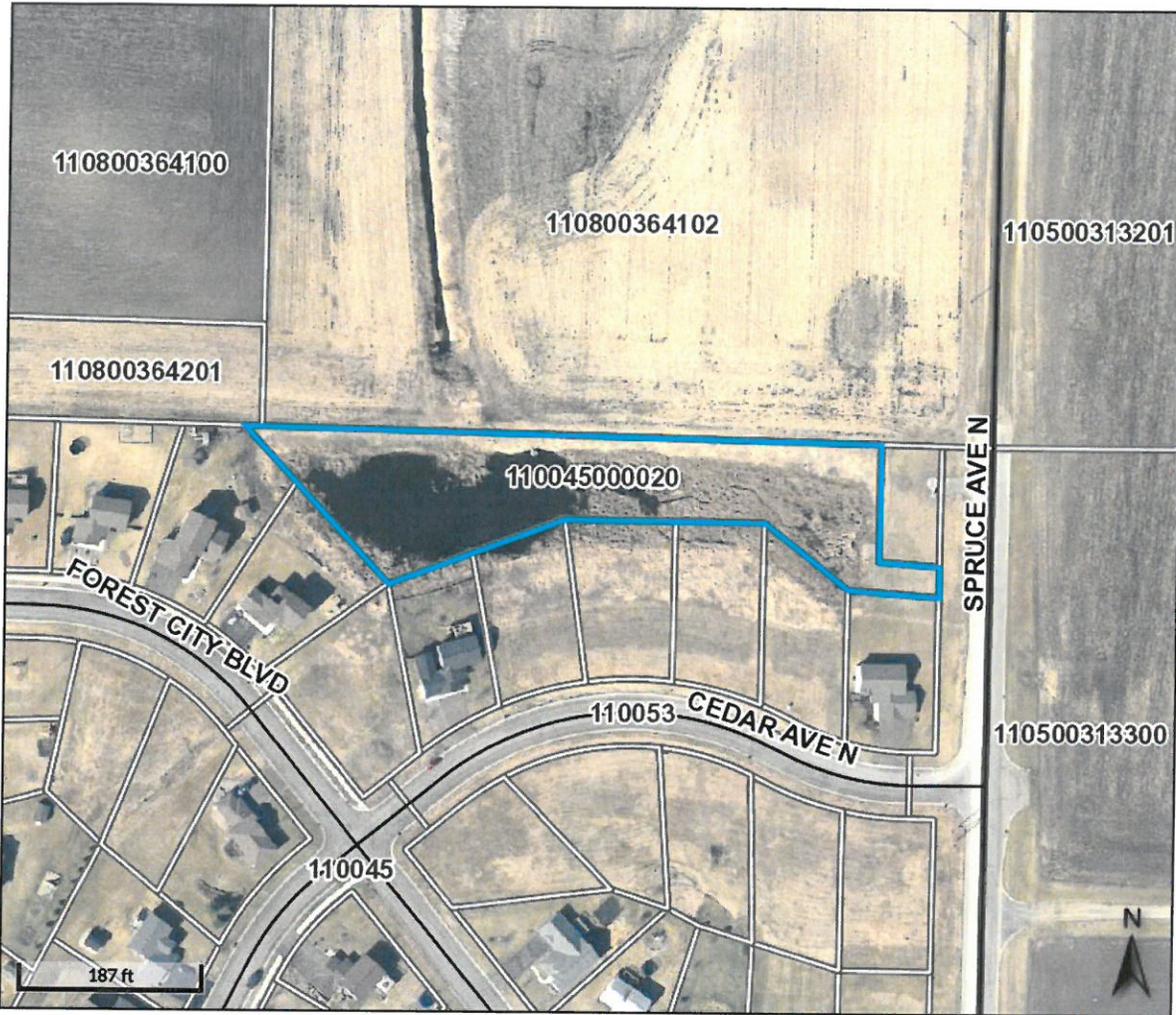

STATE OF MINNESOTA)
 COUNTY OF WRIGHT) ss.
 CITY OF MAPLE LAKE)

I, the undersigned, being the duly qualified and acting City Clerk/Treasurer of the City of Maple Lake, Minnesota, do hereby certify that I have carefully compared the attached and foregoing Extract of Minutes of a regular meeting of the City Council of said City held on the 4th day of October, 2016, with the original thereof on file in my office and I further certify that the same is a full, true and complete transcript thereof insofar as the same relates to the Resolution approving acquiring the tax forfeited lots in the Happy Knoll 1st and 2nd Additions.

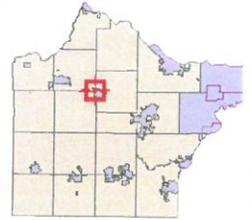

Witness my hand as such City Clerk/Treasurer this 4th day of October, 2016.

 Lee Ann Yager, City Clerk/Treasurer

WRIGHT COUNTY

REQUEST FOR BOARD ACTION

Req. Agenda Time:	9:05 a.m.	Board Meeting Date:	10-18-2016	Consent Agenda:	
--------------------------	-----------	----------------------------	------------	------------------------	--

Amt. of Time Required:	2 min.	Item For Consideration:	
-------------------------------	--------	--------------------------------	--

Auditor-Treasurer's Office	Board Action Requested: Request to have County Board set a date and time for the County Canvassing Board for the General Election. Members also need to be appointed.
Originating Department/Service	
Requestor's Signature	
Reviewed By/Date	

Background/Justification:

The county canvassing board shall consist of the county auditor, the court administrator of the district court, the mayor or chair of the town board of the county's most populous municipality, and two members of the county board selected by the board from its members who are not candidates at the election. Any member of the canvassing board may appoint a designee to appear at the meeting of the board, except that no designee may be a candidate for public office. County Canvass Board must meet between the 3rd and 10th day following the State General, which is November 8, 2016.

We recommend Thursday, November 17 from 2:00 p.m. – 4:00 p.m.

Commissioners Daleiden and Husom and Sawatzke served on the Primary County Canvassing Board.

I, Lee Kelly, duly appointed, qualified, and acting Clerk to the County Board for the County of Wright, State of Minnesota, do hereby certify that I have compared the foregoing copy of a resolution or motion with the original minutes of the proceedings of the Board of County Commissioners, Wright County, Minnesota, at their session held on the 18th day of October, 2016 on file in my office, and have found the same to be true and correct copy thereof.

Witness my hand and official seal at Buffalo, Minnesota, this 18th day of October, 2016.

Lee Kelly, County Coordinator

Resolution Adopting Assessment

WHEREAS, pursuant to proper notice duly given as required by law, the County Board has met and heard and passed upon all objections to the proposed assessment for Abatement of Nuisances on property located at 233 Birch Avenue South, Maple Lake, Minnesota.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF WRIGHT COUNTY, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.
2. Such assessment shall be payable in equal annual installments extending over a period of 3 years, the first of the installments to be payable on or before the first Monday in January 2017, and shall bear interest at the rate of 4.00 percent per annum from the date of the adoption of this assessment resolution. To the first installment shall be added interest on the entire assessment from the date of this resolution until December 31, 2017. To each subsequent installment, when due, shall be added interest for one year on all unpaid installments.
3. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the County Auditor, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution; and they may, at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.
4. The clerk shall forthwith transmit a certified duplicate of this assessment to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

RE: Notice to Property Owner of Special Assessment

Dear Mr. Nieman and Ms. Andrews:

Notice is hereby given that the Wright County Board of Commissioners will meet at 9:30 A.M. on October 18, 2016, in the County Board Room in the Wright County Government Center at 10 2nd Street N.W., Buffalo, MN 55313 to consider, and possibly adopt, the proposed assessment for the abatement of public health nuisances on property located at 333 Birch Avenue South, Maple Lake, MN 55358. Adoption by the County Board of the proposed assessment may occur at the hearing. The following is the area proposed to be assessed: Property Owned by Ashley May Andrews and Steven D. Nieman and legally described as: Sec 6, Twp 120 Range 26, Original Plat Maple Lake Lot 1, Block 10, Wright County, State of Minnesota.

The amount to be specially assessed against your particular lots, pieces, or parcels of land is as shown in the attachment to this notice. Such assessment is proposed to be payable in equal annual installments extending over a period of 3 years, the first of the installments to be payable on or before the first Monday in January 2017, and will bear interest at the rate of 4.00 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from the date of the assessment resolution until December

31, 2017. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

You may at any time prior to certification of the assessment to the County Auditor, pay the entire assessment on such property, with interest accrued to the date of payment, to the County Auditor. No interest shall be charged if the entire assessment is paid within 30 days from the adoption of this assessment. You may at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year. If you decide not to prepay the assessment before the date given above the rate of interest that will apply is 4.00 percent per year.

The proposed assessment roll is on file for public inspection at the County Auditor's Office. The total amount of the proposed assessment is \$5,790.56. Written or oral objections will be considered at the meeting. No appeal to district court may be taken as to the amount of an assessment unless a written objection signed by the affected property owner is filed with the County Coordinator or County Auditor prior to the assessment hearing or presented to the presiding officer at the hearing. The County Board may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owners as it deems advisable.

Under Minn. Stat. §§ 435.193 to 435.195, the County Board may, in its discretion, defer the payment of this special assessment for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability for whom it would be a hardship to make the payments. When deferment of the special assessment has been granted and is terminated for any reason provided in that law, all amounts accumulated plus applicable interest become due. Any assessed property owner meeting the requirements of this law, may, within 30 days of the confirmation of the assessment, apply to the County Auditor for the prescribed form for such deferral of payment of this special assessment on his/her property.

An owner may appeal an assessment to district court pursuant to Minn. Stat. § 429.081 by serving notice of the appeal upon the County Auditor or the Chair of the County Board within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the County Auditor or Chair of the County Board.

NOTICE TO PROPERTY OWNERS OF
SPECIAL ASSESSMENT

TO WHOM IT MAY CONCERN

Notice is hereby given that the Wright County Board of Commissioners will meet at 9:30 A.M. on October 18, 2016, in the County Board Room in the Wright County Government Center at 10 2nd Street NW, Buffalo, MN 55313 to consider, and possibly adopt, the proposed assessment for the abatement of nuisance on property located at 323 Birch Avenue South, Maple Lake, MN 55366. Adoption by the County Board of the proposed assessment may occur at the hearing. The following is the assessment to be assessed: See 9, Twp 120 Range 26, Original Plat Maple Lake Lot 1, Block 10, Wright County, State of Minnesota.

The amount to be specially assessed against the particular lots, pieces, or parcels of land is as shown in the assessment roll on file with the Wright County Auditor/Treasurer. Such assessment is proposed to be payable in equal annual installments extending over a period of 3 years, the first of the installments to be payable on or before the first Monday in January 2017 and thereafter on the 1st of the year of 4.00 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from the date of the assessment resolution until December 31, 2017. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

An affected property owner may at any time prior to certification of the assessment to the County Auditor, pay the entire assessment of such property, with interest accrued to the date of payment, to the County Auditor. No interest shall be charged if the entire assessment is paid within 30 days from the adoption of this assessment. An affected property owner may at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the subsequent year. If an affected property owner decides not to prepay the assessment before the date given above, the rate of interest that will apply is 4.00 percent per year.

This proposed assessment roll is on file for public inspection at the County Auditor's Office. The total amount of the proposed assessment is \$6,798.56. Written or oral objections will be considered at the meeting. No appeal to district court may be taken as to the amount of an assessment unless a written objection signed by the affected property owner is filed with the County Coordinator or County Auditor prior to the assessment hearing or presented to the presiding officer at the hearing. The County Board may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owners as it deems advisable.

Under Minn. Stat. 55.435-55.438-195, the County Board may, in its discretion, defer the payment of this special assessment for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability for whom it would be a hardship to make the payments. When deferment of the special assessment has been granted and is terminated for any reason provided in the law, all amounts accumulated plus applicable interest become due. Any assessed property owner meeting the requirements of this law, may, within 30 days of the confirmation of the assessment, apply to the County Auditor for the prescribed form for such deferral of payment of this special assessment on his/her property.

An owner may appeal an assessment to district court pursuant to Minn. Stat. 5.429-501 by serving notice of the appeal upon the County Auditor or the Chair of the County Board within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the County Auditor or Chair of the County Board.

Resolution Adopting Assessment

WHEREAS, pursuant to proper notice duly given as required by law, the County Board has met and heard and passed upon all objections to the proposed assessment for Abatement of Nuisances on property located at 400 Center Avenue South, Montrose, Minnesota.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF WRIGHT COUNTY, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.
2. Such assessment shall be payable in equal annual installments extending over a period of 3 years, the first of the installments to be payable on or before the first Monday in January 2017, and shall bear interest at the rate of 4.00 percent per annum from the date of the adoption of this assessment resolution. To the first installment shall be added interest on the entire assessment from the date of this resolution until December 31, 2017. To each subsequent installment, when due, shall be added interest for one year on all unpaid installments.
3. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the County Auditor, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution; and they may, at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.
4. The clerk shall forthwith transmit a certified duplicate of this assessment to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

RE: Notice to Property Owner of Special Assessment

Dear Sir or Madam:

Notice is hereby given that the Wright County Board of Commissioners will meet at 9:30 A.M. on October 18, 2016, in the County Board Room in the Wright County Government Center at 10^{2nd} Street N.W., Buffalo, MN 55313 to consider, and possibly adopt, the proposed assessment for the abatement of public health nuisances on property located at 400 Center Avenue South, Lot 19, Montrose, MN 55363. Adoption by the County Board of the proposed assessment may occur at the hearing. The following is the area proposed to be assessed: Property Owned by Watertown Investment, LLP and legally described by the Wright County Auditor/Treasurer as:

Sect-02 Twp-118 Range-026 UNPLATTED LAND MONTROSE NE1/4 OF NE1/4 EX BLK G OF HAVEN&WRIGHTS ADD EX E20RDS OF N16RDS OF W1/2 OF NE1/4 OF NE 1/4 EX E406FT LY S OF BLKG OF HAVEN& WRIGHTS ADDN EX TR DES COM PT 20RDS W OF NE COR OF W 1/2 OF NE1/4 OF NE1/4 TH W10 RDS TH S200FT TH E10RDS TH N 200FT TO POB EX PARCEL 32 ON MNDOT R/W PLAT NO.86-11

The amount to be specially assessed against your particular lots, pieces, or parcels of land is as shown in the attachment to this notice. Such assessment is proposed to be payable in equal annual installments extending over a period of 3 years, the first of the installments to be payable on or before the first Monday in January 2017, and will bear interest at the rate of 4.00 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from the date of the assessment resolution until December 31, 2017. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

You may at any time prior to certification of the assessment to the County Auditor, pay the entire assessment on such property, with interest accrued to the date of payment, to the County Auditor. No interest shall be charged if the entire assessment is paid within 30 days from the adoption of this assessment. You may at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year. If you decide not to prepay the assessment before the date given above the rate of interest that will apply is 4.00 percent per year.

The proposed assessment roll is on file for public inspection at the County Auditor's Office. The total amount of the proposed assessment is \$6,661.93. Written or oral objections will be considered at the meeting. No appeal to district court may be taken as to the amount of an assessment unless a written objection signed by the affected property owner is filed with the County Coordinator or County Auditor prior to the assessment hearing or presented to the presiding officer at the hearing. The County Board may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owners as it deems advisable.

Under Minn. Stat. §§ 435.193 to 435.195, the County Board may, in its discretion, defer the payment of this special assessment for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability for whom it would be a hardship to make the payments. When deferment of the special assessment has been granted and is terminated for any reason provided in that law, all amounts accumulated plus applicable interest become due. Any assessed property owner meeting the requirements of this law, may, within 30 days of the confirmation of the assessment, apply to the County Auditor for the prescribed form for such deferral of payment of this special assessment on his/her property.

An owner may appeal an assessment to district court pursuant to Minn. Stat. § 429.081 by serving notice of the appeal upon the County Auditor or the Chair of the County Board within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the County Auditor or Chair of the County Board.

Domestic Return Receipt

STATE OF MINNESOTA
 COUNTY OF WRIGHT
 NOTICE TO PROPERTY OWNERS
 OF SPECIAL ASSESSMENT

TO WHOM IT MAY CONCERN

Notice is hereby given that the Wright County Board of Commissioners will meet at 9:30 A.M. on October 18, 2016, in the County Board Room in the Wright County Government Center at 10 2nd Street N.W., Buffalo, MN 55313 to consider and possibly adopt, the proposed assessment for the abatement of nuisances on property located at 400 Carter Avenue South, Lot 18, Montrose, MN 55363. Adoption by the County Board of the proposed assessment may occur at the hearing. The following is the area proposed to be assessed: Sect-03 Twp-118 Range-03 UNPLATTED LAND MONTROSE NE1/4 OF NE1/4 EX BLK G OF HAVENBRIGHTS ACID EX (20RDS OF 1/4RDS OF W1/2 OF NE1/4 OF NE1/4 EX 5400FT LY S OF T1/2 OF HAVENBRIGHTS ADDN EX TR BIES COM PT 20RDS W OF NECTOR OF W 1/4 OF NE1/4 OF NE1/4 T1W10 RDS TH 5200FT TH 5400FT TH 200FT TO POB EX PARCEL R2 ON NIMBOT R/W PLAT NO 86-11

The amount to be specially assessed against the particular lots, pieces, or parcels of land as shown in the assessment roll on file with the Wright County Auditor/Treasurer. Such assessment is proposed to be payable in equal annual installments extending over a period of 3 years, the first of the installments to be payable on or before the first Monday in January 2017 and will bear interest at the rate of 4.00 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from the date of the assessment resolution until December 31, 2017. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

An affected property owner may at any time prior to certification of the assessment to the County Auditor, pay the entire assessment on such property, with interest accrued to the date of payment, to the County Auditor. No interest shall be charged if the entire assessment is paid within 30 days from the adoption of this assessment. An affected property owner may at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year. If an affected property owner decides not to pay the assessment before the date given above the rate of interest that will apply is 4.00 percent per year.

The proposed assessment roll is on file for public inspection at the County Auditor's Office. The total amount of the proposed assessment is \$6,661.93. Written or oral objections will be considered at the meeting. No appeal to district court may be taken as to the amount of an assessment unless a written objection signed by the affected property owner is filed with the County Coordinator or County Auditor prior to the assessment hearing or presented to the presiding officer at the hearing. The County Board may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owner as it deems advisable.

Under Minn. Stat. § 436.193 to 436.195, the County Board may, in its discretion, defer the payment of this special assessment for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability for whom it would be a hardship to make the payments. When deferment of the special assessment has been granted and is terminated for any reason provided in that law, all amounts accumulated plus applicable interest become due. Any assessed property owner meeting the requirements of this law, may, within 30 days of the completion of the assessment, apply to the County Auditor for the prescribed form for such deferral of payment of this special assessment on his/her property.

An owner may appeal an assessment to district court pursuant to Minn. Stat. § 429.061 by serving notice of the appeal upon the County Auditor or the Chair of the County Board within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the County Auditor or Chair of the County Board.

Resolution Adopting Assessment

WHEREAS, pursuant to proper notice duly given as required by law, the County Board has met and heard and passed upon all objections to the proposed assessment for Abatement of Nuisances on property located at 3659 40th Street N.E., Buffalo, Minnesota.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF WRIGHT COUNTY, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.
2. Such assessment shall be payable in equal annual installments extending over a period of 10 years, the first of the installments to be payable on or before the first Monday in January 2017, and shall bear interest at the rate of 4.00 percent per annum from the date of the adoption of this assessment resolution. To the first installment shall be added interest on the entire assessment from the date of this resolution until December 31, 2017. To each subsequent installment, when due, shall be added interest for one year on all unpaid installments.
3. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the County Auditor, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution; and they may, at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.
4. The clerk shall forthwith transmit a certified duplicate of this assessment to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

RE: Notice to Property Owner of Special Assessment

Dear Property Owners:

Notice is hereby given that the Wright County Board of Commissioners will meet at 9:30 A.M. on October 18, 2016, in the County Board Room in the Wright County Government Center at 10 2nd Street N.W., Buffalo, MN 55313 to consider, and possibly adopt, the proposed assessment for the abatement of nuisances on property located at 3659 40th Street N.E., Township of Buffalo, County of Wright, State of Minnesota. Adoption by the County Board of the proposed assessment may occur at the hearing. The following is the area proposed to be assessed: Property Owned by Carl Gutknecht and which is encumbered by a permanent injunction pursuant to Wright County District Court File No. 86-CV-12-3850 and which is described as Sect-15 Twp-120 Range-025 UNPLATTED LAND BUFFALO TWP 80.00 AC W1/2 OF NE1/4, County of Wright, State of Minnesota.

The amount to be specially assessed against your particular lots, pieces, or parcels of land is as shown in the attachment to this notice. Such assessment is proposed to be payable in equal annual

installments extending over a period of 10 years, the first of the installments to be payable on or before the first Monday in January 2017, and will bear interest at the rate of 4.00 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from the date of the assessment resolution until December 31, 2017. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

You may at any time prior to certification of the assessment to the County Auditor, pay the entire assessment on such property, with interest accrued to the date of payment, to the County Auditor. No interest shall be charged if the entire assessment is paid within 30 days from the adoption of this assessment. You may at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year. If you decide not to prepay the assessment before the date given above the rate of interest that will apply is 4.00 percent per year.

The proposed assessment roll is on file for public inspection at the County Auditor's Office. The total amount of the proposed assessment is \$66,137.80. Written or oral objections will be considered at the meeting. No appeal to district court may be taken as to the amount of an assessment unless a written objection signed by the affected property owner is filed with the County Coordinator or County Auditor prior to the assessment hearing or presented to the presiding officer at the hearing. The County Board may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owners as it deems advisable.

Under Minn. Stat. §§ 435.193 to 435.195, the County Board may, in its discretion, defer the payment of this special assessment for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability for whom it would be a hardship to make the payments. When deferment of the special assessment has been granted and is terminated for any reason provided in that law, all amounts accumulated plus applicable interest become due. Any assessed property owner meeting the requirements of this law, may, within 30 days of the confirmation of the assessment, apply to the County Auditor for the prescribed form for such deferral of payment of this special assessment on his/her property.

An owner may appeal an assessment to district court pursuant to Minn. Stat. § 429.081 by serving notice of the appeal upon the County Auditor or the Chair of the County Board within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the County Auditor or Chair of the County Board.

STATE OF MINNESOTA
COUNTY OF WRIGHT

SHERIFF'S REPORT OF
EXECUTION SALE OF
PERSONAL PROPERTY

THE UNDERSIGNED SHERIFF DOES HEREBY CERTIFY AND RETURN that under and by virtue of the hereto attached execution, the goods and chattels named in the return thereto attached have been levied upon and taken into possession in June, 2016, said property advertised for sale by publication and the posting of three notices (a copy of which is hereto attached) respectively:

1. Monticello Township Hall
2. Wright County Sheriff's Main Bulletin Board
3. Wright County Courthouse North Entrance Bulletin Board

For ten successive days prior to the day of sale, the said locations being three public places, and the official newspaper for Wright County, describing said property and giving notice of the time and place the same would be exposed for sale;

That on the 22nd day of August, 2016, at 9:00 o'clock a.m., at the Wright County Compost Facility, 505 County Rd 37 N.E., Buffalo, Minnesota in Wright County, that being the time, place and date appointed and advertised, said Sheriff did attend and then and there exposed and offered the following said goods and chattels for sale at public auction and did sell the same to the parties and at the prices below, to-wit:

Vehicle: 12. White/Blue Chev.
VIN: CCE675V164593

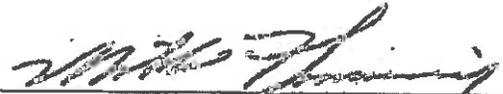

For \$ 150.00

Name of Highest Bidder: JOSEPH MICHAEL ZAWADSKI

They being the bidders and their bids being the highest cash sums bid therefore; that said sale was conducted openly and honestly and in all respects according to law; that said Sheriff has delivered the funds received hereto the Wright County Auditor/Treasurer to be credited against the fees and assessments charged against the property owner.

NOTICE TO PROPERTY OWNERS OF SPECIAL ASSESSMENT

TO WHOM IT MAY CONCERN:

Notice is hereby given that the Wright County Board of Commissioners will meet at 9:30 A.M. on October 18, 2016, in the County Board Room in the Wright County Government Center at 10 2nd Street N.W., Buffalo, MN 55313 to consider, and possibly adopt, the proposed assessment for the abatement of nuisances on property located at 3659 40th Street N.E., Township of Buffalo, State of Minnesota. Adoption by the County Board of the proposed assessment may occur at the hearing. The following is the area proposed to be assessed. Property which is encumbered by a permanent injunction pursuant to Wright County District Court File No.: 86-CV-12-3850 and which is described as Sect-15 Twp-120 Range-025 UNPLATTED LAND BUFFALO TWP 80 00 AC W1/2 OF NE1/4, County of Wright, State of Minnesota.

The amount to be specially assessed against the particular lots, pieces, or parcels of land is as shown in the assessment roll on file with the Wright County Auditor/Treasurer. Such assessment is proposed to be payable in equal annual installments extending over a period of 10 years, the first of the installments to be payable on or before the first Monday in January 2017, and will bear interest at the rate of 4.00 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from the date of the assessment resolution until December 31, 2017. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

An affected property owner may at any time prior to certification of the assessment to the County Auditor, pay the entire assessment on such property, with interest accrued to the date of payment, to the County Auditor. No interest shall be charged if the entire assessment is paid within 30 days from the adoption of this assessment. An affected property owner may at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year. If an affected property owner decides not to prepay the assessment before the date given above the rate of interest that will apply is 4.00 percent per year.

The proposed assessment roll is on file for public inspection at the County Auditor's Office. The total amount of the proposed assessment is \$66,137.80. Written or oral objections will be considered at the meeting. No appeal to district court may be taken as to the amount of an assessment unless a written objection signed by the affected property owner is filed with the County Coordinator or County Auditor prior to the assessment hearing or presented to the presiding officer at the hearing. The County Board may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owners as it deems advisable.

Under Minn. Stat. §§ 435.193 to 435.195, the County Board may, in its discretion, defer the payment of this special assessment for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability for whom it would be a hardship to make the payments. When deferment of the special assessment has been granted and is terminated for any reason provided in that law, all amounts accumulated plus applicable interest become due. Any assessed property owner meeting the requirements of this law, may, within 30 days of the confirmation of the assessment, apply to the County Auditor for the prescribed form for such deferral of payment of this special assessment on his/her property.

An owner may appeal an assessment to district court pursuant to Minn. Stat. § 429.081 by serving notice of the appeal upon the County Auditor or the Chair of the County Board within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the County Auditor or Chair of the County Board.

County of Wright)

I, Lee Kelly, duly appointed, qualified, and acting Clerk to the County Board for the County of Wright, State of Minnesota, do hereby certify that I have compared the foregoing copy of a resolution or motion with the original minutes of the proceedings of the Board of County Commissioners, Wright County, Minnesota, at their session held on the 18th day of October, 2016 on file in my office, and have found the same to be true and correct copy thereof.

Witness my hand and official seal at Buffalo, Minnesota, this 18th day of October, 2016.

Lee Kelly, County Coordinator

Resolution Adopting Assessment

WHEREAS, pursuant to proper notice duly given as required by law, the County Board has met and heard and passed upon all objections to the proposed assessment for Abatement of Nuisances on property located at 10856 Pleason Avenue N.W., South Haven, Minnesota.

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF WRIGHT COUNTY, MINNESOTA:

1. Such proposed assessment, a copy of which is attached hereto and made a part hereof, is hereby accepted and shall constitute the special assessment against the lands named therein, and each tract of land therein included is hereby found to be benefited by the proposed improvement in the amount of the assessment levied against it.
2. Such assessment shall be payable in equal annual installments extending over a period of 3 years, the first of the installments to be payable on or before the first Monday in January 2017, and shall bear interest at the rate of 4.00 percent per annum from the date of the adoption of this assessment resolution. To the first installment shall be added interest on the entire assessment from the date of this resolution until December 31, 2017. To each subsequent installment, when due, shall be added interest for one year on all unpaid installments.
3. The owner of any property so assessed may, at any time prior to certification of the assessment to the county auditor, pay the whole of the assessment on such property, with interest accrued to the date of payment, to the County Auditor, except that no interest shall be charged if the entire assessment is paid within 30 days from the adoption of this resolution; and they may, at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the next succeeding year.
4. The clerk shall forthwith transmit a certified duplicate of this assessment to the county auditor to be extended on the property tax lists of the county. Such assessments shall be collected and paid over in the same manner as other municipal taxes.

VIA CERTIFIED RETURN
RECEIPT MAIL

RE: Notice to Property Owner of Special Assessment

Dear Mr. Frappier:

Notice is hereby given that the Wright County Board of Commissioners will meet at 9:30 A.M. on October 18, 2016, in the County Board Room in the Wright County Government Center at 10 2nd Street N.W., Buffalo, MN 55313 to consider, and possibly adopt, the proposed assessment for the abatement of nuisances on property located at 10856 Pleason Avenue N.W. South Haven, Minnesota. Adoption by the County Board of the proposed assessment may occur at the hearing. The following is the area proposed to be assessed: Property Owned by Loren K. Frappier and which is encumbered by a permanent injunction pursuant to Wright County District Court File No.: 86-CV-13-4191.

The amount to be specially assessed against your particular lots, pieces, or parcels of land is as shown in the attachment to this notice. Such assessment is proposed to be payable in equal annual installments extending over a period of 3 years, the first of the installments to be payable on or before the first Monday in January 2017, and will bear interest at the rate of 4.00 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire assessment from the date of the assessment resolution until December 31, 2017. To each subsequent installment when due shall be added interest for one year on all unpaid installments.

You may at any time prior to certification of the assessment to the County Auditor, pay the entire assessment on such property, with interest accrued to the date of payment, to the County Auditor. No interest shall be charged if the entire assessment is paid within 30 days from the adoption of

this assessment. You may at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year. If you decide not to prepay the assessment before the date given above the rate of interest that will apply is 4.00 percent per year.

The proposed assessment roll is on file for public inspection at the County Auditor's Office. The total amount of the proposed assessment is \$2,725.04. Written or oral objections will be considered at the meeting. No appeal to district court may be taken as to the amount of an assessment unless a written objection signed by the affected property owner is filed with the County Coordinator or County Auditor prior to the assessment hearing or presented to the presiding officer at the hearing. The County Board may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owners as it deems advisable.

Under Minn. Stat. §§ 435.193 to 435.195, the County Board may, in its discretion, defer the payment of this special assessment for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability for whom it would be a hardship to make the payments. When deferment of the special assessment has been granted and is terminated for any reason provided in that law, all amounts accumulated plus applicable interest become due. Any assessed property owner meeting the requirements of this law, may, within 30 days of the confirmation of the assessment, apply to the County Auditor for the prescribed form for such deferral of payment of this special assessment on his/her property.

An owner may appeal an assessment to district court pursuant to Minn. Stat. § 429.081 by serving notice of the appeal upon the County Auditor or the Chair of the County Board within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the County Auditor or Chair of the County Board.

**COUNTY OF WRIGHT
NOTICE TO PROPERTY OWNERS
OF SPECIAL ASSESSMENT
TO WHOM IT MAY CONCERN.**

Notice is hereby given that the Wright County Board of Commissioners will meet at 9:30 A.M. on October 18, 2016, in the County Board Room in the Wright County Government Center at 19 2nd Street N.W., Buffalo, MN 55313 to consider, and possibly adopt, the proposed assessment for the abatement of notices on property located at 1685b Pleasant Avenue N.W. South Haven, Minnesota. Adoption by the County Board of the proposed assessment may occur at the hearing. The following is the area proposed to be assessed. Property which is encumbered by a permanent mortgage pursuant to Wright County District Court File No. 05-CV-43-4191.

The amount to be specially assessed against the particular lots, pieces, or parcels of land is as shown in the assessment roll on file with the Wright County Auditor/Treasurer. Such assessment is proposed to be payable in equal annual installments extending over a period of 3 years, the first of the installments to be payable on or before the first Monday in January, 2017, and will bear interest at the rate of 4.00 percent per annum from the date of the adoption of the assessment resolution. To the first installment shall be added interest on the entire installment from the date of the assessment resolution until December 31, 2017. To each subsequent installment there shall be added interest for one year on all unpaid installments.

An affected property owner may at any time pay to certification of the assessment to the County Auditor, pay the entire assessment on such property with interest accrued to the date of payment, to the County Auditor. No interest shall be charged if the entire assessment is paid within 30 days from the adoption of this assessment. An affected property owner may at any time thereafter, pay to the County Auditor the entire amount of the assessment remaining unpaid, with interest accrued to December 31 of the year in which such payment is made. Such payment must be made before November 15 or interest will be charged through December 31 of the succeeding year. If an affected property owner decides not to prepay the assessment before the date greater than the rate of interest that will apply is 4.00 percent per year.

The proposed assessment roll is on file for public inspection at the County Auditor's Office. The total amount of the proposed assessment is \$2,750.44. Written or oral objections will be considered at the meeting. No appeal to district court may be taken as to the amount of an assessment unless a written objection signed by the affected property owner is filed with the County Coordinator or County Auditor prior to the assessment hearing or presented to the presiding officer at the hearing. The County Board may upon such notice consider any objection to the amount of a proposed individual assessment at an adjourned meeting upon such further notice to the affected property owners as it deems advisable.

Under Minn. Stat. §§ 435.193 to 435.195, the County Board may, in its discretion, defer the payment of this special assessment for any homestead property owned by a person 65 years of age or older or retired by virtue of a permanent and total disability for whom it would be a hardship to make the payments. When deferment of the special assessment has been granted and is terminated for any reason provided in that law, all amounts accumulated plus applicable interest become due. Any assessed property owner meeting the requirements of this law may, within 30 days of the confirmation of the assessment, apply to the County Auditor for the prescribed form for such deferral of payment of this special assessment on his/her property.

An owner may appeal an assessment to district court pursuant to Minn. Stat. § 429.001 by serving notice of the appeal upon the County Auditor or the Chair of the County Board within 30 days after the adoption of the assessment and filing such notice with the district court within ten days after service upon the County Auditor or Chair of the County Board.

ORDINANCE AMENDMENT NUMBER 16-6

THE COUNTY BOARD OF WRIGHT COUNTY HEREBY ORDAINS:

Art. I – Amendments to Chapter 152 Feedlots

Sec. 1

§ 152.025 MINIMUM AREA AND ANIMAL DENSITY.

(A) *Minimum of Four Acres.* Except as provided in subpart (B) of this section, a minimum area of four acres or such greater area required to meet all setbacks set forth by this chapter and Ch. 155 ~~458~~ of this code of ordinances shall be required for animal feedlot operations. On lots larger than four acres in the A/R, R-1, R-2, R-2a, R-3, S-1, S-2, S-3 and W Zoning Districts, animals shall be allowed at a maximum density of one-half animal unit per acre. In the AG Zoning District, animals shall be allowed at a maximum density of one-half animal unit per acre on parcels of four to ten acres. These restrictions shall not apply to normal farm operations existing prior to the adoption of this chapter or to farms in the AG Zoning District on parcels over ten acres in size. Parcels in the A/R Zoning District are limited to less than ten animal units regardless of parcel size. Parcel size in all districts is determined using all adjoining parcels under common ownership. New feedlots in shoreland, as allowed by 152.031(C), are limited to less than 10 animal units, regardless of parcel size. Livestock shall include those animals listed in § 155.003(B) of this chapter, except for dogs, cats and rabbits as domestic pets.

(B) *Fowl and Chickens.* Every parcel of property, except for parcels in the R-1 zoning district under 2.5 acres, and notwithstanding any provision to the contrary in §§152.027-152.031 and Chapter 155, shall be allowed to have up to 5 domesticated fowl and 30 chickens, except roosters, provided the following setbacks are met:

(1) Poultry buildings will be setback a minimum of 50 feet from side and rear property lines and 300 feet from the Ordinary High Water Mark of any public body of water.

(2) Road setbacks are as required under Chapter 155; and

(3) Poultry on less than four acres must be contained in a fenced enclosure. The fence must be setback at least 15 feet from all side and rear property lines, and must meet all road setback requirements. The fence must be setback at least 50 feet from the Ordinary High Water Level of a public body of water, provided there is a buffer, as defined under Minn. Stat. § 103F.48, between the fence and the public body of water.

(Ord. 06-02, passed 4-4-2006, amended _____)

Sec. 2

§ 152.031 SHORELAND.

(A) New animal feedlots or manure storage areas shall not be located within any area classified as the County Shoreland Zoning District under § 155.057 of this code of ordinances, nor in the bluff impact zones except as allowed in section (C).

(B) Modifications or expansions to animal feedlots that existed as of 10-16-2000, and that are located within any area classified as the County Shoreland District under § 155.057 of this code of ordinances or within a bluff impact zone are allowed, if they do not further encroach into the shoreland setback, do not further encroach on bluff impact zones, if all identified pollution hazards are corrected, and if they obtain a feedlot permit. No feedlot is allowed to expand to a capacity of 1,000 animal units or more or the manure produced by 1,000 animal units or more within the shoreland district.

(C) For parcels meeting the density requirement of section § 152.025 (A), livestock, except for cattle, poultry, and hogs, shall be allowed at a maximum density of one-half animal unit per acre provided the following setbacks and requirements are met:

- (1) All animal structures and feedlots must be 300 feet from the Ordinary High Water Level of all public bodies of water.
- (2) Animals may be located in a pasture that is within 300 feet of the Ordinary High Water Level of a public body of water provided the pasture is fenced so as to prevent animals from coming within 50 feet of the Ordinary High Water Level and there is a buffer, as defined under Minn. Stat. § 103F.48, between the fence and the public body of water.
- (3) The facility must have an animal unit capacity less than 10 animal units at all times. The owner may not establish a feedlot less than 10 animal units and subsequently expand to a feedlot of 10 animal units or more as an existing facility as would otherwise be allowed.
- (4) The owner must complete the Minnesota Pollution Control Agency Notice of Construction or Expansion Form and submit a copy to the County Feedlot Program Administrator and all local zoning authorities.
- (5) The County may request that the owner submit plans and specifications for review.

(Ord. 06-02, passed 4-4-2006, amended _____)

Art. 2 – Amendments to the Zoning Ordinance Chapter 155

Sec. 1

§ 155.047 AGRICULTURAL/RESIDENTIAL (A/R).

§155.047(F)(2)(a) is amended as follows:

Required Setback Distance From Road Centerline	Required Setback Distance from Road Centerline for Livestock Buildings	Road Class
130	130	State Highway
130	130	County Road State Aid
65	100	Local Street (Twp. Rd.)
25	100	From right-of-way of cul-de-sac or approved "T"

Sec. 2

§ 155.048 GENERAL AGRICULTURE (AG)

§ 155.048(F)(2)(a) is amended as follows:

Required Setback Distance From Road Centerline	Required Setback Distance from Road Centerline for Livestock Buildings	Road Class
130	130	State Highway
130	130	County Road State Aid
65	100	Local Street (Twp. Rd.)
25	100	From right-of-way of cul-de-sac or approved "T"

Sec. 3

§ 155.049 URBAN/RURAL TRANSITIONAL (R-1)

§155.049(F)(2)(a) is amended as follows:

Required Setback Distance From Road Centerline	Required Setback Distance from Road Centerline for Livestock Buildings	Road Class
130	130	State Highway
130	130	County Road State Aid
65	100	Local Street (Twp. Rd.)
25	100	From right-of-way of cul-de-sac or approved "T"

Sec. 4

§ 155.050 SUBURBAN RESIDENTIAL (R-2)

§155.050(F)(2)(a) is amended as follows:

Required Setback Distance From Road Centerline	Required Setback Distance from Road Centerline for Livestock Buildings	Road Class
130	130	State Highway
130	130	County Road State Aid
65	100	Local Street (Twp. Rd.)
25	100	From right-of-way of cul-de-sac or approved "T"

Sec. 5

§ 155.051 SUBURBAN RESIDENTIAL (R-2a)

§155.051(F)(2)(a) is amended as follows:

Required Setback Distance From Road Centerline	Required Setback Distance from Road Centerline for Livestock Buildings	Road Class
130	130	State Highway
130	130	County Road State Aid
65	100	Local Street (Twp. Rd.)
25	100	From right-of-way of cul-de-sac or approved "T"

Sec. 6

§ 155.088 NUISANCES

§155.088(B) is amended as follows:

(B) *Livestock and animals.*

(1) ~~All parcels of property shall comply with the regulations and density requirements for livestock and feedlots as regulated in Chapter 152. In all zoning districts, livestock, poultry and farm animals shall not be allowed on any lots or parcels smaller than four acres. On lots larger than four acres in the A/R, R 1, R 2, R 2(a), R 3, S 1, S 2, S 3 and W Districts, animals shall be allowed at a maximum density of one half animal unit per acre. Parcels in the A/R District and all Residential Districts are limited to less than ten animal units total regardless of acreage. These restrictions shall not apply to normal farm operations existing prior to the adoption of this chapter or to farms in the AG District on parcels over ten acres in size. Livestock shall include those animals listed in § [155.003](#)(B) of this chapter, except for dogs, cats and rabbits as domestic pets.~~

(2) Any building or open feedlot enclosure, not to include pastures, in which livestock are kept shall be a distance of 100 feet or more from any other parcel. These regulations shall not apply to normal farm operations which existed prior to the adoption of this chapter; provided, no expansion shall take place, except in accord with these regulations.

(3) In all districts, the manure from livestock and domestic pets shall be properly treated and disposed with best management practices, and not allowed to accumulate in any manner which may cause public health problems.

(4) The County Board may order the owner of any animals to apply for a conditional use permit if it is deemed to be in the interest of the public health, safety or welfare.

(5) Keeping four or more dogs on any parcel for any reason shall be deemed a kennel. Kennels are permitted by conditional use in the AG and A/R Districts only.

Sec. 7

§ 155.103 RULES AND DEFINITION OF HOME EXTENDED BUSINESS.

§155.103 shall be amended as follows:

- (A) Business must be located on the homestead of the business operator.
- (B) No more than one employee in addition to the owner/operator and family members residing at the homestead.
- (C) ~~No outside storage of supplies, equipment or maintenance items;~~ All all work and work related items shall be kept in an enclosed structure. In very limited circumstances, the County Planning Commission may allow for the storage of items in a fully enclosed fence. Trees, plants, and bushes do not qualify as fencing; but these items may be required as part of an overall landscaping plan.
- (D) Shall provide two parking spaces per employee of one space for each 400 square feet of building area, whichever is greater.
- (E) Excessive noise levels are prohibited (that which may be considered a nuisance, L10 at 55 dBA decibels as regulated by NPC regulations).
- (F) Lot coverage must comply with all zoning standards.
- (G) Site must be capable of supporting on-site sanitary facilities, sewer and water.
- (H) All effluent consisting of any liquid, gaseous or solid waste substance resulting from any process of manufacturing (i.e., sewage or industrial waste) shall not be discharged into the soil, water or air unless it is at a location determined appropriate by the County Planning Commission, Planning Staff and/or Minnesota Pollution Control Agency.
- (I) The operator must properly dispose of all waste including, but not limited to, garbage, decayed wood, sawdust, shavings, bark, lime, sand, ashes, oil, tar, chemicals, offal and all other substances.

(J) Working hours shall be set by the County Planning Commission.

(K) A business sign shall be permitted which is no larger than 35 square feet; it may not be illuminated.

(L) If located on a township road and determined necessary by the town board, a letter of agreement containing any dust control measures determined necessary by the township shall be provided prior to issuance of the conditional use permit and renewed annually (January 1 of every year).

(M) All posted road limits shall be obeyed.

(N) Distance from building to next residence shall be at least 500 feet.

(O) Must be outside of platted areas.

(P) Building shall be no larger than 2,000 square feet.

(Q) After four founded nuisance or permit violation complaints have been made and verified with written notice to the holder of the conditional use permit or at any time upon the written request of the town board a hearing shall be called to re-consider the conditional use permit within 60 days.

(R) Building must conform to present buildings and to neighborhood.

Effective Date:

These ordinance amendments shall be immediately effective upon adoption and publication.

WRIGHT COUNTY PLANNING COMMISSION

Meeting of: September 29, 2016

MINUTES – (Informational)

The Wright County Planning Commission met September 29, 2016 in the County Commissioners Board Room at the Wright County Government Center, Buffalo, Minnesota. Chairman, Dan Mol, called the meeting to order at 7:30 p.m. with the following members present: Mol, Charlie Borrell, Ken Felger, Dave Thompson and Dan Bravinder. Absent were David Pederson and Jan Thompson. Sean Riley, Planning & Zoning Administrator, represented the Planning & Zoning Office; Greg Kryzer, Assistant County Attorney, was legal counsel present.

PUBLIC HEARING: AMEND CHAPTER 152 – FEEDLOT ORDINANCE – New Item

Consider amending Wright County Code of Ordinances Chapter 152. Including standards that apply to allowing fowl and chickens in all zoning districts except for parcels less than 2.5 acres in the R-1 zone; and to allow feedlots of less than 10 animal units to be located in the shoreland districts, includes amending Section 155. to conform to changes made in Chapter 152.

Present: Tracy Janikula, Wright County Feedlot Program Administrator

- A. Krzyer – Assistant County Attorney – presented the proposed revisions to the Feedlot Ordinance that would allow chickens on lots smaller than 4 acres and other provisions for hobby farms in a shoreland district. He referred the Commission to the draft Ordinance changes #16-6 Chapter 152, Article I (1) adding a subdivision (b) allows chickens on every parcel except for parcels zoned R-1 that are under 2.5 acres. The limit is 30 chickens and 5 domestic fowl. Borrell – noted that would address the people he is hearing from.
- B. Felger asked for clarification on size and zone for chickens. Kryzer explained the number chosen correlates with other Ordinance requirements. Minimum setbacks required are 50' from rear and side lines, 300' from the Ordinary High-water Mark (OHM), meet all road setbacks and if lot is less than four acres, fencing for chickens at least 15' from line is required. The 152.031 is the hobby farm Ordinance for the shoreland district, only. Anyone outside of the shoreland falls under the current regulations. Sub (C) (2) was provided Riley for clarification of what was given the Commission. Sub (1) (2) were read. He explained the feedlot is where there is not ground cover; and, any animal structures would have to be outside of the 300' setback of a body of water. Clarifies animals located on pasture within 300' of water would have to be fenced 50' from the OHM and there has to be a buffer between the fence and body of water. The feedlot would have to be 301' from the ordinary high-water mark. The horses can pasture up to 50' of the body of water. Janikula noted there have been complaints with feedlots that have animals right to or in the lake.
Riley added because it is shoreland and lots are small it is defined. Janikula added, it causes conflict when she cannot require a feedlot owner to put up a fence and keep the animals out of the lake.
- C. Kryzer explained the changes to 155 Sec. 1, that defers to other setbacks and relates to the roads. Section 6, deals with the nuisance ordinance para. (b) is deleted because it is a merely an ordinance requirement found elsewhere. Refers to 152.
- D. Riley remind the Commission and audience they had two meetings with a Citizen/Work Group and had a workshop with the Commission. What is in front of the Commission is what came out of the Work Group after the Commission reviewed it. A recommendation for a final decision by the County Board.

- E. Kryzer – had to be sent to the MN PCA and they gave comments. Felt there was not anything new, just restating the State rules and Staff would be in favor of incorporating those.
- F. Felger – asked if a Township wishes to be more restrictive they can. Mol – if they have their own planning and zoning. Riley clarified although they can adopt a more restrictive ordinance but the proper process is needed. Town Boards are notified and we take their input. It is unlikely a Township would want to go through adopting an ordinance specific to this issue as it is an investment in time and resources. Mol – noted that would be similar to a dog or barking ordinance. Riley – Township dog ordinance not odd, but to take additional ordinance items such as solar and feedlot it would be unusual. They would take input for an individual township on any item. The County does the Wright County Zoning Ordinance, the Townships can be more restrictive, but have to take the proper legal processes.
- G. Bravinder – years ago a township resident challenged him to be more involved in what is going on at the County level. He felt it is important that the Township representatives show up at the meetings. The Commission is willing to listen to the Township input and consider the concerns. Mol added it does not make sense for Townships to try and do their own – as a Township Board they are not the County, they don't have attorneys or planners on staff. That is the difficulty as they do not get the information at the Township level that they get at the County hearing. Riley noted a Township may have an issue with a specific use, i.e. Buffalo Township with the layout of that solar farm. The process allows them to work with these concerns. Not realistic for one or two townships to be more restrictive on an issue or two. If there is a specific request they have a concern with, they have input.
- H. Ben Dye – the side lot setback was questioned. He felt 50' side setback is fairly restrictive. If 50' is okay for chickens why not horses. With a lot of 4-5 acres considering road, lake and well setbacks it might be difficult. He asked for more clarification on the setback from pasture vs. feedlot. Further explanation from Mol. Dye - no grass or is just a small dirt area okay. Mol – felt this change helps Dye. Riley – you can have pasture and there are circumstances where it is not perfect. Janikula if they do not have anything to eat it is not pasture. Riley – if they are in an area where they are housed or fed that is not a pasture. Borrell – why 100' setback for horses. Riley - chickens would be allowed smaller lots and the setback was changed for them. Some others might feel a horse is more substantial and should be 100 from the line. Currently, what is required is 100' for any poultry or livestock. Kryzer – if there is a practical difficulty that can be appealed to the Board of Adjustment. Dye stated the setbacks could be too restrictive. Bravinder the 100' is what he was referring to. Borrell when you put up a building; that is a feedlot further clarification was discussed.
- I. Suzanne Dye – currently if there is a barn and you divide off area from the open space that could be a problem. It is common to have a smaller fenced area near the barn where they can keep the horses and where the water is. Don't always want the horses out on pasture. A feedlot to her is a large number of horses, where you provide feed and there can be a manure build up. She is interested in two or three horses and noted there could be dirt area around a shed or where they are watered or given supplemental feed. Borrell – for supplemental feeding and water there are exemptions. Riley – there are those things, but preventing horses from the pasture and not having part of the grass to feed, that could be a feedlot. Kryzer – the County is required to enforce the MN PCA regulations, even if it is one horse that creates the feedlot. Mol – added, the County did not write the State regulations.

- J. Riley – questioned why there would be a concern that they cannot have those too close to a wetland or to a lake. Janikula goes out to a lot of sites that are in poor shape and there is need for regulations to address those. The proposal has gone from 1,000' to 300' from water. Borrell stated the setback proposed is 300' and if there is a unique situation an owner can petition the Board of Adjustment. Mol – Dye needs to look at where the County was and what is being proposed. Borrell had looked at the Dye property and thinks this will work. Suzanne Dye – she has looked at where a shelter could be placed but was concerned there may be some dirt near where the horses get fed or watered. Mol – some people don't take care of their sites like she would. Knows of situations where they are creating a problem for their neighbors. There are a lot of small acreages with horses and there is concern the animals that are not being taken care of. The County is giving a lot of leniencies; can have chickens on small parcels, leeway on setbacks and shoreland. Felt they are going backwards. If Dye is concerned about these setbacks, she maybe should be looking for a bigger parcel.
- B. Dye stated Suzanne has a 27 year old horse she wants to take home.

Mol asked for further comment, hearing none, brought the matter back to Commission. See motion made after the following proposed amendment.

PUBLIC HEARING: AMEND CHAPTER 155.103 – HOME EXTENDED BUSINESS –New Item

Consider an amendment to the Home Extended Business, Wright County Code of Ordinances Chapter 155.103 to change the following condition (strike-out words to be removed, underlined words to be added):

(C) ~~No outside storage of supplies, equipment or maintenance items;~~ All all work and work related items shall be kept in an enclosed structure. In very limited circumstances, the Planning Commission may allow for the storage of items in a fully enclosed fence. Trees, plants, and bushes do not qualify as fencing but these items may be required as part of an overall landscaping plan.

- A. Proposed amended is to Section 155.103, Home Extended Business Subp (C).
- B. Riley explained no outdoor items are allowed. He read the language change. This would allow in limited circumstances, the Planning Commission could allow some work related items in a fully enclosed fence.... The responses received were noted. Woodland Town Board response indicates they do not agree.
- C. Mol asked for public input, hearing no response, the matter returned to the Commission.
- D. Felger – when they say structure does that mean a building with roof and walls? Riley – had discussed that before, the definition is pretty open. The intent is a building is needed to get a HEB. Section 159 was read that describes "structure". Now that they have allowed the potential for outdoor, do they want to say building instead of structure?
- E. Mol closed the public hearing portion of the hearing.
- F. Felger – moved to recommend both Ordinance amendments as presented by Staff, including the revised language presented tonight by Kryzer. D. Thompson seconded the motion.

VOTE: CARRIED UNANIMOUSLY

FEEDLOT WORKSHOP

Wednesday, February 24, 2016

MINUTES

The Feedlot Workgroup met in Meeting Room C118 at the Wright County Government Center at 1:00 p.m. Commissioner Charlie Borrell and Mark Daleiden represented the County Board. Sean Riley, Planning & Zoning Administrator; and Tracy Janikula, Feedlot Administrator, represented the Planning & Zoning Office; Luke Johnson, from Wright County Soil & Water Conservation District. Citizens: Mary Wetter, Ben Dye, Roger Olwin and Kristi Olwin, and State Representative, Joe McDonald.

Borrell indicated there are several issues related to the Feedlot Ordinance for hobby farms that he feels need to be “tweaked”.

Riley explained the County and State Rules the County currently operates under so everyone understands what is on the books. He handed out Section 714.2 which is under Nuisances of the Wright County Zoning Ordinance. The zoning ordinance addresses density, shoreland rules and does not address or define what a feedlot is. The minimum of four acres has been in the County Ordinance since the 1970’s and carried through many zoning amendments and fine tuning. He displayed an example to show parcels that are not allowed livestock. As an example, he reviewed an area around Lake Charlotte & Martha to illustrate a typical mix of lakeshore, residential and agricultural properties. This is not about feedlots under four acres. Other zoning standards were noted. He has not received requests from Lake Associations or property owners in these locations asking for livestock.

Daleiden agreed small lots do not have room for livestock. Riley noted what is shown in the lakes area displayed is typical around the County. Larger lake lots might be 1-3 acres and those are high-density situations. A zoning map was displayed. He noted Cities address allowing chickens or not because livestock are not allowed; but Wright County has many properties that allow chickens and farm animals. When rezoning and subdivision is allowed, owners give up some things to live in a development and no one should complain about a farm operation. The restriction applies to a shoreland district, unless it is a pre-existing farm operation. Most situations are large working farms.

Borrell this illustrates an example of why he brought the issue up. He knows of owners in residential areas that want chickens on a couple of acres. He does not see a problem on two acres. Daleiden would agree if it were not in a high-density area with approval of neighbors. Riley noted the neighbor approval was in city regulations. Riley noted the Cities have staff to regulate it and in the country they already do this and have the acreage requirement for animals. People do not move out to the country expecting an urban chicken house.

Kristi Olwin – purchased a five-acre parcel on White Lake. Address 2601 Grover Avenue SW and wants to have horses and maybe chickens but is prohibited because she is within 1,000 feet of the lake.

Borrell explained Olwin has been told she cannot have them. He is suggesting if it is two acres of pasture it would not be considered a feedlot. Riley stated the pasture is exempt, but a shelter would need to be off the property. Staff do not like telling people they cannot have horses. She has to provide shelter or facilities, there are requirements on vegetation, manure management and these components within the property classify it as a feedlot. The question is whether it should be allowed in shoreland. Borrell stated what they need to address this so Olwin can do it. He noted Joe McDonald has talked with the MN PCA about a building to put chickens in. Borrell stated he expected to have a draft Ordinance prepared for this meeting. Riley explained on the local level the County cannot allow a feedlot in the shoreland district. Janikula stated in Hennepin County it is all city jurisdictions are regulated under 7020 rule. The MN PCA enforces these with only one staff person overseeing seven counties. She noted the difficulty is evident in the fact they have had six different people over the last ten years in that position. Borrell suggested allowing no more than 10 animal units if the property is in the shoreland areas. Riley noted if that were to be allowed, proper facilities for horses have to be provided and the question is if that can be allowed, under what parameters such as setbacks, etc.

Much discussion followed about the definition of “pasture” and a “feedlot”. Borrell argues that the definitions are not being interpreted correctly. He would agree if all the vegetation were gone, but not just a small area around a shed door lacks vegetation. He stated he would rather address it through the definition and not allow “feedlots” in a shoreland district. Allow animals on pasture and with a shelter.

Riley stated Staff cannot ignore the regulations. He has checked with other counties and read the regulations.

Daleiden asked if there is a way to allow this owner to have a horse, chickens or maybe some calves. Borrell would not have a problem with two animals per acre. Riley stated the Olwin property is five acres and if it were not shoreland she could have two horses and some chickens and she would have to lay out a shelter and a feeding area. But, because it is in a shoreland district, they cannot do that. Borrell indicated as long as someone has a minimum of two acres, they should allow some animal units. Daleiden asked if they don’t specify animals and say “units” that could include pigs. Riley noted they are usually dealing with more than one animal and need more than two acres, reason there is a four-acre minimum. If they lower the acreage, would that include for horses?

In Hennepin County they also calculate useable area. Daleiden asked K. Olwin if the air photo shows low area near the south side. K. Olwin stated that represents a hillside.

Borrell suggested they simply allow a shelter on pasture land. He felt Janikula's main focus should be on matters such as the oversight of large feedlots and application of liquid manure. Janikula clarified and referred to the Feedlot Rule 7020, page 8, Sub. 18 and that it is State regulation that has to be followed. Riley noted it does not say "shelter". Borrell they have had this discussion and thought they had an understanding on a supplemental feeding station. Janikula indicated it would involve changing a State definition. Borrell would prefer to address it through the interpretation rather than adding shoreland. Riley noted the County is working with a definition given to them by the State.

Ben Dye asked if a barn is a feedlot because there is no grass. Borrell would like to address the pasture and not limit size. Daleiden felt the size property does matter. Roger Olwin noted if there is no shelter provided the Humane Society would get involved. Dye questioned someone who wants a few ducks at Easter, is that a barn? Borrell suggested guidelines to allow one horse on two acres, two horses on three acres and did not think that would destroy much area. Wetter would agree with one or two horses it might not matter.

Riley displayed a photo of a set of buildings with a question on when does the site become a feedlot. A pasture does not make a feedlot.

McDonald mentioned a letter from his office. He had Fredericks research and look into the Dye property and the experts tell him that would not be a feedlot. Those contacted include the Department of Agriculture and the MN Pollution Control Agency, Representative Torkelson was on the AG Committee.

Borrell agreed they would not want to create a pollution problem, such as 20 pigs was mentioned and he would concur they exclude pigs from pasture animals. Janikula stated she had someone propose that, noting they would get some argument on that.

Riley questioned McDonald if those contacted said they could put up a shelter. Wetter asked if any size building was mentioned. McDonald stated no, the data for the Dye property is what they had. He suggested those standards would be set by individual counties. Borrell felt they could call the building a supplemental feeding station so it is exempt. He would agree a lot that has no vegetative growth is a feedlot. He would suggest setting some guidelines, a two acre lot could have a horse...., won't be a feedlot so Janikula does not have to oversee it. Janikula when he suggests a minimum size, is type of soil a consideration? Riley – asked if what Borrell is suggesting would be an amendment to let infrastructure on the Olwin five-acre lot. Daleiden asked if infra-structure would not be a feedlot. He asked how Medina is regulating animals; and, are they illegal due to lack of MPCA staff to regulate them. The suggestion is not calling it a feedlot. Janikula explained the State has a policy, not in the rules, that you can have less than ten animal units. The MPCA is not going after owners with animals that are not in the shoreland districts because it is not in their rules.

R. Olwin – understands a feedlot is a commercial operation with hundreds of animals and not someone with 3-4 horses. McDonald stated Dille wrote the Bill, has stated that was the intent of the law. Riley explained there are separate rules at the State level and under County Ordinance they must have four acres, be out of the shoreland district to have livestock. State law is geared more to a commercial operation, but there were reasons for the four acre minimum.

Borrell suggested one way to look at the situation for K. Olwin is to allow a non-commercial feedlot for up to eight horses, Janikula could look at the site as far as runoff; or they could say a building does not exclude it as a pasture. Janikula noted the problem with that is that in shoreland they cannot have ten or more animal units. She would have concerns if they changed the definition of pasture. Borrell did not feel a need to change the definition, but how she is interpreting the pasture rule. He would like clarification. Daleiden noted they need to make a distinction between a couple acres or a situation with 200 cows 50' from a lake. Borrell indicated his emphasis is on small operations. Janikula noted it depends when the animals have access to those areas and whether they utilize all the area. She would recommend saving the pasture by confining the animals between November and April. Riley felt to get the result Borrell is looking for, there would have to be clear language and definitions. The County Board action is necessary because it is not allowed now. Things to be considered are size of structure, area that needs vegetation, should fencing be addressed for someone trying to manage 2-3 horses on small acreage. Without clear standards, it can lead to problems and confusion. Discussion on density limits in the shoreland areas and also setback distances from neighbors.

McDonald had to leave for another meeting; but likes that they are addressing specific circumstances and have listened to the residents; problems from the past were addressed in State Statutes. Offered to be of help or meet with the MPCA. Noted a letter from a local realtor, Linda Spletstoeszer, states the animal restrictions have resulted in loss of sales. He noted Wright County along with

the City of Medina have the highest number of horses per capita. It sounds like the discussion is heading toward accommodating the hobby farms.

Borrell indicated he is only talking about small changes and not to the feedlot rules. Thinks they should allow shelter in a pasture, change the limit of 4 acres down to two so residents who want a few chickens on two acres would not be in violation. Daleiden – did not think they want a horse on two acres. Riley stated this would take a zoning amendment and was he talking just chickens or including horses? Borrell indicated he is not supporting horses on two acres, there is no groundswell of people asking for that. Daleiden asked Janikula how many chickens it would allow. Janikula stated 333 chickens are one animal unit. Borrell suggested a maximum of 15 chickens for lots that are 2-4 acres. Wetter would agree. Dye asked about shoreland. Janikula explained there is nothing in the pasture definition about chickens. Complaints seem to come from a neighbor who knows they are not allowed, no one seems to make a fuss until they get a rooster. Riley asked about additional standards such as setbacks, fencing or could they be free range? Important to address this through an amendment so it can be done right. At the same time address horses; but noted there are State Regulations to be complied with. Borrell noted McDonald provided some clarification on the State's interpretation.

The size, type and use of a potential building was debated and when classified a barn. Borrell's interpretation was that they could have a shelter with a supplemental feeding station and be in compliance. He does not see where it says if there is a shelter it would make it a feedlot. Riley felt they would need to say a feedlot is allowed in the shoreland. Borrell would interpret a pasture is exempt and putting a shelter with a feeding station inside would be permitted.

Wetter asked about the Dye property as it relates to the State's interpretation. Riley it is not allowed the way the County is structured. Wetter asked if by Ordinance and further technical review by the Feedlot Administrator it could be allowed. Janikula noted this is legislation, not technical reviews. Johnson explained it gets tricky with self-certification. Some owners will do what they are supposed to others will not, putting Janikula in a tough situation. He noted animals will tend to congregate in one area of the property, and depending on the site, soils and time of year, the animals can chew up the vegetation. A better way to go might be on the feedlot side and require the Feedlot Administrator's review to make sure the site is adequate. Dye stated he bought his property in 2003 and has been the subject of discussion, this needs to change. Johnson is not disagreeing, but the question is how. Borrell stated he is not looking to involve Janikula in sites with a couple horses, her time would be better spent on the large operations involving liquid manure. Related an instance that impacted Waverly Lake. Johnson agreed those are the bigger issues, but noted a review would also protect the landowner from potential neighbor complaints.

Janikula was not familiar with the property Splettstoesz was referring to.

Dye noted his property had goats on it before he purchased the land. Janikula noted the land Dye purchased was part of a new subdivision.

Borrell suggests Staff come up with language, without calling these feedlots and agreed they would not want to allow pigs. Riley stated he is attempting to determine the end goal and advise everyone on the best way. Do they want animals on parcels less than four acres or in the shoreland areas? Borrell suggested they change the definition, however, Riley noted it is not the County's rule. Borrell suggested they change the wording to allow a supplemental feeding station that can be inside a shelter and not limit the size building, but Staff can look at animals. Daleiden noted K. Olwin is not a farmer and is only on five acres. He would like to see if there is a different way to do it so the County can still be in compliance with the law. He would be interested in finding out if other areas are ignoring the law as he would not want to deal with it in that way. Borrell noted the law allows up to ten animal units in shoreland areas, they could allow a feeding station in a shelter and if the State comes out and says that does not meet the definition, he would respect that. Daleiden would prefer the opinion directly from the State agency and not a politician. Borrell indicated he spoke with the Representative who wrote the law.

Riley clarified what the law is saying and how the components (shelter) are addressed. He suggested they would need to bring something before the County Board. He would rather modify the language within the County Ordinance. Borrell did not agree that a shelter makes it a feedlot. Daleiden questioned even if it is considered a feedlot, what the difference would be. Borrell – suggested allow some animals and place restrictions such as not allowing pigs in shoreland and still allow this to happen. Riley noted the pigs is an example of why it is not allowed in shoreland, he asked about horses? Staff should not be put in a position of determining what is reasonable. Borrell felt the changes should be worded so an owner such as Kristi does not have to come in to get approval for a shelter on three acres. Johnson – would suggest Staff determine where it should be in relation to a particular site's drainage and make sure it is kept away from the lake. If the owner does not come in at all, he noted they may not make the best decision on location. Borrell indicated he would not want Janikula to be bothered with someone proposing six horses. Johnson – noted they would not want manure and watershed going to the lake and a review could make sure it is further away. Borrell felt they could address the feedlots in the best way possible and come up with a couple scenarios and let the Commission discuss it and forward it to the County Board.

He suggested they could modify pasture, limit animals units and allow a shelter with a supplemental feeding station. In response to Daleiden's question on animals and acreage, Borrell indicated he would support chickens on a two-acre lot. Riley agreed they could look at how Medina is regulating them, but would be surprised if they have anything on paper on supplemental feeding. He would suggest if this goes to the County Board they call it a personal hobby farm and not a feedlot so they have a distinction. R. Olwin – did not see any definition of a shelter in the feedlot regulations. Riley stated they have reached out to numerous people and received similar interpretations that support how it is being applied.

Meeting adjourned at 3:00 p.m.

Minutes – Feedlot Ordinance Workshop July 19, 2016

Attending: Sean Riley, Tracy Janikula, Mark Daleiden, Charlie Borrell, Mary Wetter, Luke Johnson, Ben & Susann Dye, Linda Spletstoeszer, Julie Moorhead and Steve Waddell (also an unnamed Hennepin County resident)

Sean Riley gave some background. The ordinance amendments will first go to the Planning Commission for review and recommendations and then to the County Board of Commissioners. One of the items previously discussed was the horses not currently allowed in shoreland. Point of reference, previous to the year 2000 there used to be a 300 foot setback in our ordinance for livestock operations to shoreland. The State updated their regulations to 1000 feet and we took their guidance to make ours also 1000 feet. So we will discuss the proposal of 300 feet. The other item is chickens on small parcels. We require 4 acres for livestock. Proposing an exemption for small operations, chicken, for under 4 acres and that is addressed in letter B of the draft ordinance amendment.

Charlie Borrell asked how many committee members we have. Sean Riley said Mary (Wetter), Luke (Johnson), 2 commissioners (Borrell and Daleiden) and staff (Riley and Janikula). Borrell then asked for a motion to approve the minutes from the last meeting.

Ben Dye asked to make one change. On the second page (actually page 3), about the 5th paragraph, “Dye noted that his property had goats on it before he purchased the land, and Janikula noted that the land Dye purchased was part of a new subdivision”. He said it wasn’t a new subdivision, he bought the house, it had been built already and it did have goats on it. There was livestock on the property when he bought it. He is looking for a grandfather on that.

Discussion followed on what was said at the previous meeting and if the minutes properly reflected the meeting discussion. No changes to the minutes were made.

Borrell called for a motion to approve the minutes – Daleiden so moved, Wetter 2nd. Unanimous adoption of minutes as presented.

Borrell said it was next to impossible to start with nothing. He talked with Greg Kryzer and he said we needed language to allow people to have chickens on acreage smaller than 4 acres, so we can still have animals. Borrell said state law doesn’t require that 1000 foot setback, the county is doing it but we’re looking to change it so we can have a horse or two.

Proceeded with introductions and sent around a sign-in sheet for those in attendance.

Borrell gave a little history and said we tried to go through the scenarios that have come forward. If the proposed changes don’t work for someone they should bring them up and maybe it can be modified. We still have setbacks from the water, 30 feet from high water to a fence and all animal structures and feedlots need to be 300 feet from the OHWL. 100 feet is the setback from a property line and it doesn’t propose to change that for the horse thing, but it is suggested for the chickens.

Copies of the ordinance amendments were passed around.

Borrell suggested discussing the chicken portion first and then go back to the horse part. Riley reiterated that the recommendation goes to the Planning Commission. Section B, of Ordinance 152.025, is essentially the chicken provision.

Borrell pointed out that if you're in an R1, with houses pretty close together, we're not going to allow chickens. Riley said that currently you need 4 acres to have chickens, no matter the zoning. This ordinance amendment is saying, other than R1 zoning, you're allowed chickens with some provisions and then talks about setbacks and normal regulations to maintain your chickens.

Borrell read the proposed amendment, it allows up to 30 domesticated fowl including chickens.

Group discussed species of fowl to be allowed. Roosters would cause issues. Doves and pigeons are relatively quiet so they could be allowed. Geese can be noisy, but the 4-H'ers want the water fowl. Do we want to start with just chickens for now and add the other fowl later? Or go with them all now and if it's too much of a hassle change it back? 30 is quite a few, especially geese. 30 chickens on a 3 acre PUD, those people aren't here. A lot of people probably did those PUDs to be under the 4 acres knowing that livestock wouldn't be allowed and it's in their restrictive covenants. We're not going to be enforcing those covenants. A couple acre agriculture division surrounded by fields is not likely a concern. 30 geese would have more impact. Some PUD parcels are only an acre or two and will have a very residential feel to them, even tar road. Chicks come in a box of 25, so 25 – 30 chickens is a good number. Noise can be a nuisance and residents come to expect certain levels of noise in an agricultural area, but not in a residential area. A smaller number of some of the species may be in line. Propose up to 5 domesticated fowl other than chickens, along with 30 chickens, except roosters. Remove the language referring to "bred for the primary purpose of producing eggs or meat."

Discussed setbacks on the small lots sizes. The setback used to be 50 feet for buildings housing animals, since the 1970's, currently the setback is 100 feet. The house setback is 15 – 30 feet depending on lot size. The poultry houses can often be portable. We currently don't say the chickens have to be confined, they don't have to be fenced in, and the shelter can be moveable or stationary. Daleiden felt 50 feet was a good setback because when it is in a residential development it's a concern if it's closer. Currently the building and/or open feedlot is setback at 100 feet. In residential areas people may not want a fenced poultry pen/range right up to the property line. 15 feet for the fenced area is a normal building setback. Do we require poultry be fenced? Poultry that is on 4 acres or more is not currently required to be fenced. Small parcels should have fenced poultry enclosures. Discussed matching the setback to the principal structure setback, which is 30 feet on larger acreages. That is only the side lot setback. The rear yard will usually be a 50 foot setback and that seems a lot for a fence setback. To simplify the setbacks it was decided to go with a 15 foot fence setback for side and rear yards, no matter the acreage. Luke Johnson left the meeting.

Discussion on § 152.031 Shoreland. Horses will still need 4 acres and the issue is that a property owner may have 7 acres, but it's in shoreland so they are not able to have horses. The shoreland district is 1000 feet and that is set by the DNR. New feedlots/animal buildings are not allowed within 1000 feet of

a lake and it is proposed to change it to 300 feet in the shoreland district. The proposal is to fence pastures 30 feet from the OHW, provided there is a buffer. Minnesota Statute § 103F.48 was read to give context on the requirements for a buffer. The statute requires a 50 foot average width, 30 foot minimum width of permanent vegetation for the buffer. There may be occasion where a fence at 30 feet will have the animals trampling along that fence so the buffer doesn't exist and it would need to be moved to 50 feet to meet the buffer requirement. The ordinance requirement will remain at ½ animal unit per acre. There also is an existing requirement that fences cannot impede visual site lines for the neighbors. Side yard setback is still 100 feet for animal buildings. The building and feedlot portion must be at least 300 feet from the lake and 100 feet from property lines, the pasture can be closer. This confined area meeting those setbacks will be dirt. Daleiden asked if we really want feedlots only 300 feet from the lake. The well setback is 100 feet from feedlots and 50 feet from pasture and not recommended to have livestock on the septic. The Hennepin County resident was asked for his thoughts and what the setbacks are where he lives.

Discussion followed on parcels that were unable to be sold as a hobby farm because of their location in shoreland. The ordinance change would alleviate those restrictions. The State Rule would not allow these new feedlots to increase to 10 animal units, no matter their acreage, if they are in shoreland. Included in the proposed amendment is a restriction on species, no cattle or hogs. This restriction is for the shoreland parcels and would allow 1/2 animal unit per acre for other species.

If the geese become a problem and the ordinance needs to be changed again to restrict or eliminate them would the existing sites be grandfathered in? Usually the answer is yes, but they're not allowed to increase. Existing noise ordinance requirements apply.

Workshop ended with direction from the committee for staff to take these recommendations to the Planning Commission and continue with the process. The proposed amendments will be presented to the Planning Commission and they will send their final recommendations to the Wright County Board of Commissioners.

FEEDLOT WORKSHOP
Monday, August 16, 2016
MINUTES

The Feedlot Work Group met in Meeting Room C118 at the Wright County Government Center at 1:00 p.m. Commissioner Charlie Borrell represented the County Board. Sean Riley, Planning & Zoning Administrator; and Tracy Janikula, Feedlot Administrator, represented the Planning & Zoning Office; Greg Kryzer, Assistant County Attorney, Planning Commission members present were: Dan Mol, Ken Felger, Jan Thompson, Dave Thompson, Dan Bravinder and Dave Pederson. Citizens: Mary Wetter, Ben Dye, Suzanne Dye, Roger Olwin and unidentified man.

Borrell indicated there are several issues related to the Feedlot Ordinance for hobby farms that he feels need to be “tweaked”.

Riley called the meeting to order and noted this is a continuation of the discussion on zoning amendments dealing with animals. County Board at a Committee of the Whole, directed them to form a work group to discuss animal regulations. Two meetings have been held, February and a second in July. A representative of SWCD and Commissioner Daleiden could not be present today.

Minutes were provided from the last work group meeting and Riley asked if there are any changes. Ben Dye asked about a contradiction on the last paragraph of the first page, however, Janikula stated that was the discussion but is not a part of the proposed changes. Riley clarified the discussion on the buffer zone. Hearing no further comments, the minutes were accepted.

Riley reviewed the current feedlot regulations and restrictions in a shoreland district which extends 1,000 out from a lake and 300’ from a river. He noted this includes where an animal walks around, area fenced in or where they eat and all the activity takes place. A pasture where there is permanent vegetation is not a feedlot. The current Ordinance requires a minimum of four acres to have livestock, regardless of where it is. Chickens are considered livestock. County Board wanted the Work Group to concentrate on the issues on perhaps allowing hobby farms in shoreland area where there is at least 4 acres; and consideration of chickens on smaller lots, except for in the R-1 zone. This is primarily in the feedlot portion of the Ordinance, but could include changes to the Shoreland. Although it was clear to them it was for the horses, as they developed the proposed amendments; one of the issues that came up for Staff is they were not clear if the 4 acre provision pertains to all livestock or not. They have standards for chickens in shoreland, the 50’ buffer; four acres is needed like for horses. The shoreland district is a boundary that can make differences for land use. There was also a recommendation to limit the number of chickens. He noted based on animal units, 3 acres could allow hundreds of chickens. He noted the draft provision that speaks to the number and type of chicken.

Borrell – summarized the discussion was to allow a duck or two for a 4-H project, and they talked about 5 geese or ducks and up to 30 chickens.

Riley the final decision is up to the County Board. He is looking for clear direction from the Work Group on what they want sent to them. Pederson felt 2.5 acre minimum seems reasonable. Borrell felt requiring the poultry meet the same setbacks as the horses, 300’ would create a hardship and rule out a lot of property. Riley – if allowed in shoreland districts, the requirements would be the same as any other four-acre lot. J. Thompson asked if Staff has had a lot of calls for 30 chickens in those areas. She felt that is a lot. Borrell stated he has asked property owners. Bravinder - felt 30 chickens would have less of an impact than one dog. With his operation, he educates people on composting and proper practices, how to rejuvenate the soil and deal with runoff issues. J. Thompson – noted inexperienced owners may not handle this number well. Riley - 30 chickens is well below the density, but could run into nuisance issues. Smaller lots might be a challenge and Tracy may get the complaints that she cannot respond to. Borrell did not know how 30 would become an issue. Bravinder – asked how the cities deal with it. Riley – they have a long list of regulations that are tight and inspectors. Bravinder noted the small cities do not. It is the responsibility of the person who wants them, rather than being too restrictive. Riley noted a number of cities have studied and said no, others allow it.

Felger – asked what the current shoreland district requirements are. Riley not allowed within 1,000’ feet and this suggests a 300’ distance. He was not clear on whether chickens in a shoreland district could be closer. It sounds like the Work Group is leaning closer to the 300 feet. Janikula – in 2000, State Rule 7020 changed requiring new feedlots to be 1,000 shore setback, this would revert back to the previous 300’ setback. The State has a policy that counties can allow less than 10 animal units in the shoreland district. Riley – the commercial ones are existing or if starting new they are not in shoreland areas. This is for smaller lot owners that want a few horses or chickens, whether it is near a lake or not. Bravinder had talked about pasture not being included in the feedlot. Asked for clarification on the pasture for chickens. Janikula could have that area up to 50’ from the shore. Riley made a drawing to show it.

Kryzer –clarified there are two amendments; section 152.025(B) would allow up to five ducks, 30 chickens in all zoning districts except R-1. All parcels less than 2.5 acres would have a maximum of 30 chickens, except R-1; .with additional regulations noted for setbacks, .wetlands, wells, well heads, in a shoreland; and also subject to Chapter 155 of the Zoning Ordinance. Riley – right now, owners cannot have chickens on any lots less than 4 acres. Kryzer under sub. Part .025 and the shoreland district provisions are separate. Riley – the question is do they want a five-acre lot in the shoreland district to have 300 chickens? Kryzer reviewed

proposed section 152.031(C) excepts cattle, poultry and pigs. Borrell that is accurate and if that change could be made it should address the consensus of the Work Group. He explained to J. Thompson how the question on these limits came about. Riley – the next step is a recommendation from the County Planning Commission to the County Board of Commissioners.

Mol – some owners could put up a lean-to for horses, keep adding straw and manure builds up. If they are not hauling it out regularly, how do they control that? Noted other operators have to have a feedlot permit which regulates the manure handling. Janikula stated ten or more need a feedlot permit. Riley noted Janikula has regulations that prevent a pollution hazard, but it is harder to know about it. Mol concern for his area where they have sandy soils, is leakage into the groundwater. The changes are not his concern, but does not address the waste. Noted not everyone is like Bravinder and runs a good operation. Bravinder – explained older methods that are being brought back that he referred to and explained as “deep bedding”. He agrees it has to be done right.

Mol – asked if the owners that want to do it, will be instructed how to do it right. Borrell noted as pointed out, dogs can pollute more than this number of chickens. Riley – the question is, it could increase the people that are not doing it right and how do they deal with it. Bravinder – when there are issues that affect the neighbors, lights and noise how is that handled. Riley agreed those issues can be just as difficult; and if not tied to a CUP, such as a situation Mol describes, then what do they do with it. Janikula added, odor nuisances are very difficult to address. Riley – neighbors are reluctant to report it, odor may only be in the summer. Bravinder explained his operation with chickens, how they deal with it and the time they teach people how to do it properly. Riley the smaller the lots and closer the neighbors, is when the conflicts arise. J. Thompson – noted there are many poultry owners that would not care about doing it properly. Felger – asked if they can direct them to the Extension Service.

Ben Dye and Suzanne Dye spoke to the health problems that result if the conditions are not maintained properly.

Janikula spoke to the reason a minimum of four acres is in the Ordinance. She noted although the Notice of Construction has been around since 2000, if an owner does not need a building permit, (structures less than 200 sq. ft.), there is no contact. Borrell noted the proposed amendment does not change the owner with horses as much as it would for chickens. He felt the two have different impacts. Bravinder agreed, they cannot compare the two.

Suzanne Dye stated in Independence there has been no problems. The acreage requirement is 1.5 acres for the first horse and additional acre for each horse. Most lots in that jurisdiction are around five acres, others range from 2.5-3 acres. Borrell agreed some areas are less restrictive and others more restrictive than Independence. He noted if they require 300’ from the water, Suzanne will barely meet the setbacks on a seven-acre lot. Riley followed these comments with an illustration on a white board of the proposed standards on a four acre shoreland lot. There cannot be anything within 50’ of the shore, can pasture outside of the 50’ shore, but no structure or shelter within 300’ of the shore, maximum of 30 chickens. Zoning Ordinance standards for building/road setbacks were reviewed. Noting rather than 100’ from road (considered property line) the 65’ from a local/town road or 130’ from a county/state road allows it a little closer.

J. Thompson asked about larger parcels that might be zoned R-1. Riley noted it would be rare, but the restrictions were reviewed. Felger asked about a fence to keep chickens out of the 50’ buffer zone. Riley noted there are restrictions on fences closer than the house to the lake to avoid blocking a neighbor’s view of the lake. Wetter asked about the buffer and pasture within 50’ of lake. Riley did not think the buffer was developed with chickens in mind, was more about the horses. Bravinder noted chickens would not go near the water. Riley felt they would likely be further back and did not know if they would need to worry about the chickens, the concern is more about the horses within the 50’ of the lake. Borrell people he knows might rotate the temporary building around the property. J. Thompson asked about how they would address complaints from neighbors and asked Janikula how she felt about the changes. Janikula stated she is not looking to change any of it. J. Thompson asked about Borrell’s constituents. Borrell explained there are a couple residents who have asked and want to do it right. Ben Dye responded he has 7.5 acres and cannot have horses. Riley explained this is about new animals and feedlots that are currently not allowed in the Shoreland District. Some owners are doing this until there are complaints. The question is can they find a way to address these. Borrell noted currently an owner with 3.9 acres cannot have a chicken. He is just looking for the owner with a small acreage that could have up to 30 chickens, but no rooster.

Mol – as a Township official he hears complaints. The person who moves into a Township development with the person in the middle with chickens will not be able to complain about 30 chickens in a shoreland district. No one is representing the owner that has to listen to the chickens or deal with the horses. People complain about the smell, noted an isolated parcel that is not visible and has chickens where the sound carries. Riley – noted they hear from both sides whether there are Ordinances or not. Mol – the noise ordinances are very difficult to enforce. He relayed his Township’s Ordinance and they have had dog barking complaints and found it is difficult to enforce. He wants to bring up the other side, what will Janikula be able to do when she hears complaints. It is not allowed at this time, so those owners are told they cannot have them. Janikula – relayed a complaint about whistling chickens that was kept on a lot in a Planned Unit Development. With the changes she would not be able to tell that owner they cannot have them.

Mol – understood the type of situations that Janikula would not be able to address and they need to understand that. Borrell – should they address the breed? Janikula stated no, there are a large variety. Riley for more protections you could have to permit them or issue a CUP. Then there could be a number of regulations and it takes time, like the dogs. J. Thompson – would a permit in the shoreland areas be possible. Riley – it is possible. Janikula - or a different permit for under four acres; and a way to hear from the neighbors ahead of time. J. Thompson would that give Janikula leverage? Riley then it would be about the conditions and whether they are meeting them. J. Thompson – not everyone is a good neighbor like Bravinder. Bravinder – did not think they should be so restrictive that an owner cannot do anything. Bravinder – asked how cities are they handling it. Riley –there are also cities such as Buffalo that have decided not to allow them, Monticello allows it with regulation.

Borrell stated he is comfortable with the horses, but Mol – stated they are hearing only from the people who want this and not the other side. He does not object to 30 chickens, but have to consider what residents want on the other side of the issue; even though as a farmer he does not support more restrictions. Bravinder – noted before the Commission hears this they will be notifying the Town Boards. Mol – he wants to raise the issues ahead of time so that when they get into the meeting they have a response. A conversation is needed and consider the neighbors that might complain about noise and smell. Borrell if they pass the 30 chickens at this Committee and hear from the Townships that number is too high, they could reduce the numbers to 20-25. Kryzer noted existing operations would be grandfathered in. Janikula noted there were only eight whistling chickens that she noted were a nuisance. Riley noted similar to the Solar Ordinance, they may not hear objections until after the change. The difference is with this change they will not be a hearing to consider the neighbors concern. Felger – agreed it is difficult to know how they could improve this Ordinance. Borrell would agree some chickens on a lot of two acres as long as it is not R-1. Janikula – any acreage unless it is in an R-1 zone. One that is only .8 acre. A lot of the discussion started with isolated lots. Riley – asked if in the shoreland do they allow them or not; he felt there still could be complaints. Borrell he has not heard from anyone with the shoreland areas, he is hearing from owners of the isolated parcel. Riley – Janikula need to know how to respond to calls about lots on the market and if allowed, there will be people who will. J. Thompson asked why they are considering it in shoreland. Janikula most calls are checking on whether they can have a horse and then question a chicken.

Borrell suggested they forward this to the Planning Commission and see what comes back from the Townships. Mol – indicated he wanted to bring up the resident who lives next to it. Bravinder – felt they should allow up to 8 chickens in an R-1. Riley relayed his location on a dead-end road of a residential plat and noted he could foresee issues with an owner having chickens in R-1 neighborhoods.

Summary of the three meetings. Borrell noted Kryzer developed a proposed amendment that he would agree with. Kryzer felt the problems can be addressed through an internal process. Work Group to forward the draft to the Planning Commission.

Leaving the meeting was Janikula, Dye,

Home Extended Business Ordinance:

Riley noted this issue came about from a recent hearing for an applicant with barrels. The set of conditions were provided the Commission. The requirement for a 2,000 sq. ft. building, 500' distance from a neighbor are two of eighteen conditions. Usually, they have the problem with the applicant who wants a building larger than 2,000 sq. ft. The recent applicant did not want any building and that led to the Commission wanting a discussion on the conditions for a HEB. Mol – noted the recent applicant before the Board of Adjustment who wanted to use an existing dairy barn and would be coming before the Commission for the CUP. Riley explained the large ag building that was much larger than 2,000 sq. ft. and wanted to use a portion of the barn. This business is just storage with no customers coming to the site, he delivers the boats and jet skis to the client. Most cases there is activity and an employee and some upgrades needed to a building. The 2,000 sq. ft. building limit was not pulled out of thin air but has ties to most business that do not need to get bigger or to avoid large investments on improvements. The person with the barrels did not see a need for a building. Bravinder – because that was because of the product. He talked to Commissioner Sawatzke who thinks these businesses should be in town. The way the Ordinance is written there is no flexibility. He felt there should be some options in the rural area. He thinks they should be able to look at this business that will keep them out of landfills and repurpose the barrels. Because of the marginal value this applicant could not afford to go into an industrial park. Riley noted there are commercial and industrial parks in the Townships.

Mol – asked about the size allowed. Riley – 2,000 sq. ft. with a 16' sidewall, for the building for the HEB. This particular applicant did not see a need for a building at all; nor offer to build a fence or screen. Mol – felt there could be a lot of barrels stacked on racks in a building and still have room to remove them with a skid loader. Felger – been to the site once and drives by several times a week. Agreed they could be stacked, but there are different varieties and that might be difficult to get them in that size building. He did not see how it would work. Riley stated the purpose of interior storage is to get it out of site. A picture of how he cleaned up the site was provided when the application was made. Felger – some are sold, some are rented to parks and for other activities. After looking at the Ordinance, he questioned about storing and selling large round bales. Riley – indicated that is an Ag product and does not require a permit. Felger another contradiction was the diesel mechanic in Buffalo Township, rule #3 which he read. That operator does not have everything under a roof. Riley – the Commission had made findings on certain items. Kryzer – that was not considered vehicles, supplies or materials. Felger asked about a roll-off product. Riley – there was a business near the landfill issued as a contractor's yard. Felger – stated he is pointing out what he sees going on; yet they are so tight on condition #3. Suggesting a requirement that the barrels be stored behind the house. Mol – noted that was part of the discussion. But, the house is towards the back and the wetland is behind and the applicant stated that would not work. He would agree that could be a solution. Felger as he and Bravinder have pointed out, there is no leeway in the Ordinance. Would like the ability to look at the product and have an Ordinance that is not too rigid. Understands there is a concern for precedent. Borrell – felt the rules are anti-business and are not wanted in the Townships. He noted this County will not have the rural businesses like in Iowa and noted the Cities have also been involved in writing these Ordinances. Riley stated there are provisions to allow businesses and zoning for businesses such as Maalco. Mol – agree to a point, but in the mid-1970's they also came up with the density limit of one house per forty to protect the agricultural areas. There have been changes along the way; and they may have created problems by allowing the PUD and all these splits. Borrell felt the County is stifling businesses. Riley – felt what Mol is referring to is the seven-acre lot was created for a residence. There are industrial parks where the applicant could have located his barrel business within the Township. Borrell – felt they should allow a business on a farm. Many small businesses need to start out small and don't have the money to move into a commercial area. D. Thompson – it has been said the barrel business could operate in a building. J. Thompson – they have to look at both sides of the issue and as a Commissioner should be representing all the people. Borrell – stated he hears from a lot of people who want it. J. Thompson – stated there are rules in place. Bravinder – another issue is the limit on employees. He would like to see a business allowed more or part-time seasonal employees. The other change to consider is what could be allowed outdoors. He does not have a problem with the HEB rules, otherwise.

Riley – as an example, used Norm's business east of Buffalo where he has been out to that site many times and should be on city services. It serves a large number of people. Borrell – would agree that is a business with hundreds of people using the facilities; however, a manufacturing business would have a limited number such as 40 employees using it. He referred to other areas that have large manufacturing businesses in a rural area. Riley – would be surprised if they do not have city services that have been extended out. Borrell – feels are Ordinance is too restrictive. Bravinder – a building requiring the water for fire suppression is prohibitive. Riley it is not the HEB requirements that business are not locating in the Township, but the need for city services. Borrell – they will not have businesses start up and grow in Wright County because of the Ordinances. Riley asked how big the barrel business should grow. Borrell – indicated that business may not get the capital to move into a commercial area.

Mol – understand what is Borrell is saying, but does not agree that the County does not allow businesses in the rural areas. Other than the large manufacturing businesses. He felt the solar farms should go next to the industrial park, next to the City. However, some did not agree. When they have a business that grows it should move into the Township's Industrial parks; or, City where they can handle

the fire codes have the necessary traffic controls. Borrell that would require millions of dollars to make that investment. Mol – a small operator, even a farmer has to plan and save for growth and do it over time. Felger – they are not allowing him to build his business or capitol to get to the commercial area. Understands they cannot consider the economics for the applicant. French Lake asked about the necessity of the building and they saw the common sense in this particular application. J. Thompson – the common sense could also be if he wants the business he has to enclose it and get it out of sight. If he cannot, he needs to find a different spot. Felger – this has some flaws, what the law says either you do it that way or you have to leave. Felt they need some flexibility, to look at the particular request, to see if it impacts the neighbors and want the neighbors have to say. J. Thompson – the Orchard applicant had a plan, a reason and explanation of what he is going to do. The applicant referred to with the barrels has no plan, wants to put them outside. Felger – this particular item is large and takes up a lot of space and it is a unique product. Borrell – felt he is doing something to keep things out of the landfill and he cannot make enough from them to move into a commercial area. Felger – they should allow him to fail.

D. Thompson – he felt those barrels sitting out there could be a mosquito breeding haven. Felger – from what he had seen at the site they were tipped and hold little water. He pointed to the amount of wetlands that are a much greater concern.

Riley – contractor’s yard limits were summarized. That allows limited outdoor storage for the purposes of storing equipment for the business that takes primarily off site. The items have to be out of sight. He noted the permit for the electrical contractor outside of Maple Lake. The Commission gave some permission for the number of vehicles and items outside. The intent is to limit the items and keep it screened. He asked if they required that of the barrel business, he would not want screening, the fence would not be acceptable to him. Felger does not want to stifle small businesses where they can grow and move into a more proper location. Mol – felt if that applicant would have shown more flexibility and may have gotten further. Borrell – felt the Commission could not have given him anything with the way the Ordinance is written. Mol – asked if they have some options. Kryzer – the Planning Commission is limited to what the Ordinance says, the Board of Adjustment can grant variances. Felger asked if he could have voted to approve the CUP for the barrel request. Kryzer stated they would have lost at the Board of Appeals, he would advised against approving that request.

Bravinder – stated he suggested this Workshop, because he would have to support the Ordinances on the books. He felt they should discuss to see if something like this could be approved. The barrels on the site are not visible from the road.

Riley – presented a business approved by a granite business. The Commission limited what could be outside with organization, storage and screening. After hearings, he rezoned and is building a 10’ high enclosed fenced area. Even with that level of business there was still some requirements for screening and organization. The applicant with the barrels did not think any standard should be applied to him. He is lucky he does not have close neighbors or there would likely have been objections. For some people, no matter how far you change the Ordinance it would not be enough. Mol that was an after-the-fact business and it bothers him when owners do not do things up front. Townships do not get the information before hand to make an informed decision like the information given the Commission prior to the meeting that includes the history.

Borrell asked if they could allow some outdoor storage like a contractor’s yard. Riley – that is a different Ordinance they do not need to change. Bravinder – the product in question are food grade barrels and asked if that is an AG product, some are used by the DNR. D. Thompson asked if they said enclosed structure or screened behind a fence if that would address the concern. Need to protect existing or future neighbors. Discussion on whether a fence would be acceptable for the barrel business. Felger – indicated he had suggested that at the meeting. Kryzer read the definition of a structure. He suggested they could require an enclosed structure or fence. Felger – he would not want to get to the point where it opens it too wide open. Don’t want a screen fenced area to replace a building requirement. Kryzer – a suggestion to 103 (c) extremely unique situations, the Commission may want to add limited areas in a fully screened fenced area. Riley normally it would have to be within 2,000 sq. ft., with that change the Commission could allow some items in a screened area. Felger – is no building a consideration.

J. Thompson – asked about a situation where the topography is not such that the items can be shielded from view. Riley asked are they suggesting screening from the road. Mol – when they are talking properly screened; does it mean 3’ pine trees, or solid fence. Borrell when it comes before the Commission that is when it could be decided. Properly screened it will leave some interpretation. Mol – if they are not specific they may come in with trees. J. Thompson – noted the topography has been brought up. She referred to a recent gravel operation near Delano where he could not have screened it with a fence. If a neighbor sits higher and looking down there is not a way to enclose it or screen it from sight. Felger – noted that is what they would review through the hearing. J. Thompson – questioned if they do not want some directive rather than all the responsibility to make those decisions. Felger felt they have that. J. Thompson – felt what is suggested is vague, noting screening could be trees like gravel pits that will die. Pederson stated he would not interpret screening as meaning trees, but a fence. These are residential lots with a home extended business and

need to consider how that screening might affect neighbors. There might be cases where it works. Leave the option open to what it means. Riley in the granite business they had mature lilac trees, but still required a fence. With just barrels, his advice is that trees around that would be adequate screening. Pederson each case might be different. Bravinder – if screening is required it will be determined by the Commission what it will be and where. Felger would agree those requirements could be flexible. Bravinder every situation is unique and felt the Commission should have some flexibility.

Riley summarized the consensus is the home extended business the intent means a building and in a limited situation, the Planning Commission can allow outdoor storage if it is properly screened. Mol – the word screening is not spelled out, the particular applicant could stack up the barrels and call those screening. The Commission has given him a year to figure out his business. Kryzer asked, does the Commission want trees or planting to qualify as screening. Mol – no, that is only satisfactory for a gravel pit. Kryzer – the applicants want to know what the criteria is. Borrell – asked what is the problem with requiring trees for screening? Mol – felt they need to consider the future of the property and the land surrounding it.

Riley and Kryzer presented pictures of a property near the Buffalo Township Hall that the County is cleaning up and that owner would gladly plant trees around it.

In summary, the change to allow some limited outdoor storage that is screened will be considered.

Meeting adjourned at 4:00 p.m.

BUILDING COMMITTEE

MINUTES

October 12, 2016

MEMBERS PRESENT: Potter, Daleiden

OTHERS PRESENT: Wilczek, Mattice

I. Public Works Deferred Maintenance & Remodel

Wilczek provided updates on the status of the architect work, the consultant work, and the shop area modifications. The architect's construction drawings were delivered from Nelson and distributed to the group for review and discussion. Daleiden noted the vending machines need to be relocated, but other than that it looks ok. Wilczek noted there will be a request to post the RFP for bidding and will be moving forward. The drawings for bidding of the sloped roof and window replacement is anticipated to be delivered 10/14/16 and will be going for bids thereafter.

Mattice requested having the building rekeyed when the highway department is fully moved out of the site. Mattice and Wilczek recalled the pricing to be approximately \$9000. It was also requested by Mattice to have the fabrication shop painted.

Daleiden asked when the mezzanine beam is expected to arrive and Wilczek recalled it was anticipated approximately 10/25. The shipment will include the beam material as well as the mounting clips to weld and associated hardware. Daleiden requested Wilczek confirm that date as to line up the welder to complete the installation.

Mattice confirmed the overhead door in the west wall of the service area and the door between the welding & wood shops have been installed. Loberg electric will be coming to the site to complete the wiring for the door opener and the project will be complete. Wilczek noted the spray foam insulation on the west and east walls of the 1998 addition will be started in approximately 1 week pending contractor scheduling. The contractor is finishing a large job at another site and the project is next on the list. To complete the foam work, an access opening will need to be cut into the ceiling of the entry vestibule and the cost to cut, patch, and paint finish is just over \$2000. Daleiden and Potter discussed the option of not repairing the opening for now and leaving it until the sheetrock crew is on site for the interior remodel project to repair.

Wilczek said he has been looking at lighting options as alternatives to replacing fixtures in the mezzanine area and installed some sample LED lamps to replace the ones currently in place. Steve Jobe and the surveyor department staff are reviewing the lumen output and the color for a retrofit selection. The replacement of the lamps is estimated at approximately \$1000 (depending on the type selected and rebate) and would save several thousand dollars over replacement of the fixtures. Wilczek also presented a lighting energy audit breakdown for the retrofit of all fluorescent bulbs at the site and the replacement of the fleet services, welding, and wood shop overhead light fixtures. The current metal halide shop lights are nearing the end of their useful life, burning 460 watts, and can be replaced with an LED fixture putting out more light and burning 173 watts for \$346 each minus available rebates. The payback on the shops is calculated at 3.57 years. The relamping of the site fluorescent bulbs to LED is a calculated payback of 3.08 years while reducing from 32wT8 lamps to 12w. Both projects can be completed by custodial staff and no electrician will be needed for the retrofits as the lamps & fixtures are plug and play with no ballast or wiring work.

Wilczek requested removal of the ivy growing on the walls near the west entrance of the site. The vines are

growing into the wall & roof systems, and into the shops. Everyone in attendance agreed it would be a good idea to remove the material to prevent water infiltration and potential degradation of the joints.

Recommendation:

It was recommended by Potter and Daleiden to continue to move forward with the windows and roof. Since the window project will be under \$100,000 and separate from the roof work, the scope will be bid separately and not posted. It was recommended to move forward on the rekey of the building and to complete the painting requested by Mattice with STS if possible. The lighting retrofit projects were recommended to move forward and complete given the short payback times and ability to install with in-house staff. Daleiden and Potter recommended leaving the vestibule ceiling access open until a sheetrock crew is on site for other work related to the remodel.

II. Compost Facility Storm Damage Repair

Wilczek noted the site was discussed at the 10/11/16 board meeting and there were no further updates since then. Wilczek will be obtaining pricing for the demolition of the tipping floor structure to discuss at a later date.

Wilczek noted the cameras for the compost area have been ordered per previous approval and will be scheduling the installation as they are available.

Recommendation:

No recommendation, updates only.
