County Highway 37 Bridge Pavement Markings and I94 Ramp Signal Revisions to Begin Soon City of Albertville

(Buffalo, MN) –

The Wright County Highway Department would like to inform the public of the following highway work that is set to begin on August 17, 2017 along the County State Aid Highway (CSAH) 37 bridge over I94 and the intersection of the I94 westbound exit ramp in Albertville, MN. The start date could change, depending on the weather.

Granite Ledge Electrical Contractors is the prime contractor for the work that includes pavement markings on the highway 37 bridge over I94 to create dedicated left turn lanes onto I94, and associated signal system revisions to accommodate the new turn lanes. The work is scheduled to begin on Thursday, August 17, 2017 and take about a week or so to complete, weather permitting.

Work will be completed under traffic, but there will be traffic control in place, so expect delays when driving through this area. Some of the work will occur at night, to avoid peak traffic times along the highway. Please drive safely and carefully through the work zone.

The Wright County Highway Department greatly appreciates your patience during the construction of the dedicated center left turn lanes on the highway 37 bridge over I94. Questions or comments regarding this project can be directed to the proper individuals by calling the Wright County Highway Department @ 763-682-7383 or toll free @ 800-362-3667 (ask for the Highway Department). Business hours are Monday through Friday, 8:00 a.m. to 4:30 p.m.

Please visit the following web site for future updates to this contract: <http://www.co.wright.mn.us/>

Thank you.
