

School Garden 101

Join us this spring for a series of weekend courses to help you start and maintain a garden. This class is for groups of school teachers, staff or parents who will tie garden learning to the classroom and food to the cafeteria.

Build gardening skills, Get Minnesota standards curricula and Plan an educational garden

This is a great course for every gardener-to-be, all grade levels, and existing or new school gardens. Gain continuing education hours while you connect to other schools and build your skill set for a fantastic garden.

DATE: April 19th and April 26th

PLACE: Discovery Elementary School
District Office Classroom
301 2nd Ave NE
Buffalo, MN 55313

TIME: 9:00am – 2:00pm

COST: \$20/person

\$60/group of 3-5

Each school is asked to send at least 3 people

Wright County Public Health and Live Wright have funds available to schools who are interested in building a school garden that is integrated into the school setting; food service, curriculum, etc... Under the Statewide Health Improvement Program (SHIP) grant, up to **\$3,500** will be available to each school that completes the School Garden 101 workshop and works with us to create their schoolyard garden.
